1.0 Provide a brief Summary of your Board or Commission’s activities over the past twelve months. Please describe your Board or Commission’s accomplishments and identify constraints. List any “lessons learned” and identify the greatest challenges faced by the Board or Commission.

Activities and Accomplishments

White Rock Branch Library - “Kites of Many Colors” was installed in April 2019 by artists Thom Norris and Eric Markow. Dedication and reception held April 28.

Airport - Don Taylor photograph “From Los Alamos Looking West” was installed in the airport lobby.

Nature Center - Richard Swenson donated sculptures of two lizards, installed at the Los Alamos Nature Center in May 2020.

Maintenance and Plaques – APPB members regularly track and facilitate maintenance of the County’s existing collection, such as the repair of "Brown Trout" in Ashley Pond Park and the base of the sculptures of Oppenheimer and Groves outside Fuller Lodge in the last year. The board continues to order and install plaques for new art works, as well as replace old or missing plaques as part of maintaining the collection.

Call for Art - the Board continues to follow up on proposals from the 2017 Call for Art. Proposals were received from Eric Thelander, Maria Jonsson, and others.

Public Education/Outreach Efforts – The Board has noted that the source of APP funding, the restrictions on its use, and the process by which public art projects are developed, recommended and approved, are unclear to many members of the community. The board looks for opportunities to inform the public about its roles and responsibilities, and the enabling County ordinance, whenever they can. In the past year, board members hosted an APP informational table at a summer Farmer’s Market, provided pictures/information to the LA Daily Post, and the APPB Chair provided explanatory information about the APPB in the opening remarks at each dedication event. The public art collection is also periodically promoted on the Community Services Department’s Facebook page.

October 2019 – Evening of Arts and Culture – “Month of Arts and Culture.” The board hosted a table during the event and handed out information about the public art collection and answered questions about the work of the board. The County published a booklet/informational guide with information about all the artistic and cultural events in the community during the month of October. It was well received.

Challenges and Lessons Learned

- While the Board makes every effort to budget appropriately for County staff assistance, and very much appreciates the help, we must also be aware that other County priorities may take precedence, and projects may not be completed according to the Board's timeline. With this in mind the Board should use private contractors whenever possible, with appropriate county oversight, to avoid lengthy delays in project completion.
- APPB receives strong, high-level County staff and administrative support, including developing and negotiating contracts for maintenance and commissions, researching and drafting policies, and acting as liaison with County departments. However, this support is not unlimited, and it is incumbent upon the Board to realistically prioritize and manage their projects.
- It remains the case, apparent from some public input, that the source of funding for public art, the restrictions on its use, and the process by which public art projects are developed, recommended, and approved, are unclear to many members of the community. The Board will continue their efforts to inform the public about its roles and responsibilities.

2.0 Describe the future work plans for this Board or Commission using the following items and showing the relationship to those items: *(Please remember that Council approval of this work plan does not constitute official Council approval of proposed projects, assignments, or anticipated recommendations included in this work plan that have budget implications.)*

2.1 List any special projects or assignments given to this Board or Commission by Council or the Department director:

- Meet with the Community Services Department Director and other CSD Board Chairs as requested, for discussion and information sharing.
- Participate as needed and at the appropriate time with the proposed Capital Improvement Projects for any public art opportunities.
- Conduct public outreach activities after the art collection is added to the "Public Art Archives" to develop both the public's interest in art and a better understanding of how public art is funded. Some suggested activities are: developing a prominent link to the PAA on the County's web site, staffing the County table at the Farmer's Market, giving talks in schools, to civic groups, and at the Senior Center lunches – or providing articles or photos (daily postcards) to the Los Alamos Daily Post, the Los Alamos Monitor, and the Los Alamos Reporter.

2.2 List the guiding documents/plans (with approval or revision dates listed) used by this Board or Commission.
--

- APPB enabling legislation in the County Code
- APPB Policies and Guidelines – Approved by Council on August 30, 2016
- Contractual relationships for sculpture maintenance
- Contractual agreements with artists
- County Comprehensive Plan and Master Plans related to land use

2.3 Other projects/assignments proposed by the Board or Commission: (<i>Any projects or activities proposed in this section should be discussed with the Council Liaison prior to listing it in this work plan.</i>)

Administrative Activities

- APPB Inventory – APPB has identified and recommended a collection management database specifically designed for accessing and managing the inventory of public art collections. As of June 2020, this project requires administrative action outside of APPB to move forward.
- APPB Identification of Artwork Maintenance and Repairs – Each member of the board has taken responsibility for a specific section of the art collection, regularly inspects their section, and reports bi-annually to the entire board about any needed maintenance or repairs. The board as a group then prioritizes the maintenance needs for the entire collection.
- Public Art Web Presence -- The Board has researched and gotten approval from TAG (County's Technology Group) to move forward with "Public Art Archive," an on-line database subscription service that will allow the County to provide user-friendly public access to the Los Alamos County Public Art Collection. This database option will provide an instant web presence (without having to develop it ourselves) that is easily searchable, can be viewed on mobile devices, and is connected with Google maps. Board members have secured permission from many artists, their representatives, or their next of kin, and as of June 2020, this project requires administrative action outside of APPB to move forward.
- Plaques – In conjunction with inventory updates, plaques will be ordered with a goal of having all art in the County collection properly labeled.

