Call for Art

The APP Board put out an open call for art in February of 2018. We received and reviewed 20 submissions. We have completed one project and are currently pursuing 2 more of those submissions that we hope to add to the county art collection in the near future.

Challenges and Lessons Learned

Collection Management is becoming an issue as our public art collection has grown to over 200 pieces. We are recognizing the need for a better database system for organizing photos, contracts, etc.

The public archive website is a great way to promote tourism and to simply give the public access to our collection. Getting permission from the artists to allow us to publish their art online has proven to be more time consuming than we expected.

Collaborations and Working Relationships

APPB works closely with Parks, Public Works, and Facilities regarding placement, installation, lighting, and landscaping.

Sculpture Smart; a Santa Fe based company, is contracted with the county to clean and maintain outdoor sculptures.

The Board collaborates as needed with other Boards, Commissions, and departments.
