

LOS ALAMOS

Los Alamos County Strategic Leadership Plan 2017 Update

What will the Los Alamos community look like in 20 years? Will our unique combination of science and setting continue? Will we have preserved our small town atmosphere and natural surroundings? Will there be plenty of affordable neighborhoods and an excellent educational system?

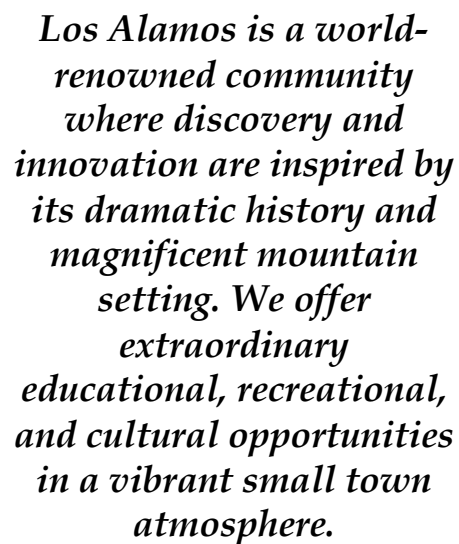

To accomplish these priorities and more, Los Alamos will need a strong leadership vision that serves as a basis for policy formulation and goal-setting. A flexible road-map is required, which will provide direction not only to the County enterprise but the community as well. The strategic focus areas or issues that will shape the County's future must be addressed with dynamic leadership commitment.

For these reasons the Los Alamos County Council developed a 20-year Strategic Leadership Plan to help guide the community into the future. The Plan includes a shared vision for what the community can become. In support of the vision, strategic focus areas were identified along with actionable goals to help measure success.

The Los Alamos community has volunteered countless hours of service to assisting the Council with its visioning and goal setting. The Strategic Leadership Plan incorporates the past work of community volunteers where at all possible. The plan builds upon the foundational work developed by the Los Alamos community and adopted by the County Council.
