1. CALL TO ORDER - ROLL CALL

5:31 p.m. Members Lochell and Blair absent.

2. PUBLIC COMMENT

None

3. APPROVAL OF AGENDA

Chair Hampton asked for approval of the agenda for the Environmental Sustainability Meeting of February 19, 2026 agenda approved unanimously.

4. APPROVAL OF MINUTES

[21322-26](#) Approval of January 15, 2026, Environmental Sustainability Board Minutes

Chair Hampton asked for approval of the January 15, 2026 Environmental Sustainability Meeting minutes, minutes approved unanimously.

5. BOARD BUSINESS

[21329-26](#) Presentation of the Final Fleet Conversion and Community-Wide Electric Vehicle Charging Plan and Possible Action

Presenters: Angelica Gurule

Josh Schacht and Analy Castillo with Stantec gave a final presentation to the board on the Los Alamos County Fleet Conversion Plan and Community-Wide EV Charging Plan. The project purpose: reducing greenhouse gas (GHG) emission from the county fleet, expanding EV charging infrastructure, and engaging County partners.
 Motion that the Board approve the Los Alamos County Fleet Conversion Plan and Community Wide-EV Charging Plan and recommends forwarding this plan to Council as presented second by Member Chandler motion passed unanimously.

21332-26 Discuss and Appoint Liaison Assignments

Presenters: Angelica Gurule

Chair Hampton nominated Member Chandler to be liaison to Parks and Rec Board, Member Barns and Member Shannon Blair to be liaisons to the Board of Public Utilities, Member Barns to the Sustainability Alliance, and Member Hampton to be liaison to the Transportation Board and Planning and Zoning, second by Member Chandler approved unanimously.

6. REPORTS

A. Chair's Report - David Hampton

Chair Hampton welcomed new members Jack Grow and Carly Blair. Mentioned the Council discussion on the green building code which cannot make changes until the next State approval of building codes.

- 1). Board of Public Utilities - Sue Barns/Shannon Blair

None.

- 2). Transportation Board - David Hampton

None.

- 3). Parks and Recreation Board - Shannon Blair

None.

- 4). County Council Liaison - Melanee Hand

Councilor Hand welcomed new members Jack Grow and Carly Blair, then reported on Council meetings, Triple Crown Award ASD team received, had the quarterly Climate Action Plan update, budget revision, public hearing on broadband project \$40M, and appointed Carly Blair to the Environmental Sustainability Board.

B. Working Groups and Steering Committee

- 1). Bee City Los Alamos - Britton Donharl

Bee City will be having a class on seeding on February 28, 2026.

- 2). Los Alamos Sustainability Alliance - Sue Barns

None.

- 3). Education and Outreach Work Group

Sustainability Manager Angelica Gurule reported that the Education and Outreach Work Group is the new Firebrand group. Council adopted first action climate plan in 2024 and one of the big initiatives was climate marketing and education, building campaigns and education, and messages around energy efficiency, waste and recycling, food composting, alternative transportation (busing, carpooling, bicycling) are main focused areas. We have just hired Firebrand Consultant they will be helping build campaigns. Everyone is invited to join the working group.

7. STAFF REPORT

[21331-26](#) Sustainability Manager Updates

Presenters: Angelica Gurule

Sustainability Manager Angelica Gurule reminded everyone that if they have not signed up for the sustainability newsletter please do so, February issue focused on "Fast Fashion." Continue to increase in readers. EV charging infrastructure continues between January and February, there was close to 400 charging sessions. Also building the two new DC chargers at the Mesa Public Library. County was selected to receive a 1.2-million-dollar grant from EPA to build food composting program, still working on some constraints that we have because of where the property is situated. For new members for the Jemez Trail run for volunteers to set up zero waste station at the end of the race. If anyone is interested there are time slots to sign up for. Another item working on is commuter reduction program if anyone is interested in helping let Angelica know. Shared the Residential Sustainability Report.

8. PREVIEW OF UPCOMING AGENDA ITEMS

Upcoming agenda items, presentation by MOZART in March or April, state has approved their Climate Action Plan presentation either March or April.

