RE: Discover Los Alamos LTAB's Tourism Visitation Report for the month of November 2025.

Dear Ellyn,

Here is my tourism report for the month of November. The Federal Government Shutdown continued into November and has closed both Bandelier National Monument and the Manhattan Project National Historical Park office until the shutdown was officially over on November 13th. As of today's date, I have not been able to acquire Bandelier's visitation numbers for this month's reporting.

Sincerely,

Melanie Peña
