Council Meeting Staff Report

May 16, 2018

Agenda No.: 6.D
Indexes (Council Goals): BCC - N/A
Presenters: James Alarid
Legislative File: 10741-18

Title

Award of IFB 18-21 for the Purpose of A Replacement Uninterruptable Power Supply for SCADA Systems with Nationwide Power Solutions in the Amount of \$62,289.00, plus Applicable Gross Receipts Tax.

Recommended Action

I move that the Board of Public Utilities approve the Award of IFB 18-21 for the Purpose of a replacement Uninterruptable Power Supply for SCADA Systems with Nationwide Power Solutions in the Amount of \$62,289.00 and a contingency in the amount of \$10,000.00, for a total of \$72,289.00 plus Applicable Gross Receipts Tax.

Staff Recommendation

Staff recommends that the Board approve as presented.

Body

An uninterruptable power supply (UPS) is a fundamental component of the DPU water and electric SCADA systems. The UPS contains an integral battery back-up that keeps the systems powered in the event of a power failure. The existing UPS has been in service almost 20 years and is at the end of it's useful life. Four bids were received and Nationwide Power Solutions submitted the lowest responsive bid.

Fiscal and Staff Impact/Planned Item

The cost will be split equally between the electric production and the water production funds. This is a budgeted capital improvement project.
