

Memo

To: Transportation Board
Harry Burgess, County Manager
Jon Bulthuis, Acting Public Works Director

From: Juan Rael, Traffic & Streets Division Manager

Date: October 3, 2019

Re: FY20 Revisions to the Snow & Ice Control Plan

Below is a list of changes made to the FY 20 Snow & Ice Control Plan. These changes were made in discussions with other County employees, the Transportation Board, along with discussions and meetings with County residents.

- Page 7, changes made to reflect current non-daily commercial air service. The airport's designation as Priority 2 remains unchanged
- Page 15, KASA Channel 2 (FOX) www.kasa.com was deleted as this website is now longer in service and this station is now part of KRQE www.krqe.com
- Page 20, Note 2 added: *If bicycle lanes are present on a Priority 1 street, it will be plowed when the Priority 1 street is plowed. However, if extra attention is needed in certain locations i.e. the concrete wall barrier near the High School, this additional attention will take place during the mop-up operations.*
- Page 25, *Motorists Responsibilities* Section heading title changed to *Motorists, Bicyclists, & Pedestrians Responsibilities*
 - Aside from the title change, this section remains unchanged and talks about how snow and ice may create hazardous conditions and motorists, bicyclists, & pedestrians must use additional caution during snow events
- Page 26, reference added to *bike lanes* to show consistency with Priority 1, Note 2 (above)