9. ADJOURNMENT

7:215 p.m.

If you are an individual with a disability who is in need of a reader, amplifier, qualified sign language interpreter, or any other form of auxiliary aid or service to attend or participate in the hearing or meeting, please contact the County Human Resources Division at 662-8040 at least one week prior to the meeting or as soon as possible. Public documents, including the agenda and minutes can be provided in various accessible formats. Please contact the personnel in the Community Services Administration Office at 662-8163 if a summary or other type of accessible format is needed.

Title

Waste-to-Energy Plant Presentation by Mozart Devco LLC

Body

This presentation is an introduction to Mozart Devco LLC's Waste-to-Energy (WtE) plant in development with Ohkay Owingeh Pueblo to be located on Pueblo-owned land, just north of Espanola, NM.

Mr. Michael Dwinnell, Co-Founder and Principal with Mozart Devco., will present an overview of the plant, project schedule, and regional partnerships including how Los Alamos County may participate through landfill waste diversion of municipal solid waste (aka feedstock) for clean energy production.

MOZART DEVCO LLC

Ohkay Owingeh Waste-to-Power Project

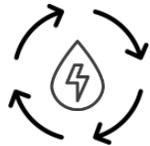

Los Alamos County

March 2026

OMNI at a Glance

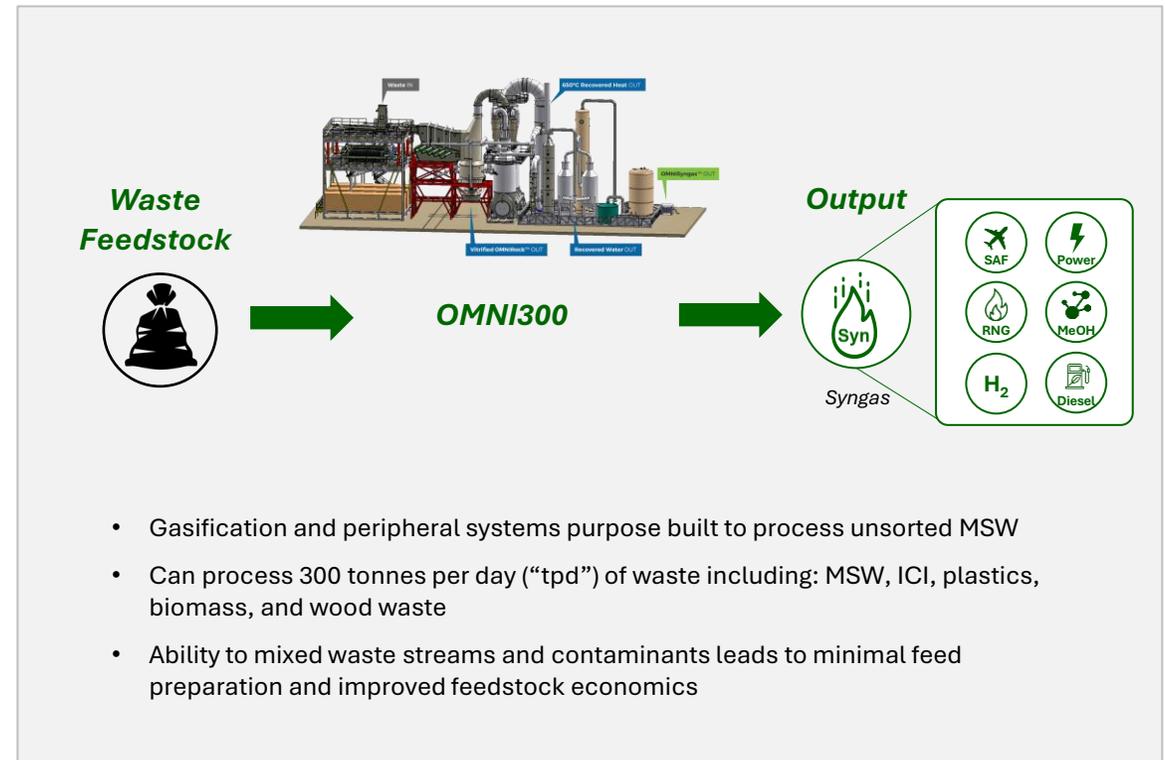

OMNI is a technology company specializing in waste gasification into a clean syngas for power generation and production of low-carbon fuels

