

Transportation Board

Update to County Council

David Hampton, Chair
May 13, 2025

Mission Statement

Advise County Council and make recommendations regarding improvements in traffic conditions and all modes of transportation within the County.

Members

David Hampton – Chair

Nancy Talley – Vice Chair

Michael Altherr – Member

Jason Chappel – Member

Karen Edwards – Member

Paul Lisowski – Member

Joshua Muck – Member

Council Liaison – Melanee Hand

Staff Liaison – Eric Martinez, Public Works Director

Administrative Support – Louise Romero and Rachel Barela

Guiding Plans

- Bicycle Transportation System Plan
- Policy on the Design of Public Streets and Rights of Way
- Comprehensive Transit Study/Updated Service Plan
- Airport Master Plan
- ADA Transition Plan
- Complete Streets Plan
- Pedestrian Transportation Plan
- Snow & Ice Control Plan

Board Activities

Conducted Roadway Project Review:

Bathtub Row Reconstruction Project, Denver Steels Phase 2 Improvements Project, DP Road Improvements and Mid-Block Crossing Policy.

Reviewed and approve the 2025 Snow and Ice Control Plan

Intersection Analysis and Implementation for NM 502 Trinity Drive Study, NM4 Crossing and Multi-Use Trail Improvements and Grand Canyon Drive

Atomic City Transit - Initial Evaluation of Potential Transit Center Sites in Downtown Los Alamos and White Rock, ADA Para Transit Policy and Procedures, Dial-A-Ride Guide, Bus Stop Improvement Plan Update, and A Bus For Us Presentation.

Conducted public input meetings

Board Accomplishments

Supported Urban Trail Phase 2 and 3 Projects

Solicited public engagement for projects, transit service, pedestrian improvements, and policy changes.

Supported the Bike to Work and Adopt-A-Road Events.

Supported the completion of the first phase of Bathtub Row with minimum disruption to existing entities.

Lessons learned

- Staff implemented previous lessons learned on current projects such as The Hills (Brookover) and Bathtub Row to handle public and business concerns during construction.
- Present transportation plans, studies, considerations, etc., to the T-Board during their conceptual phases, to receive adequate public input during the project's initial design phase, and to ensure ample time for public input and Board review prior to going to Council.
- Present final plans to T-Board for final comments, followed by motions of approval or disapproval, before the final plans go to Council.

Special Projects

- Monitored the Fuel Farm Project through completion
- Review & Approve Snow & Ice Control Plan
- Annual Bike to Work Event
- Project Review, Public Engagement and Board input

Board Projects & Activities

- Comprehensive Transportation Plan
- Investigate Alternative Transportation Solutions
- Continued Liaison with Stakeholders for Regional Transportation Needs
- Pedestrian Crossing Improvements and Transportation Plan Update
- Enhance Transit Accessibility, Communication and Infrastructure
