Interests & Experiences

Which Boards would you like to apply for?

Environmental Sustainability: Submitted

Why would you like to serve on this particular Board or Commission?

In recent years my passion for environmental sustainability has expanded to a point that I'm no longer satisfied just continuing my individual efforts - I want to be involved at a community/government level so I can make a difference in a bigger way. In other words, I care deeply about our planet and our community and I want to play an active role in the change movement.

What volunteer or professional activities have you participated in that could apply to this appointment?

I served for four years as the Marketing Manager at Del Norte Credit Union. I'm excellent at communication through a variety of channels which can only help the Board's efforts - specifically written/verbal content/Web site creation/publicity/social media/research/project management. I also participated in Leadership Los Alamos - exposing me to a variety of Los Alamos leaders and community related information. I currently serve as the Vice-President of Alpha Zeta - a charity sorority committed to good works in our community (I've also served as Treasurer and Adopt a Family Chair). I currently own and operate a small business, Ardeo Natural Skincare, LLC. I handcraft and sell skincare all over the U.S. Starting a small business requires all kinds of skills that could come in handy. My best asset is my ability to fit into a team atmosphere and work proficiently. I'm a good mixture of get it done and have fun doing it. I've also spent time as an educator. I've taught classes on a variety of financial topics and business classes at UNM-LA. Education is a HUGE component when it comes to sustainability. I also spent a year as a bartender - making me an asset at parties if we have any (joke ;).

The time involved may be 10-15 hours per month or more. Are you able to serve the volunteer hours and attend training needed to perform your duties as an appointee?

Yes! I'm a stay at home mom and have a wonderful husband who knows I'm crazy about everything sustainability and supports me in my efforts. (He watches the kids).

What would you like to accomplish during your tenure on this Board or Commission? (Please identify any special interests you have that led you to become interested in serving on this Board or Commission.)

I love the brush roll cart idea. I have a huge yard and fully take advantage of the Bulk and Brush Program. I'd love to see that expanded. So much can be composted. I'm also interested in reducing overall waste/increase recycling through education. I'd love to explore the possibilities there. I also see a huge need for education regarding recycling (there is so much put in those carts that shouldn't be there and it drives me crazy). I'd also like to connect with like-minded people and expand my knowledge in this arena.

Have you had any direct or indirect involvement with this Board or Commission or with the County staff supporting this Board or Commission or County Councilors? If so, please explain.

Not that I know of.

Are there any issue or matters, financial or otherwise, that you are now or might become involved in that may come before the Board or Commission for which you seek appointment?

No.

If you have any questions, please contact Libby Carlsten at 505-662-8261 or libby.carlsten@lacnm.us
