RE: Discover Los Alamos LTAB's Tourism Visitation Report for the month of September 2025.

Dear Ellyn,

Here is my tourism report for September. Please note that visitation numbers for Bandelier National Monument were not available at the time of submission. Without their visitation numbers it does show a significant decline in overall visitor numbers. Additionally, the White Rock Visitor Center continues to operate on summer hours, but visitation remains low due to the suspension of shuttle services.

Sincerely,

Melanie Peña
