Per our conversation, it is my understanding that a restaurant with a liquor license has previously been in operation at this location. It is simply undergoing a change in ownership. I also note that there is a letter of no objection from the church and that a waiver has been previously granted. Based upon this information, conducting the hearing on Sept. 4<sup>th</sup> should be fine.

Therefore we should push back the public hearing to the September 25<sup>th</sup> meeting instead of going ahead with the public hearing at the September 4<sup>th</sup> meeting?

Does it appear that there will be any objections to the issuance of the license? If no, then yes, I will grant the waiver of the 30-day publication requirement. If it appears that this license/location will be contentious, then it is better to err on the side of giving adequate notice to the public and pushing back the hearing date.

Director Lopez,

On August 9<sup>th</sup> we received Appl. No. 1100654 for BBQubed LLC dba Bobs Bodacious, it is on our Council Agenda for public hearing on Tuesday, September 4<sup>th</sup>, we published in our local paper (LA Dailypost) on August 16<sup>th</sup> and again on August 23<sup>rd</sup>, however by publishing on those dates we did not meet the 30 day prior to the hearing. Our next regular council meeting is not until September 25<sup>th</sup> which if we moved the public hearing to that date we would then miss the 45 days that we have to have the public hearing.

Can we request a waiver for the publication notice so we can keep the September 4<sup>th</sup> public hearing date or a waiver for the 45 days waiver and change it to September 25<sup>th</sup>. The items is ready and complete to go on September 4<sup>th</sup>.

Thank you and I look forward in hearing from you.

Jackie
