### **Title**

Recycle and Yard Trimming Roll Cart Survey

### **.Recommended Action**

N/A

### **Body**

In response to customer feedback regarding the recent change in recycle collection, Public Works Director asked Environmental Services to conduct a survey of residential recycle and yard trimming roll carts. The purpose of the survey is to determine if the current recycle and yard trimming schedule is meeting the customer needs and if roll cart volumes are sufficient for both recycling and yard trimmings.

Environmental Services is requesting volunteers to help conduct the survey.