OMNI's patented OMNI300 system delivers a robust, modular, and scalable solution for the clean conversion of waste into hydrogen, RNG, SAF, methanol, and other renewable fuels

With deep engineering expertise and proven commercial performance, OMNI helps industry and communities address waste issues and achieve true circularity

The OMNI Difference – Feedstock Advantage

OMNI has developed differentiated technology, which is purpose built and designed to deal with minimally prepared garbage as a feedstock

OMNI

Minimally prepared “black bag” waste on input conveyor at demonstration plant in Ottawa

No sorting, one stage of shredding to 100mm, one magnet, no rejects

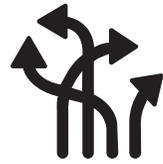

Competition

Waste preparation for typical fluidized bed gasifier

Sorting, shredding, removal of all metals and hard particles, drying, sizing

Advantaged Feedstock Preparation

Flexibility

Sorting

Shredding

Metal Removal

Not tied to single source

No sorting required

4" minus
(10.16cm)

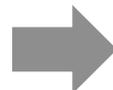

Only large metal
with recycling
value removed

- ✓ Full feedstock flexibility
- ✓ Extensive commercial-scale run time with minimally prepared "black bag" waste directly from landfill

Competitors

Cannot easily change or mix in new feedstocks

Extensive sorting required; up to 40% of waste rejected

1" minus
(2.54cm)

