Attachment A

Transportation Board Activities

Greatest Challenge:

Recruiting new members to fill
Board vacancies.

Special Projects

Review and monitor major construction and renovation plans for transportation facilities such as roads, streets, multi-use pathways, sidewalks and trails, airport, and public transit. Identified ongoing and upcoming projects to include:

- A. A-19 Development
- B. NM502 Improvements design/construction
- C. Road Safety Audit at 20th Street and Trinity
- D. Design replacement traffic signal at Oppenheimer and Trinity

Special Projects (continued)

- E. Extension of Canyon Rim Trail from Smith's Market Place to Los Alamos Medical Center
- F. N. San Ildefonso ADA Sidewalk – review design plans and provide comment

Special Projects (continued)

- G. Airport Fence Replacement Design
- H. Americans with Disabilities Act (ADA) Signage
- I. Citizens' Petition – Urban Bike Path

Goals & Tasks

- Identify common and/or interrelated issues/opportunities of interest that may exist between the Transportation Board and other County Boards and Commissions and propose collaborative work sessions or training.

Goals & Tasks Continued

- Continue working with the Environmental Sustainability Board regarding the transportation component in the Environmental Sustainability Plan.
- Maintain awareness and responsiveness to airport issues, including transportation to and from the airport.
- Bike to Work Day.

Goals & Tasks (continued)

- Utilize Legistar to track Transportation Board motions and action items from initiation to completion.
- Facilitate implementation of road and parking lot design standards that minimize untreated storm water run-off.
- 2017 Bicycle Transportation System Plan.