Marketing and Communications

- Public Information - the APPB will continue to look for opportunities to inform the public about the public art collection, the APP funding, and the process the board uses to select and recommend public art pieces.
- Web Presence – Coordinate efforts to place the County’s public art collection on the web via Public Art Archives, a free on-line database service. After the collection is listed on the PAA – develop a prominent link to the PAA on the County’s web page.
- Open Forum – The APPB has successfully used the County’s Open Forum for soliciting public input in the past and will continue to use it in the future, when appropriate.

Current/In-process Projects

- Evelyn Rosenberg commission (approved by Council)
- Relocation of Apache Harvest statue to White Rock Senior Center (approved by Council)

Potential Projects/Locations

The following is a list of, including but not limited to, potential projects and/or locations for consideration of public art over the next two years (not in any particular order):

- Splash Pad - Proposal by artist Carrie Quade for the Piñon Park Splash Pad to be reviewed at a 2020 APPB meeting.
- Potential Donation – The estate of Ed Grothus has expressed interest in donating a sculpture “Sunflower” to be installed at the Eco Station.
- Fuller Lodge – APPB is considering a proposal from local artist Jeff Segler to recommend purchase of a painting to be placed in Fuller Lodge.
- Maintenance – The weavings in Fuller Lodge are in need to cleaning and maintenance. APPB is researching the appropriate way to proceed.
- CIP Recreation Projects – The board will be ready to work with any project teams early in the process to recommend public art, including landscaping, as part of any CIP project.
- White Rock - Public feedback has consistently requested additional public art in White Rock. While the Kites of Many Colors and Apache Harvest relocation are recent efforts in that direction, the board continues to look for additional opportunities to expand the County's collection in White Rock.

- Solicitation of future projects – results of Call for Art, possible projects from Eric Thelander and Maria Jonsson
- Roundabout – The board has discussed recommending art for the new 502 roundabout and has concluded that this would best be considered after it is completed and the entire nearby area can be evaluated for potential art locations. At which time, the outreach process would include significant outreach with paid advertising and use of Open Forum.

3.0 Identify any interfaces for the goals/tasks in this work plan with County Departments and other Boards and Commissions. Specify the coordination required.

- Throughout the year, the APPB will work closely with Parks, Recreation and Open Space (PROS), Public Works, and Facilities staff as needed, regarding the placement, installation, lighting and landscaping of exterior artwork, and installation of interior artwork.
- A Santa Fe based company (Sculpture Smart), contractually bound to the County through the APPB to clean and maintain the outdoor sculptures in the public collection, also works closely with the Parks Division, as needed, in fulfilling their requirements, such as winterizing water features and maintaining sculptures.
- The Board and staff liaison will coordinate with County departments currently displaying interior art to ensure that said artwork is displayed in appropriate settings and available for public viewing in accordance with County Code.
- The Board will continue to collaborate, as appropriate, with other Los Alamos County Boards, Commissions, and departments including but not limited to the Lodger's Tax Advisory Board, Historic Preservation Advisory Board, Library Board, Parks and Recreation Board, and community stakeholder groups and organizations.

4.0 List any special public information or involvement meetings or efforts to be conducted by this Board or Commission:

- Staff will work with the Community Development Department, the Public Works Department, and the Community Services Department to identify, for specific capital projects, at which point APPB input and/or involvement is appropriate.
- Board may solicit public input during the development of requests for proposals for new acquisitions, as well as during the selection process.
- Public receptions/dedications may be held for the installation/re-installation of major pieces of artwork.
- Continue to work with the news media by providing information and articles, and be available for interviews.

- As noted in Section 2.0 – the board may conduct public outreach activities after the art collection is added to the “Public Art Archives” to develop both the public’s interest in art and a better understanding of how public art is funded. Some suggested activities are: developing a link from the County’s web site to the PAA, staffing the County booth at the Farmer’s Market, giving talks in schools, to civic groups, and at the Senior Center lunches – or providing photos (daily postcards) to the Los Alamos Daily Post. These activities should have a low costs and/or low staff support requirements.

5.0 List the current subcommittees for this Board or Commission.

5.1 For subcommittees with members that are not members of the parent board or commission:
List the subcommittee members and their terms.
Explain how sub- committee members are selected or appointed.
Provide a description of each subcommittee’s charter or purpose.
Describe the expected duration for the subcommittee and their work plan(s) demonstrating how they support the Board or Commission:

<p>Los Alamos County open spaces and cultural attractions are greatly valued by the community and provide opportunities for recreational and economic growth; appropriately allocating resources to ensure their health and sustainability is important to our citizens.</p>	X
Enhancing Support and Opportunities for the Local Business Environment	
<p>This includes appropriate support for existing businesses, growing new businesses, and supporting technology start-ups and spin-offs.</p>	
Improve Utilization and Aesthetics of Vacant Buildings and Properties	
<p>Land availability in Los Alamos County, and in particular the downtown areas, is limited and there is a desire to work towards better utilization, opportunities for new businesses, and improved aesthetics.</p>	
Supporting Social Services Improvement	
<p>Behavioral, mental and physical health and social services are important quality of life components; there are key areas where appropriate types and levels of county support could help address current needs.</p>	
Expand Transportation and Mobility Options and Address Parking Challenges	
<p>Work with regional partners and the Laboratory to consider holistic solutions for the needs and challenges facing Los Alamos and White Rock in the context of expanded housing and employment in the County and the desire to create a walk-, ride-, and environmentally-friendly community.</p>	
Investing in Infrastructure	
<p>Appropriately balancing maintenance of existing infrastructure with new investments in county utilities, roads, facilities and amenities will help improve environmental stewardship, sustainability, and quality of life, while allowing for sustainable growth.</p>
