As a resident of Los Alamos County since 1991 and as an avid golfer, I view the Golf Course as an invaluable resource for the residents of the region, not just the residents of the County. The Golf Course contributes to the quality of life in Los Alamos as a recreational facility as well as open, green space. For these reasons, I am motivated to contribute my time and experience to actively promote the long-term sustainability of this facility. I have broad experience as a Project Manager, Facility Manager and in the construction industry. With this experience, I am ready to provide a unique and valuable perspective to the team charged with managing and operating the Golf Course as well as the Parks and Recreation Board.

Having been a resident of the County and an active golfer in Los Alamos for about 25 years, I also provide the perspective of a user of the facility. I believe I can represent the concerns of the golf community as well as speak to the concerns of County residents that may not be as invested in the facility as the golf community.

Key issues facing the subcommittee:

- Protecting the investment in the facility
- Promoting and increasing usage
- Effective implementation of CIP funds