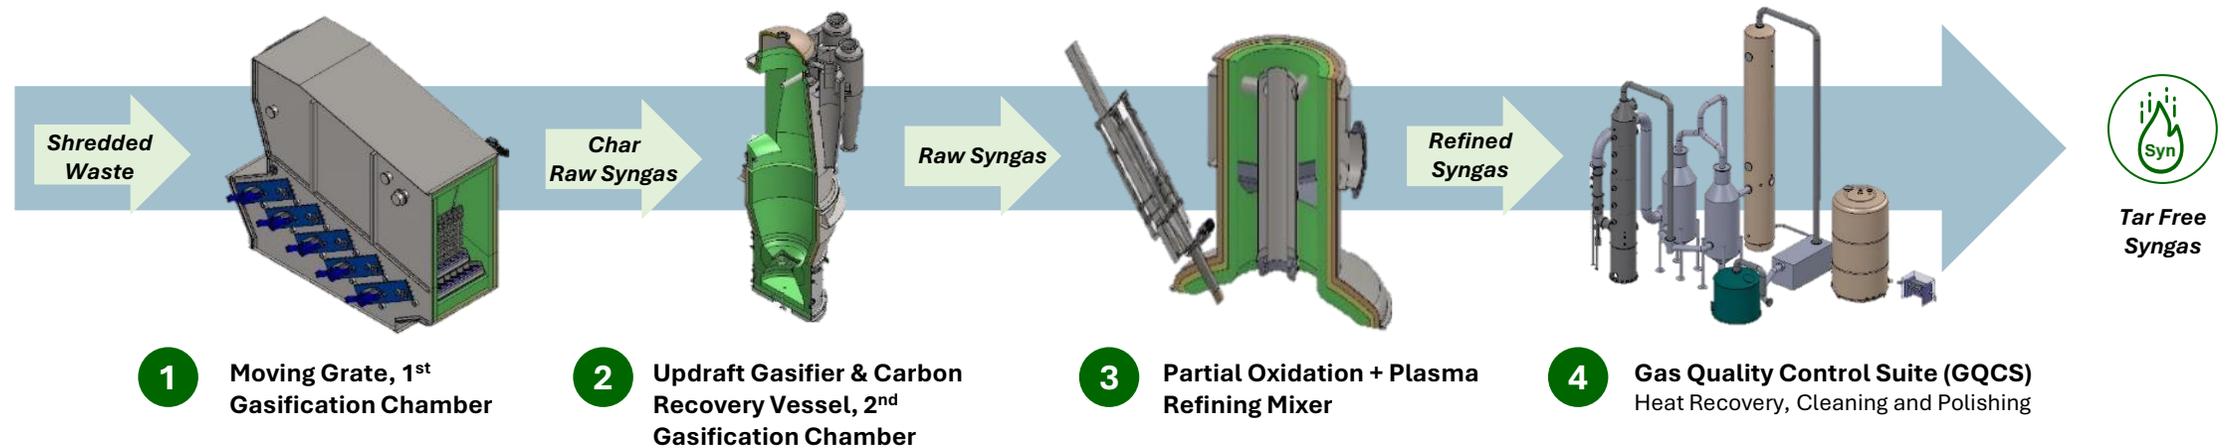

Remove metals and glass; sort by waste type to ensure operation

- ✗ Significant sorting, preparation, and metal removal substantially lowers end product economics

No sorting and minimal feedstock preparation required

The OMNI Difference – Purpose-built for Using Mixed Waste as Feedstock

A Unique Integration of Mature and Proven Technologies

- ✓ Staged gasification with robust process control
- ✓ Best-in-class syngas refining & cleaning

- ✓ Proven efficiency and commercial scale
- ✓ Patented technology (68 patents; 11 families)

Robust OMNI Gasification Enables Flexibility with End Product/Fuel

Complete conversion of feedstock drives high yield of highly pure syngas product with flexible end product

Review and Discuss the 2026 ESB Work Plan

Body

County Council approve the 2026 Work Plan. The Environmental Sustainability Board was asked to review the work plan on a quarterly basis.

Attachments

A -2026 Environmental Sustainability Board Work Plan

Board or Commission Name: Environmental Sustainability Board

Date Prepared: 11/17/25

Date Approved by Council: 3/3/26

Prepared By: Angelica Gurule

Purpose:

The purpose of the work plan is to provide a detailed outline of tasks, activities, timelines, and resources required by this Board or Commission to achieve its annual goals. The purpose of most boards is to gather public input, to review policy recommendations by staff when requested, and to make policy recommendations to the County Council.

Process Timeline:

November: County Council Strategic Planning

December: Boards and Commissions review and develop work plans (sole item on December agenda)

January: Finalize and submit work plans for Council review.

Due Date: January 31

Time Frame: This work plan will be accomplished in the following time frame:

January 1, 2026, through December 31, 2026

Members: List members, term start and end dates, and term number.

Member	Start/End Dates	Term (1st or 2nd)
David Hampton, Chair	August 1, 2025 – July 31, 2027	2nd
Erik Loechell, Vice-Chair	August 1, 2025 – July 31, 2027	2nd
Sue Barns	August 1, 2024 - July 31, 2026	1st
Carly Blair	February 1, 2026 - January 31, 2028	1st
Shannon Blair	August 1, 2025 – July 31, 2027	1st
Joseph Chandler	August 1, 2025 - July 31, 2027	1st
Jack Grow	February 1, 2026 - January 31, 2028	1st

Chairperson: David Hampton

Department Director: Linda Matteson

Work plan developed in collaboration with Department Director? (Y/N)

Staff Liaison: Angelica Gurule

Administrative Support: Jackie Salazar

Council Liaison: Ryn Herrmann

Work plan reviewed by Council Liaison? (Y) Yes

1.0 Previous Calendar Year Work Plan Highlights

1.1 List the top five activities for the previous calendar year.

1.1.1	Supported and participated in the PEEC and County Earth Day Festivals
1.1.2	Collaborated with DPU on electrification and energy efficiency outreach and participated in the DPU/PEEC Water Festival
1.1.3	Supported and participated in the annual Clean Up Los Alamos Day
1.1.4	Supported and participated in High School Eco Club Summit
1.1.5	Hosted many booths and outreach activities at Farmers Markets, festivals and other County events to bring awareness to the Climate Action Plan and other sustainability issues

