Title

Project to develop and promote a online health provider listing for Los Alamos Health providers
Body

During the last meeting the LACHC wished to work on a project to develop and promote an online health provider listing for Los Alamos Health providers. This is an initiative the LACHC can work on in addition to the selected Deliverable for DOH Grant Agreement; this is an important initiative that members have wisely endorsed. During this meeting, we would like to review and discuss, potential options and time tables for adoption of this initiative. One suggestion from last meeting was to utilize Share NM.

Recommended Action

Staff recommends we use Share NM as our platform to serve as our virtual collocation for organizations to share information and events taking place in Los Alamos County. Staff also recommends Wendy Wintermute, Director of Share NM provide a presentation to LACHC during November's LACHC meeting. The purpose would be to better understand the functionality of Share NM and help identify organizations within Los Alamos County to post information, updates, and events on Share NM.
