

General Information

All County Board and Commission members must be residents of Los Alamos County.

Once a resident fills out and submits this application, an interview is scheduled with the B&C's County Council liaison, the relevant staff liaison, and the B&C Chair. After the interviews, the applicants' names are presented to the full Council during a regularly scheduled Council meeting, where a vote is taken regarding the appointment of each applicant. Each applicant will be notified if they are appointed or not.

Only on-line applications will be considered.

If you are interested in applying for the Board of Public Utilities, please contact Jamie Kephart at 505-662-8132.

If you are interested in applying for Labor Relations Board, please contact Denise Cassel at 505-662-8047.

Profile

Board and Commission Application

Note: Please be aware that as a public entity, the County of Los Alamos, is obligated to furnish this information to the public if requested. Note also that current LANL employees, if appointed to a Board or Commission, may be required by LANL to complete a 701 form.

How did you learn of this Board/Commission vacancy?

Do you currently serve on any County Board or Commission?

☐ Yes ☒ No

no

If yes, which one? (Los Alamos County law prohibits residents from serving concurrently on more than one County board except as expressly approved in writing by the County Council before the appointment is made.)

Interests & Experiences

Which Boards would you like to apply for?

Environmental Sustainability: Submitted

Why would you like to serve on this particular Board or Commission?

I have appreciated the work that the environmental sustainability board has been doing in Los Alamos County. I believe the work this board does helps us to build our community doing things like the LA clean up day and the recycle fashion show. I love the recycler of the year award, and as a mom of teenagers I think the environmental sustainability board has a lot of opportunities to partner with the youth in our community to participate with and inform our government on our shared values of reducing our negative impact on the planet and supporting grass roots innovations that model the future of sustainability. I also believe that it is important for our community to talk about the "little things" that we can do that can serve as a model for other communities and make a bigger positive impact on our environment in New Mexico. It also feels important to me that Los Alamos is the community that leads this in New Mexico, since we have such a complicated and unique history. I am also interested in how our recycling and natural waste programs work and how we can improve this.

What volunteer or professional activities have you participated in that could apply to this appointment?

I am a nurse practitioner and an assistant professor at UNM and I have my doctorate in nursing with an emphasis on transitional research and quality improvement leadership. I am a pocket environmentalist on the side. What I could bring to this board are good secretarial and project organizing skills and models for implementing evidence based practices in new situations. I am not an environmental scientist, and so would not be bringing expertise in terms of policy and best practices to this committee, but I love to think, learn, read and am interested in these subjects. I have four years of service on two non profit boards as president, treasurer and secretary, plus leadership experience in my profession.

The time involved may be 10-15 hours per month or more. Are you able to serve the volunteer hours and attend training needed to perform your duties as an appointee?

yes, I have a flexible work week and am available for meetings and trainings, except I work in ABQ on Mondays and Tuesdays and so I can't go to Monday night meetings.

What would you like to accomplish during your tenure on this Board or Commission? (Please identify any special interests you have that led you to become interested in serving on this Board or Commission.)

I am interested in the ongoing work of the board in terms of developing partnerships, engaging with youth, defining and educating ourselves on what environmental sustainability means, working with he current recycling and natural waste programs and thinking about best practices moving forward and hosting public events like the recycler fashion show.

Have you had any direct or indirect involvement with this Board or Commission or with the County staff supporting this Board or Commission or County Councilors? If so, please explain.

No

Are there any issue or matters, financial or otherwise, that you are now or might become involved in that may come before the Board or Commission for which you seek appointment?

none

If you have any questions, please contact Libby Carlsten at 505-662-8261 or libby.carlsten@lacnm.us