1.2 List the top five accomplishments for the previous calendar year.

1.2.1	Supported the implementation of the Climate Action Plan and the 2050 carbon neutral goal and other sustainability issues through outreach/education activities, receiving reports and reviewing progress on goals, and providing information to Sustainability Manager, County Council and other Boards and entities.
1.2.2	Served on the Steering Committee and contributed to the selection of the Climate Action Marketing and Engagement Services provider. Initiated collaboration with the chosen firm.
1.2.3	Served on the Steering Committee and contributed to the development of the Fleet Conversion Plan and Community-Wide EV Charging Plans. The ESB also routinely received updates on the plans, and supported outreach, survey and community visioning meetings.
1.2.4	Evaluated single use plastic bags to include factors such as ability to recycle and other alternatives and cost to County to recycle and engagement to include local businesses and other interested parties. Presented findings to ESB and Council.

1.2.5 Reviewed, discussed and provided input on other County issues as they pertain to sustainability, including Artificial Turf Study, Bicycle Working Group Study, LAC Energy Management proposal and Net Zero Airport program, Water and Energy Conservation Plan updates and Green Business Certification program.

1.3 List the lessons learned for the previous calendar year.

1.3.1 Engage the community as broadly and effectively as possible, to help ensure that community input is representative of all demographic groups. Strive to connect with marginalized groups and individuals outside the sustainability field to ensure everyone’s perspectives are considered, not just those who already support environmental initiatives.

1.3.2 In collaboration with County Council, establish clear objectives, scope, and next steps for projects, studies, or research presented to Council, ensuring the Environmental Sustainability Board has a well-defined path forward and clearly articulated scope.

1.3.3 Public Information Involvement Plans (PIIPs) should clearly articulate the roles and responsibilities of community partners, specify the timing and phases of their involvement, and outline how and when engagement will occur throughout the project timeline.

1.3.4 Leverage the Sustainability Manager’s quarterly updates to Council more consistently for Council-led initiatives to maintain alignment with expectations, track progress, and provide regular opportunities for questions and clarification as issues arise.

1.3.5 When asked for input, the Environmental Sustainability Board will proactively provide clear, recommendations to better guide decision-makers and advance sustainability efforts.

2.0 Calendar Year 2026 Work Plan

2.1 List any special projects or assignments given to this Board/Commission by Council or the Department Director.

2.1.1 Support the Food Composting Program and Food Waste Prevention Education

2.1.2 Support Climate Action Plan Implementation for year two and ongoing recommendations including encouraging energy efficiency and electrification retrofits; promoting EV adoption; adopting green building standards; developing a commute trip reduction program (County facilities and operations); expanding community partnerships; conducting a vulnerability assessment; engaging in public climate education campaigns; supporting the local food system; conducting recycling and composting outreach and education; promoting green stormwater infrastructure and low-impact development; developing an EV infrastructure plan; expanding mixed-use, transit-oriented development policies.

- 2.1.3 Receive updates and provide input on climate action education and outreach program from marketing contractor and County staff. Support activities of this program as requested
- 2.1.4 Receive updates as needed on the implementation of the Fleet Conversion and Community-Wide EV Charging Plan
- 2.1.5 At Council’s discretion, continue to evaluate single use plastic bags to include factors such as ability to recycle and other alternatives and cost to County to recycle and engagement to include local businesses and other interested parties

2.2 List other projects and/or activities being proposed by this Board/Commission, in priority order.

- 2.2.1 Support the solicitation of a qualified contractor to provide energy audit services of 50-100 homes. Specific tasks include Contributing to the development of the scope of work, select a board member to serve on the evaluation committee and steering committee, and educate the community on these services. Collaborate with Board of Public Utilities as applicable.
- 2.2.2 Request and receive updates on County sustainability initiatives as appropriate, including Integrated Pest Management Plan, Bio-Solid composting, recycling, yard trimming, artificial turf, open space management, 2026 Comprehensive Plan, Bee City, Bicycle Working Group, Water and Energy Conservation Plan, MS4, Green Los Alamos Program, etc
- 2.2.3
- 2.2.4 At the Boards and Commission luncheon provide relevant CAP presentation overview and highlight actions that are relevant to other Boards, such as BPU, Transportation, Parks and Recreation, and Planning and Zoning
- 2.2.5 Revisit the 2026 ESB Work Plan on a quarterly basis.

