

2024 STRATEGIC LEADERSHIP PLAN

~~On January 10, 2023, the~~ Los Alamos County Council, with input from County staff, and community members, reviewed and ~~reorganized and~~ updated the ~~2022~~2023 strategic goals and ~~priority areas; priorities and subsequently adopted~~ these five goals and 22 priorities ~~were subsequently adopted on February 7, 2023 for 2024.~~ The goals and priorities address issues that are important to the community and the governance of essential functions;~~and they. They~~ are tools to help ~~assure that~~maintain a focus on important and challenging issues ~~is maintained. This does not mean that the County will only work on and invest in the, including those identified priorities in the National Community Survey conducted in December 2022. They are not all-inclusive of the broad scope of the County's work and investments.~~

Concrete actions for addressing each of the priorities will be ~~identified to help assure that~~determined, in the context of all ongoing County efforts, ~~there is a connection between for~~ making and communicating progress and identifying challenges throughout the year. Many of the actions will come from existing plans listed at the end of this document, which can be found on the County's website using the search function. An electronic dashboard ~~is currently under development~~has been developed in parallel with the County's new website implementation. The purpose of the dashboard is to capture the scope of ~~what the~~ County ~~does~~actions to address each of the priorities and to enable measurements to be assigned and tracked.

~~The December 2022 National Community Survey results showed continued high ratings on employment, safety, fire and emergency services, open spaces, air quality, cleanliness, recycling, and yard waste pick-up. The survey results showed lower ratings on the impacts of the economy, cost of living, shopping opportunities and business or service establishments, gas and electric supply, high-speed internet access, and confidence in County government. In response to the survey results, Council further refined priorities to focus extra efforts on low-scoring areas in 2023.~~

A high-level summary of the progress made toward the 2024 strategic goals and priorities will be provided in the State of the County Annual Report in January 2025.

Quality Governance

Quality governance is participatory, consensus-oriented, transparent, accountable, effective, efficient, and responsive to ~~the~~ present and future needs of stakeholders.

Communication and Engagement

Inform, ~~educate~~engage, and ~~engage~~solicit feedback from the community ~~members~~and boards and commissions on County projects, policies, and ~~goals~~priorities to promote a culture of open communication and collaboration and foster exceptional customer service.

Intergovernmental, Tribal, and Regional Relations

Collaborate and problem-solve with the County's major employers; community partner organizations; neighboring Pueblos; and regional, state, and national governmental entities.

Fiscal Stewardship

Maintain fiscal sustainability, transparency, and compliance with applicable budgetary and financial regulatory standards.

Operational Excellence

Operational excellence involves having structures, processes, standards, and oversight in place to ensure that effective services are efficiently delivered within available resources and that services continuously improve ~~to anticipate and meet future needs.~~

Effective, Efficient, and Reliable Services

Deliver customer-focused, accessible, reliable, and sustainable services to the community through sound financial management, collaborative decision-making, ~~effective communication,~~ and efficient implementation.

Infrastructure Asset Management

Evaluate the County's assets and infrastructure ~~to first~~and prioritize funding to ~~best~~first maintain and protect those investments and second to inform new investments.

Employee Recruitment and Retention

Attract and employ diverse and highly qualified staff; retain staff through development ~~and growth~~ opportunities, ~~compensation, and benefits;~~ and promote staff to address increasingly complex challenges.

Economic Vitality

Economic vitality encompasses the ability of the community to diversify, develop, grow, and sustain the many elements necessary for a local economy to flourish.

Housing

Increase the capacity for new housing development and the amount and variety of housing types to meet the needs of a changing and growing population, particularly middle- and lower-income households.

Local Business

Encourage the retention of existing businesses, facilitate the startup of new businesses, and assist in ~~their~~ opportunities for business growth.

Downtown Revitalization

Revitalize the downtown areas of Los Alamos and White Rock by facilitating development opportunities in accordance with the downtown master plans.

Tourism and Special Events

~~Continue sponsoring~~Sponsor special events, support major employer and promoting community events, and promote tourism; by enhancing amenities ~~and~~, utilizing facilities, ~~to support the local business economy and contract services, and encouraging overnight stays.~~

Community Broadband

Provide community broadband as a basic essential service that will enable reliable high-speed internet services throughout the County at competitive pricing.

Quality of Life

Quality of life is a reflection of general well-being and the degree to which community members are healthy, comfortable, welcomed, included, and able to enjoy the activities of daily living.

Health, Wellbeing, and Social Services

Improve access to behavioral, mental, and physical health and social services and amenities to address identified issues and ~~to sustain Los Alamos County's rating as the healthiest county in New Mexico~~promote wellbeing in the region.

Diversity, Equity, and Inclusivity

Promote diversity, equity, and inclusivity through community awareness training, targeted events, and expanded opportunities for diverse interests.

Mobility

Improve and expand access to, and all-ability accommodations for, alternative modes of travel including public transit, cycling, and walking amenities and services.

Educational, Historical, and Cultural Amenities

Promote educational and cultural opportunities, in coordination with community partners, and provide for the preservation and restoration of historic buildings and the protection of archaeological sites.

Open Space, Parks, and Recreation

~~Protect existing~~Manage County open space and maintain and improve parks and recreation facilities, trails, and amenities as defined by adopted plans and approved projects.

Public Safety

Ensure overall community safety through proactive and sustained implementation of police, fire, hazard mitigation, and emergency response plans.

Environmental Stewardship

Environmental stewardship is the responsible use and protection of the natural environment through active participation in conservation efforts and sustainable practices ~~that enable interaction in productive harmony with the natural environment~~ in coordination with community and organizational partners.

Natural Resource Protection

Take actions to ~~protect open space~~, protect the wildlife and wildland interface, safeguard water, and mitigate tree loss in the community.

Greenhouse Gas Reduction

Establish targets for ~~and promote the reduction of~~ achieving net-zero greenhouse gas emissions; and integrate sustainability and resiliency practices into County policies and operations; ~~and encourage energy reduction enhancements for new and remodel building projects in the community.~~

Carbon-Neutral Energy Supply

Achieve carbon neutrality in electrical supply by 2040 through diversified carbon-free electric sourcing, and ~~promote energy efficiency and reductions in~~ phase out natural gas ~~usage~~ supply by 2070 through energy-efficient, all-electric buildings.

Water Conservation

Reduce potable water use and increase non-potable water use and water harvesting for irrigation where suitable.

Waste Management

Manage waste responsibly by diverting waste from landfills through recycling, re-use, composting, and waste reduction programs; and zero-waste education campaigns to promote a circular economy.
