Title

Biking Funds Proposal Recommendation

Recommended Action

I move that the Parks and Recreation Board make the following request from the County Council in which a portion of the remaining funds allocated for a flow trail, be made available for consulting services to explore the feasability of a ride center, or riding hub in Los Alamos.

Body

The Parks and Recreation Board recognizes the following:

- 1. The County allocated \$500,000 for the development of a bike park to increase mountain biking recreational opportunities in partnership with Pajarito Mountain under a previous proposal in which the land was to be transferred to the County. Therefore, the \$500,000 was allocated to create mountain biking opportunities on County land and Pajarito is no longer an option due to its private sale.
- 2. That a viable alternative location for a flow trail has not been identified and all proposals thus far (original and alternative) have been significantly less than \$500,000. As delays in progress continue and subsequent complexities in developing a flow trail are introduced, it is likely that this project's costs will increase.
- 3. That Los Alamos County invested in an International Mountain Bicycling Association (IMBA) ride center evaluation, which it failed to qualify for, and that part of the consultation included a report detailing measures that could be taken to qualify as a recognized IMBA ride center in the future.
- 4. That progress towards developing mountain biking in the County with the goal of providing access to residents as well as attracting non-resident visitors to support the local economy, would be supported by the recommended action.
