Briefly state your reason(s) for wanting to serve on this committee and please give any background information and/or prior experience pertinent to this position.

As an avid outdoorsman and outdoor recreationalist, I am passionate about preserving public access and enjoyment to public land. I would like to act on this passion by giving some of my time to preserve and improve access and enjoyment of these lands.

Briefly state your understanding of the key issue(s) facing this subcommittee.

I am still relatively new to the area, but my understanding is that the main objectives are preserving the quality of open space by mitigating human impact (runoff, e.g.) and maintaining health of the environment in open spaces. Wildfires: mitigate strength of wildfires and protect the town from impact should they occur. Trail maintenance: development of new trails and lookouts, and balancing opportunity among various trail users (hikers, runners, bikers, and equestrians).