2.3 List the guiding documents or plans used by this Board/Commission.

2.3.1

Climate Action Plan
Council Strategic Leadership Plan
Water and Energy Conservation Plan
Fleet Conversion and Community Wide EV Charging Plan

3.0 Identify interfaces with County departments and/or other Boards/Commissions that are necessary to achieve this work plan.

3.1

Collaborate with local businesses and organizations such as Chamber of Commerce, PEEC, LAPS, UNM-LA. Encourage County staff to liaison with LANL, DOE and DOT

3.2

Partner with DPU to promote energy efficiency, water conservation and monitor the existing biosolid composting operation.

3.3

Provide liaisons to BPU, PRB, Transportation Board and other Boards as appropriate.

3.4

Collaborate with Environmental Services Division to provide education and outreach on waste Prevention and management, and participation in municipal food composting program, and implementation of Zero Waste Strategy from CAP.

3.5

4.0 List any special events this Board/Commission plans to participate in that will support this work plan.

4.1

Participate in annual Clean Up Los Alamos Day

- 4.2 Participate in PEEC Earth Day Festival and host an Earth Day celebration for County employees
- 4.3 Participate in PEEC and DPU Water Festival
- 4.4 Participate in community events such as Science Festival, Summer Concert Series and Farmer's Market, Bear Festival.
- 4.5 Engage with climate action marketing and engagement team to support community events and activities as proposed. Host public outreach events, talks, hybrid seminars, panel discussions, etc., to educate on CAP initiatives and other ESB priority topics.

5.0 List active Working Groups within this Board/Commission, if any, along with the purpose and member names of each one.

- 5.1 Los Alamos Sustainability Alliance - Ongoing - Up to 3 ESB members, currently Sue Barns and Angelica Gurule - The purpose is to support sustainability initiatives with the County and other community organizations, such as PEEC, Bee City, Seed Library, Department of Public Utilities and Environmental Services Division.
- 5.2 Climate Action Marketing and Engagement steering committee – The purpose is to provide climate action outreach and education to the community in support of CAP goals. Susan Barns and Angelica Gurule.
- 5.3 Fleet Conversion and Community-Wide EV Charging Plans steering committee - The purpose is to plan for electrification of the County vehicle fleet, as well as EV charging infrastructure for community members. Susan Barns and Angelica Gurule.
- 5.4 Plastic Bag Working Group
The purpose is to evaluate single use plastic bags to include factors such as ability to recycle and other alternatives and cost to County to recycle and engagement to include local businesses and other interested parties. Shannon Blair, Joseph Chandler and Erik Loechell.
- 5.5

Attachment A

Place an X in the column on the right if the Council priority is related to the work of the Board or Commission:

Quality Governance	
Quality governance is participatory, consensus-oriented, transparent, accountable, effective, efficient, and responsive to the present and future needs of stakeholders.	
Communication and Engagement	
Inform, engage, and solicit feedback from community members and affected parties, including boards and commissions, on County projects, policies, and priorities to promote a culture of open communication and collaboration to increase public participation.	X
Intergovernmental, Tribal, Regional Relations, and Partnerships	
Collaborate and problem-solve with the County’s major employers; community partner organizations (local education, health care, and other organizations); neighboring Pueblos; and regional, state, and federal governmental entities.	X
Fiscal Stewardship	
Evaluate alternative methods and approaches for expenditures and investments, ensure transparency, and comply with applicable budgetary and financial regulatory standards and fiscal sustainability.	X
Operational Excellence	
Operational excellence involves having structures, processes, standards, and oversight in place to ensure that effective services are efficiently delivered within available resources and that services continuously improve to anticipate and meet future needs.	
Effective, Efficient, and Reliable Services	
Deliver customer-focused, accessible, reliable, and sustainable services to the community through collaborative decision-making, and efficient implementation.	X
Infrastructure Asset Management	
Evaluate the County’s assets and infrastructure to prioritize funding to first maintain and protect those investments and to second inform new investments.	X
Employee Recruitment and Retention	
Attract and employ diverse and highly qualified staff, retain staff through development opportunities, equity and upskilling opportunities, and compensation and benefits, and promote staff to address increasingly complex challenges.	
Economic Vitality	
Economic vitality encompasses the ability of the community to diversify, develop, grow, and sustain the many elements necessary for a local economy to flourish.	
Housing	
Increase the capacity for new housing development and the amount and variety of housing types to meet the needs of a changing and growing population, particularly middle- and lower-income households.	
Local Business	
Encourage the retention of existing businesses, facilitate the startup of new businesses, and assist in opportunities for growth.	
Downtown Revitalization	
Revitalize the downtown areas of Los Alamos and White Rock by facilitating and incentivizing development opportunities.	
Educational, Arts, Cultural, and Historical Amenities	
Promote and enable educational, arts, cultural, and historical enrichment opportunities, in coordination with community partners, and provide for the preservation and restoration of historic buildings and the protection of archaeological sites.	
Tourism and Special Events	

