Community Development Advisory: Submitted

Why would you like to serve on this particular Board or Commission?

I have been following the issues surrounding CDD's code enforcement practices since October 2017. During that time, I've met with Councilors, county staff, and members of the community in search of mutually agreeable solutions. I have reviewed many actual NOVs, and my perspective has evolved as I've gained new information. I remain convinced that the problems within CDD and between CDD and the community are not insurmountable. Joining this board is the next logical step in attempting to develop sustainable solutions.

What volunteer or professional activities have you participated in that could apply to this appointment?

As current Vice Chair of the Art in Public Places Advisory Board, I am familiar with the process of developing and executing a B&C work plan. On APPB, I have helped gather public input, adapted Board plans based on the Charter as well as guidance from the county legal department, and considered issues from the perspective of community benefit and long-term outcomes. I would also describe the time I have spent educating myself about Los Alamos code enforcement as a volunteer activity that applies to this board. In addition to speaking to residents and interacting with Councilors and staff, I have reviewed hundreds of NOVs issued between December and March and looked closely at the relevant codes. While this means I do have preexisting opinions about the situation, those opinions are grounded in a direct assessment of CDD's own documentation, rather than information from social media, CDD's self-assessments, County Manager reports, or three-minute public comments. As a result, I am prepared to communicate with Council and CDD using facts and examples rather than speculation and summary.

The time involved may be 10-15 hours per month or more. Are you able to serve the volunteer hours and attend training needed to perform your duties as an appointee?

yes

What would you like to accomplish during your tenure on this Board or Commission? (Please identify any special interests you have that led you to become interested in serving on this Board or Commission.)

Residential code enforcement can play an important role in the community, and I hope that during my time on the Board I can work with other residents to recommend to Council changes in codes, policies, and procedures that will ensure CDD works with and for the community. That said, I expect starting a new Board will be a rocky process. It will likely encounter bureaucratic obstacles, a learning curve for members who are new to public service, and the challenges of reaching consensus on Board priorities to form a Work Plan. In addition to clarifying the code and recommending ways for Council to improve CDD practices, I would like to help ensure the Board establishes a strong foundation for future citizen oversight and resident input. My special interest in joining this Board: I have been involved with this issue for many months, and I would like to follow through in a more formal context to help bring a difficult situation to a sustainable path forward.

Have you had any direct or indirect involvement with this Board or Commission or with the County staff supporting this Board or Commission or County Councilors? If so, please explain.

Yes. I met with Councilors Chrobocinski and Maggiore in early 2018 to discuss the ordinance that implemented this board. I have sent a number of emails to Council on this topic, and I have met with Paul Andrus and Michael Arellano, as well as individually with several Councilors. I did a 2.5 hour "ride along" with Michael Arellano in December 2017 to look at examples of violations and to hear his perspective. I have also reviewed many NOVs retrieved through IPRA requests. I am also a volunteer for Christine Chandler's campaign for state house.

Are there any issue or matters, financial or otherwise, that you are now or might become involved in that may come before the Board or Commission for which you seek appointment?

In the current climate, literally everyone in the county has "issues and matters, financial and otherwise...that may come before the Board or Commission for which you seek appointment." However, I have never received an NOV, so I anticipate no personal conflicts with the Board's responsibilities.

If you have any questions, please contact Libby Carlsten at 505-662-8261 or <a href="mailto:libby.carlsten@lacnm.us">libby.carlsten@lacnm.us</a>
