

**RULES AND REGULATIONS
GENERAL RULES (GR)
RULE GR-13
DISCONNECTION AND RECONNECTION OF SERVICE**

GR-13.01 GENERAL

This rule includes criteria for disconnection and reconnection of service, and temporary disconnection of service.

GR-13.02 DISCONNECTION CRITERIA

- A. The Utility may discontinue utility service to a customer based on the following criteria:
- 1) Non-payment of delinquent account.
 - 2) Unsafe or Detrimental Conditions
 - a. Condition determined to be hazardous.
 - b. Use of equipment in such a manner as to adversely affect the Utility equipment or Utility service to others.
 - c. Customer's equipment or the use thereof is determined by the Utility to be unsafe or hazardous or in violation of applicable laws, ordinances, rules and regulations.
 - d. Any condition existing upon the customer's premises that is determined to endanger the Utility's service facilities, personnel or public.
 - 3) Tampering with, damaging, or destroying equipment furnished and owned by the Utility.
 - 4) Unauthorized use of service.
 - 5) Failure to comply with conditions specified by the Utility and/or the Customers' application.
 - 6) Refusal to grant access at reasonable time to equipment installed on the premises of the customer for the purpose of inspection, maintenance or replacement.
 - 7) Violation of and/or non-compliance with the Utility's rules and regulations and construction standards.
 - 8) Failure to Establish Credit
 - a. If, for an applicant's convenience, ~~the Utility should~~ should the Utility provide service before credit is established in accordance with Rule GR-16, Establishment and Re-establishment of Credit, and the customer fails to establish credit, the Utility may discontinue service after written notice of not less than three (3) business days.

GR-13.03 DISCONNECTION OF SERVICE

- A. Service may be temporarily disconnected in any or all types of Utility Service at the request of the customer, and at such reasonable time as designated by the customer. There shall be a reconnect fee as described in the Fee Schedule.
- B. When a customer desires to disconnect service, the customer shall give the Utility not less than two business days notice of intention and state the date on which customer wishes the disconnection ~~become~~ should be effective. A customer shall be held responsible for all service furnished at the premises until two (2) days after receipt of such notice by the Utility, or until the date of termination specified in the notice, whichever date is later.

GR-13.04 DISCONNECTION OF SERVICE NOTICE PROCESS

- A. A Disconnection of Service Notice shall be submitted for non-payment of bills, or other factors as described in this rule. The initial notice shall be submitted with the customer's bill.

- B. The first collection step shall consist of the following statement imprinted on the second bill issued.

**** YOUR ACCOUNT IS PAST DUE ****

This is a reminder to the customer that payment was not made in full on the previous bill.

- C. Any utility bill remaining unpaid forty (40) days from the bill date of the first unpaid bill shall receive a discontinuance of service notice indicating the amount past due and the anticipated date of termination. This termination date shall be not less than fifteen (15) days from date of notice. This notice shall indicate that payment in full or payment plus satisfactory payment arrangements must be made prior to the termination date if service is to be continued.

This notice shall be delivered to the affected customer in person or by depositing a copy of the notice in the U.S. Mail, postage prepaid, addressed to the customer at the same address where they receive their monthly bills.

- D. Three (3) days prior to the date for discontinuance, if payment or arrangements have not been made, a final notice shall be posted at the residence or place of business indicating the date services shall be terminated if payment has not been received by that date or corrective action has not been identified.
- E. Two (2) days prior to the discontinuance date the Utility shall attempt to contact the customer to ensure the customer understands the date service shall be discontinued if payment is not received or corrective action not identified.

GR-13.05 DISCONNECTION PROCESS

- A. Normally Initially the Utility will initially disconnect only the electricity. If the Utility considers it more prudent to disconnect a different service instead, for example to maintain heat when below freezing temperatures are forecast, and if doing so is practical, the utility will disconnect water service instead. If, for a period of five (5) days after the disconnection of ~~the~~ electricity (or water), there is no communication from the customer, the Utility will disconnect other utility services. After the other utility services have been disconnected, a letter will be issued giving the customer ten (10) days to settle the account. If the account remains unsettled, the Utility will take appropriate action deemed necessary to collect the outstanding balance including ~~contracting with~~ submitting the account to a collection agency and or filing a lien on the customer's property.
- B. Liens are permitted under NMSA 3-23-6.
- C. The Utility will take any of the actions authorized pursuant to this section against the property owner in the event that a tenant vacates the premises without payment of Utility.

GR-13.06 RECONNECTION FEES

- A. The fees for reconnection of service shall be applicable for services disconnected for failure to comply with this rule. Fees are included in the Fee Schedule section.
- B. In the event the Utility's equipment has been damaged or additional expense is incurred to restore service, the Utility shall charge the customer the full cost for recovery of labor, material and equipment.
