Subject: Quotation for Heavy Duty Low-Floor Diesel Transit Buses

Dear Mrs. Granillo,

New Flyer is pleased to submit an option price quotation for one (1) 30' Diesel stock bus (SR-7022, 2015) based on New Flyer's contract with the State of New Mexico.

The proposed bus is technically configured as detailed in Section-10 and as similar as possible to SR 7018/7036 and based off the contract with the State of New Mexico, including additional changes listed under Tab 2 of our proposal submission.

The price per one (1) bus is **\$ 324,737.81** .

We want to take this opportunity to highlight key elements of our proposal:

**Warranty:** New Flyer exceeds industry standard warranties in many areas such as a base bus warranty of 2 years/100,000 miles (standard is 1 year/50,000) and our chassis structure warranty is 12 years/500,000 miles. Please refer to Section 3 of our proposal for information regarding our warranty proposal.

**Training:** New Flyer Training is an organization within the New Flyer Customer Services group – a division of New Flyer Industries. As a part of the leading manufacturer of heavy-duty transit buses in the United States and Canada, we have access to top design, engineering, propulsion technology and electrical systems professionals. This enables us to offer the service and expertise to maximize the lifetime value of your fleet. Please refer to Section 4 of our proposal for our training proposal details.

**Publications:** Our New Flyer Publications professionals combine extensive, hands-on technical experience with exceptional writing, illustrating and publishing skills to create the industry's benchmark in maintenance manuals. Supplying accurate information in a timely manner assists the customer in the performance of proper bus maintenance, which in turn, adds to the overall reliability and lifetime value of each New Flyer bus on the road. Please refer to Section 5 of our proposal for details.

**Tooling and Diagnostics:** Please refer to section 6 of our proposal for our Tooling and Diagnostic proposal package.

Attachment A

**Spare Parts:** Please refer to Section 7 of our proposal (Spare Parts are not included in this price offer).

**Delivery Proposal:** New Flyer is proposing a complete delivery within 6- weeks from the arrival of the ordered equipment, based on receipt of a Notice to Proceed within 30 days of this submission.

**Payment Terms:** Following the terms and conditions of New Flyer's contract with the State of New Mexico our proposed payment terms are as follows:

- Payment terms are Net 30 days
- Acceptance is within 15 days of delivery

This is a very important project to us as it allows us the opportunity to continue to build on the strong relationship we have enjoyed with the State of New Mexico. It also affords us the opportunity to deliver to you, once again, some of the most advanced vehicles available in North America. We thank you for your continued interest in New Flyer products and look forward to working with you in the near future.

The quotation is open for acceptance for thirty (30) days and conditional on New Flyer receiving the necessary Purchase Order (PO) in a timely manner. Please indicate your acceptance by signing and returning a copy of the Price Change Summary to New Flyer, attention Amy Schreiner, Business Segment Director by fax at: (204)-224-4214.

Sincerely,

Ron Yannai  
Technical Sales Manager  
Sales & Marketing Department  
New Flyer
