WHEREAS, Contractor shall provide the Services, as described below, to County.

NOW, THEREFORE, in consideration of the premises and the covenants contained herein, County and Contractor agree as follows:

SECTION A. SERVICES:

 - iii) Hourly items are for work not applicable for unit price installation such as maintenance and replacement work.
 - iv) No additional costs shall be allowed for having to work near or installing under or over utilities or structures that are accurately located on the ground in accordance with local or State of New Mexico excavation requirements, including but not limited to NMSA Chapter 62, Article 14, as may be amended.
- b) Contractor shall supply all equipment (including fuel, maintenance and materials required to keep equipment in operation) and labor to complete the Services in an expeditious manner. All equipment supplied shall be maintained by Contractor in good working order.
 - c) Contractor shall be responsible for preliminary line locates, ongoing line locates, and excavation permits, traffic control plans, any preliminary exploratory excavation, installation excavation, installation, backfilling, all required bedding, and fill material.

Replacement pavement thickness must match existing pavement.
 - e) Removal and proper legal disposal of soil, rock, concrete, paving or other waste material is the sole responsibility of Contractor.
 - f) For each Approved Task Ordered project, and before Services are accepted by County as completed, Contractor shall submit to the Project Manager all pertinent test results, accurate as-built (record) drawings, and any other relevant information.
 - g) Except as specified herein, all Services shall be in accordance with the Department of Public Utilities Construction Standards dated May 30, 2018, and as may be amended from time to time, or other local, state, or federal applicable standards as specified by the County.
 - h) Any progress billing and payment shall be in accordance with Exhibit A by bid item for actual units installed.
 - i) Any damage caused by Contractor, or its employees or subcontractors, shall be repaired at Contractor's expense on a day and time determined by the County Project Manager.
 - j) Contractor's employees or subcontractors shall possess the proper licenses to perform the Services and operate assigned equipment.
- 4) **Utility On-Call Construction Services.**
- a) Unit Items are listed in Exhibit A. Contractor shall supply quantities as identified in the Approved Task Order. County reserves the right, at its sole discretion, to separately quote or bid any utility construction project.
 - b) Individual Task Orders which exceed the state prevailing wage threshold shall be subject to a Wage Rate Decision. County shall obtain and provide the Wage Rate Decision and issue it to the Contractor prior to the preparation of the Task Order. Task Orders shall be issued by County to Contractor as described below.
 - c) Contract Performance and Payment Bonds: When an individual Task Order is issued in excess of the state prevailing wage threshold, the following bonds or security shall be delivered to the County and shall become binding on the parties upon the execution of the Approved Task Order. A sample Payment and Performance Bond are provided in Exhibit C, attached hereto and made a part hereof for all purposes.:

- i. A performance bond satisfactory to the County, executed by a surety company authorized to do business in the state or otherwise secured in a manner satisfactory to the County, in an amount equal to one hundred percent (100%) of the price specified in the Approved Task Order; and
 - ii. A payment bond satisfactory to the County, executed by a surety company authorized to do business in the state or otherwise secured in a manner satisfactory to the County, for the protection of all persons supplying labor and material to Contractor or its subcontractors for the performance of the Services provided for in the Approved Task Order. The bond shall be in an amount equal to one hundred percent (100%) of the price specified in the Approved Task Order.
- 5) **Worker Safety; Drug and Alcohol Testing.** Contractor may be required to implement and maintain a drug and alcohol testing program meeting or exceeding local County Code requirements and State and Federal Department of Transportation rules and regulations. The need will be determined on a Task Order basis, by County Project Manager. Contractor shall provide to County a copy of its current drug and alcohol policy and any amendments to the County's Project Manager upon request.
- 6) **Task Order Process**
 - a) All Services shall be performed by Task Order. A sample Task Order is provided in Exhibit D, attached hereto and made a part hereof for all purposes. County shall make reasonable efforts to generally provide at least two (2) business days' notice to Contractor for the Services required under any Task Order.
 - b) County's Project Manager shall request the Services of Contractor for individual or multiple projects through a written request for quote(s). Each written request for quote(s) shall identify the work and Services to be performed and a timeline for completion. A written request for a quote(s) may be as detailed as County finds necessary to assure appropriate oversight of the services to be performed. A sample Task Order is provided in Exhibit D, attached hereto and made a part hereof for all purposes.
 - c) Upon the County's issuance of a written request for quote(s), Contractor shall provide a written, itemized quote for the task(s), work, and/or Services requested by Project Manager (Quote). The Quote shall provide, in writing, the proposed material costs, labor hours, and labor type necessary to complete the Services. Costs shall conform to the rates described in Exhibit A, as a fixed price. Any proposed progress billing and payment shall be provided by Contractor in the Quote and is subject to approval by County's Project Manager. Preparation and work performed to prepare Quotes shall be considered incidental to the awarded Task Order and not compensable.
 - d) If Contractor's Quote is signed by Contractor and acceptable to County, County's Project Manager shall provide Contractor with written approval (Approved Task Order). After receipt of the Approved Task Order, County and Contractor shall schedule the Services. Contractor is authorized to begin Services only upon receipt of the Approved Task Order.
 - e) The Approved Task Order shall be adjusted only upon the written agreement of County after a finding that a change to the Approved Task Order is necessary and justifiable. Contractor's failure to reasonably estimate the cost of completing the Services in the first instance shall not be a justification for modifying the Approved Task Order. Modifications to the maximum amount for the Approved Task Order shall be agreed upon by County prior to Contractor continuing the performance of Services. In no event shall the total of the maximum amount for all Approved Task Orders exceed the maximum aggregate amount of compensation set forth herein unless modified in writing by the parties. Unanticipated events shall not form the basis for additional compensation to Contractor.
 - f) Contractor shall take any and all actions to timely complete the Services agreed to in the Approved Task Order.
 - g) This Agreement shall not provide Contractor with a guarantee that County will accept Contractor's Quotes or award Contractor Approved Task Orders. County reserves the right, at its sole discretion, to separately quote or bid any project. County's issuance of a written request for quote(s) is not a guarantee of work to Contractor. County, at its sole discretion, shall determine when Contractor's Services are required and shall issue written request for quote(s) as needed.