Promote tourism, sponsor special events, and support community events, by enhancing amenities, utilizing indoor and outdoor facilities, and encouraging local business support and increasing capacity for overnight stays.	
Community Broadband	
Implement community broadband as a self-sustaining essential service that enables reliable high-speed Internet access throughout the County at competitive pricing.	
Quality of Life Quality of life is a reflection of general wellbeing and the degree to which community members are healthy, comfortable, welcomed, included, and able to enjoy the activities of daily living.	
Health, Wellbeing, and Social Services	
Expand access to behavioral, mental, and physical health and social services and amenities to address identified issues and promote wellbeing in the County and the region.	X
Inclusion, Access, and Belonging	
Promote inclusion, access, and belonging through events and training, facility planning, and expanded opportunities and services for diverse needs and interests.	X
Mobility	
Improve and expand access to, and provide disability accommodation for, alternative modes of travel including public transit, cycling, and walking amenities and services.	X
Open Space, Parks, and Recreation	
Manage, maintain, and improve designated open spaces, parks and recreation facilities, trails, and amenities as defined by adopted plans and approved projects.	X
Public Safety	
Ensure overall community safety through proactive and sustained implementation of police, fire, hazard mitigation, and emergency response plans.	
Environmental Stewardship Environmental stewardship is the responsible use and protection of the natural environment through active participation in conservation efforts and sustainable practices in coordination with community and organizational partners.	
Natural Resource Protection	
Take actions to protect wildlife and wildlife habitat, safeguard water quality, and mitigate tree loss in the community.	X
Water Conservation	
Reduce potable water use and increase non-potable water use and water harvesting for irrigation where suitable.	X
Climate Action and Resiliency	
Implement the roadmap for reducing greenhouse gas emissions, achieving a carbon neutral energy supply, and increasing climate resilience.	X
Waste Management	
Divert community waste from landfills through recycling, re-use, composting and waste reduction programs, and zero-waste campaigns.	X

Title

Sustainability Manager Updates

Body

The ESB receives routine updates from the Sustainability Manager.

The February Sustainability Newsletter focused on Wildfire Preparedness. Subscribers increased from 126 to 130 and has a 65% engagement rate.

1. Electric Vehicle Charging Infrastructure
 - a. The County constructed six Level 2 - EV Chargers at Municipal Building to serve the County fleet and the community. The previous free chargers were removed.
 - b. Los Alamos County received NMDOT DC Fast Charging Grant funding. The project will construct two DC Fast Chargers at Mesa Public Library, with each port providing a minimum of 150 kW.
 - i. September 30 - Council approved grant agreement and passed a Resolution.
 - ii. February - EV equipment was procured.
2. Education and Outreach
 - a. Firebrand developed a draft work plan and began developing messaging that will be tested in local focus groups. Our goals are to host focus groups that are representative of the community demographics.
3. Municipal food composting program is on hold; the County was selected to receive a \$1.2M grant for food composting.
4. Earth Day Planning
 - a. PEEC Earth Day Festival - April 18
 - b. County Earth Day Festival - April 22
