IV. BUSINESS

Leisure Pool. Terry, Shelby and Irene Powell (former ACAS member) attended the County Council meeting on May 7 to ensure the previously approved budget of \$6.5M was restored. This was not a problem, as the media erroneously reported that the budget was reduced. They also referred to the new facility as a “Leisure or Multi-generational Pool,” rather than a “Kiddie Pool,” hoping that this name will stick.

V. ROUND TABLE

Wendy reported that two teams are coming this month for high altitude training. One is from Dallas and the other from Clovis, California. They will be paying the increased lane rental fees of \$9.25/lane/hour for short course and \$20.75/lane/hour for long course. Some of these swimmers may be entering the Nick Nogar Invitational, June 22-23. There are six “Splash-N-Dash” events scheduled beginning May 30, sponsored by the Triatomics. These occurs immediately after the Aquatic Center closes at 7 pm. A Dive-In movie event is planned for Friday, June 14.
