D. Public Comment/Public Hearings

Heather McClanahan provided an update to the Board on the Fuller Lodge Interpretive Plan. She highlighted the "Big Idea". It is that Fuller Lodge is the *Heart and Soul* of the community. She stressed that the recommendations in the Plan supports this idea. The recommendations in the Plan focus on increasing the utilization of the Lodge as the focal point in the community.

Ms. McClenahan pointed out that five Programmatic Strategic Directions emerged in the study:

1. Increase public access to the Lodge,
2. Maintain the Lodge's primary use as a multi-function community center,
3. Offer interpretation in ways that do not take away from the building's beauty,
4. Develop collaborative interpretive programs, and
5. Strengthen historical oversight and stewardship of the Lodge.

The plan also contains interpretive methods and suggestions: some methods include developing a digital "scrapbook", furnishing one of the rooms as a hotel room, and, displaying pictures of the original rooms, i.e., the throne room should have a picture of the throne.

She asked the Board members to review the document and start prioritizing the activities and identifying funding sources for the various projects.

Mr. Andrus thanked Ms. McClenahan and committed to review the document in detail.

II. Historic Preservation Business (Items for Discussion and Possible Action)

A. Chairman's Report.

Strategy Session – Historic Preservation Designations.

Mr. Andrus discussed the process: what should be the process? What additional outreach should be done? Do we want to revisit the homeowners on Bathtub Row that disagreed with a designation in the past? Who are our stakeholders? The staff will take notes and put together a next-steps plan. What is the material? What do we need for resources?

Fuller Lodge Historic District

1. Expand/redefine proposed area:
Obtain a current photograph/map,
Include the Teen Center, Parking Lot?
2. Re-engage with Bathtub Row residents.
3. Develop a Public Outreach Plan:
Informational material regarding the Historic District working with Julie Habiger, Communications Director.
4. Coordinate with Historical Park County staff - Linda Matteson

A question arose regarding a designated historic district and how it may be affected by public improvements and utility projects.

Mr. Andrus proposes: reaching out to each individual property owner, and then holding a public meeting and drawing the circle around the area? asked what assistance the County can provide to support to this project? the criteria for a property to be included in the historic district?

Chair Rayburn suggests creating a document that outlines the pros and cons of designating a local historic district. The document should include specific issues. Next steps include: review the application that has been put together, determine who has to be outreached to, and, informational material we will want to have available.

Ultimately, the Fuller Lodge Historic District application will go to the Planning and Zoning Commission and then to County Council for approval.
