1.0 Provide a brief Summary of your Board or Commission's activities over the past twelve months. Please describe your Board or Commission's accomplishments and identify constraints. List any "lessons learned" and identify the greatest challenges faced by the Board or Commission.

Activities:

Supported the Parks and Recreation Board's (PRB) FY20 Work Plan that is linked to Council goals and priorities for the support of new and existing recreation facilities, activities, and Open Space in Los Alamos County (LAC).

- Annual review of PRB subcommittee charters
- Received updates on the Pajarito Ski Area Land Transfer
- Reviewed and made recommendations about future North Mesa Stable operations
- Discussed existing and potential future improvements in camping, RV use, and RV storage facilities in Los Alamos County
- Served as focal point for community discussions of Family Friendly Flow Trail
- Discussed County Manager's proposal regarding closing off the entrance to Hell's Hole
- Supported installation of flag pole at Ashley Pond

Continued to support the Los Alamos County Comprehensive Plan, including Open Space Plan recommendations.

Identified needed/anticipated interfaces with the Tourism Implementation Task Force for the achievement of common goals.

- Tourism Strategic Plan review
- Collaborated on shared Open Space goals
- Formed working group with TITF to evaluate and plan events that overlap between PRB and TITF

Identified the needs and efforts for public involvement and informing the public.

- Supported Council's lead for public input and involvement on proposed Capital Improvement Projects, including involvement with subcommittee focus groups, listening sessions, and presentations.

Accomplishments:

- Recommended to Council that Capital Improvement Projects move forward, as supported through a collaborative public process
- Completed Ballfield Assessment, with advisory recommendations
- Recommended a section of the Pueblo Canyon Rim Trail be named after Jim Billen
- Reviewed LA Golf Course issues: safety at Diamond crossing, signage, fees, etc.
- Reviewed LA Ice Rink stick & puck program and shade structure plans
- Supported cross-country ski trail grooming at LA Golf Course
- Reviewed 37th Street Playlot upgrade plans
- Improved recruitment for the subcommittees and PRB
- Established Equine and Livestock Advisory Subcommittee to address North Mesa trail issues and other topics

- Supported the Bicycle Transportation planning efforts
- Reviewed and supported a demonstration project for canyon restoration beginning at the upper limits of Graduation Canyon
- Focused PRB subcommittees on areas of their charters that support the Recreation CIP and other initiatives

Constraints:

- Navigating communication and coordination with Board members, subcommittees, Council, the public, and other Boards and Commissions
- Dealing with uncertainty over CIP vis-à-vis budgets and LANL's GRT status
- **Coping for much of the year without a Parks and Recreation Division Director**

Lessons Learned

- Communicating motivation for actions (staff & PRB) to ease public concern; e.g., explaining to concerned parents the reasons for a playground's slide being replaced
- Fostering effective communication between all parties so that everyone feels heard
- Managing timing on projects that need public input, so that the public has specific plans in front of them with concrete options for review: e.g., a matrix of Flow Trail options with each option analyzed by an expert and listing pros and cons

Greatest Challenges

- Increased involvement with County Council to support park, recreation and open space needs
- Project delays and deferred maintenance due to limited budgets and GRT uncertainty

2.0 Describe the future work plans for this Board or Commission using the following items and showing the relationship to those items: *(Please remember that Council approval of this work plan does not constitute official Council approval of proposed projects, assignments, or anticipated recommendations included in this work plan that have budget implications.)*

2.1 List any special projects or assignments given to this Board or Commission by Council or the Department director:

- [Some additions from Mr. Ryti expected here]
- Participate as needed and requested in support of the Council's CIP next steps process in regard to CIP decisions related to recreation facilities. Participate in the project scoping process of individual recreation initiatives.
- Facilitate communications on the Flow Trail project
- Based on Ballfield Assessment recommendations, provide continued public updates on progress and next steps for Overlook Park and North Mesa Sports Complex

- ~~• Meet with Community Services Department Director and other LAC Board and Commission Chairs as requested for discussion and information sharing-I'm going to propose deleting this as unnecessary/obvious~~
- Participate as needed and requested to support the Tourism Strategic Planning effort
- ~~• Meet with the Los Alamos Historic Preservation Advisory Board on Historic District boundaries and operational changes necessitated by such-I'm going to suggest chopping this, too, as it's just been sitting in Work Plans for a while and never (as far as I know) gets acted upon~~
- Assisting as needed on school-based programs and facility discussions

2.2 List the guiding documents/plans (with approval or revision dates listed) used by this Board or Commission.

3.0 Identify any interfaces for the goals/tasks in this work plan with County Departments and other Boards and Commissions. Specify the coordination required.

To effectively address the goals and tasks outlined the Board will incorporate input from the listed Boards and Commissions. The integration of these diverse perspectives will produce collaborative project outcomes. The Museum Campus Wayfinding Projects and the Site Improvements for Ashley Pond are good examples of the type of interfaces needed between the listed Boards and Commissions.

When a vacancy or upcoming vacancy on a sub-committee is determined the following shall occur:

- 1) A verbal or written notification will be given to current members who are eligible for reappointment to submit their intention to be reappointed. A new application is not required unless applicants choose to update it.
- 2) Parks, Recreation and Open Space staff shall send a public service announcement (PSA) informing the community of the vacancy.
- 3) New applications will be taken at the Parks, Recreation and Open Space Division Office and given to specific subcommittees.
- 4) Recommendations along with copies of all applications shall be submitted to PRB for discussion and appointment.
- 5) Letter informing all applicants of the appointment shall be mailed.

- 6) If there is more than one applicant for a position on a subcommittee, an interview process should be followed. The interviews should be conducted by the Parks and Recreation Board members with recommendations (as to the applicants) from the subcommittee members. This will allow for diversity and eliminate the self-perpetuating selection by the subcommittee of its members.

The need for advisory subcommittees of the Parks and Recreation Board is evaluated and approved annually by the board on interest by the public in the various operations of the Parks, Recreation and Open Space Division. Subcommittee may be eliminated, added or reconfigured as the need arises, following the procedures identified in the BCC Procedural Rules. Currently, there are four subcommittees – Aquatic Advisory Subcommittee, Golf Course Advisory Subcommittee, Ice Rink/Recreation Advisory Subcommittee, and Open Space Advisory Subcommittee. Even though some of these subcommittees are long term in their function, their existence is based on the annual review by the Board. Due to the potential short life of all or any one subcommittee, the Parks and Recreation Board has approved the appointments from interested citizens on an as needed basis. New subcommittees created by the Board and approved by County Council have members on the subcommittees that are approved by the Board.
