**INCORPORATED COUNTY OF LOS ALAMOS  
SERVICES AGREEMENT**

This **SERVICES AGREEMENT** ("Agreement") is entered into by and between the **Incorporated County of Los Alamos**, an incorporated county of the State of New Mexico ("County"), and **J3 Systems**, a New Mexico limited liability company ("Contractor"), to be effective for all purposes April 4, 2023 ("Effective Date").

**WHEREAS**, County is in need of On-Call Roof Systems, Roofing Repair and Roofing Maintenance Services for Public Works County Facilities Division ("Facilities"); and

**WHEREAS**, Section 31-3(b)(4) of Code of Ordinances allows procurement of services and construction with a person who has a contract with the state purchasing for the services or construction meeting the same standard and specifications of the services and construction needed by County; and

**WHEREAS**, Contractor is a party to Price Agreement No. 2023-07-C311-ALL (the J3 Systems, LLC agreement) with the Cooperative Education Services (CES) ("Price Agreement"); CES is a cooperative procurement agency created by a Joint Powers Agreement as authorized by NMSA 1978, Section 11-1-1, et. seq., which has competitively bid a price agreement for on-call roofing work, which meets the same standard and specifications as the services and construction needed by County; and

**WHEREAS**, County is a Participating Entity (PE) in the CES Cooperative Purchasing Agreement; and as PE, County has agreed to the following CES cooperative procurement processes; and

**WHEREAS**, the CES Cooperative Purchasing Agreement requires County to issue a purchase order directly to CES, and CES shall issue a purchase order to Contractor. Upon satisfactory completion of the Project and obligations under this Agreement, Contractor shall invoice CES for payment. Thereafter, upon County's receipt of an invoice from CES and satisfactory completion of the Project and obligations by Contractor as defined herein, County shall pay compensation to CES, who then pays Contractor; and

**WHEREAS**, the County Council approved this Agreement at a public meeting held on March 28, 2023; and

**WHEREAS**, Contractor shall provide the Services, as described below, to County.

**NOW, THEREFORE**, for and in consideration of the premises and the covenants contained herein, County and Contractor agree as follows:

## **SECTION A. SERVICES:**

### **1. General.**

Contractor shall supply on-call roof system construction, installation, maintenance, repair, and replacement work to County on an as-needed basis (hereafter "Services") at the prices listed in Exhibit "A," attached hereto and made a part hereof for all purposes. Contractor shall supply all labor, materials, and equipment, including specialty rental equipment necessary to complete the Services in accordance with the Rate Schedule (Exhibit "A"). Before Facilities are placed into service, Contractor shall submit to the Project Manager test records, as-built drawings with the location of Facilities, and other County-required information. All work shall be in accordance with any local, state, or federal standards.

### **2. Task Orders.**

- a. County's Facilities Manager ("Project Manager") shall request the Services of Contractor for individual or multiple projects through a Request for Quote(s) via task order. Each Request for Quote shall identify the work and Services to be performed and a timeline for Project completion. A Request for Quote may be as detailed as County finds necessary to assure appropriate oversight of the services to be performed. A sample task order is provided in Exhibit "C," attached hereto and made a part hereof for all purposes.
- b. Upon County's issuance of a Request for Quote, Contractor shall provide a written, itemized Quote for the task(s), work, and/or services requested by the Project Manager ("Quote"). The Quote shall provide, in writing, the proposed material costs, labor hours, and labor type necessary to complete the Task Order. The Quote shall conform to the rates detailed in Exhibit "A." Any progress billing and payment shall be provided by Contractor in the Quote and is subject to approval by the Project Manager. Preparation and work performed to prepare each of the proposals shall be considered as incidental to this Agreement and not compensable.
- c. If Contractor's Quote is acceptable to County, the Project Manager shall provide Contractor with written approval ("Approved Task Order"). Contractor is authorized to begin work only upon receipt of the Approved Task Order.
- d. If Contractor is unable to provide, in the determination of the Project Manager, the full scope of the Proposed Task Order work, the Project Manager may alter, change, modify, or cancel the Request for Quote before work commences. The Approved Task Order shall be adjusted only upon the written agreement of County after a finding that a change to the Task Order is necessary and justifiable. Contractor's failure to reasonably estimate the cost of completing the task in the first instance shall not be a justification for modifying the Approved Task Order.
- e. Modifications to the maximum amount for the Approved Task Order shall be agreed upon by County prior to Contractor continuing the performance of Services. In no event shall the total of the maximum amount for all Approved Task Orders exceed the maximum amount of compensation set forth in this Agreement unless the maximum amount of compensation is increased by the County Council through an amendment to this Agreement. Unanticipated events, such as natural phenomena, shall not form the basis for additional compensation to Contractor.
- f. Contractor shall take all actions necessary to timely complete the Services agreed to in the Approved Task Order, including but not limited to subcontracting the work and renting equipment. Costs for any Subcontractors shall be paid to Contractor at the same rate as Contractor. All Subcontractor itemized costs shall be included in Contractor's invoices.

- g. This Agreement does not provide Contractor with a guarantee that County will accept Contractor's Quotes and award Contractor Approved Task Orders. County reserves the right, at its sole discretion, to separately quote or bid any construction project. County's issuance of a Request for Quote is not a guarantee of work to Contractor. County, at its sole discretion, shall determine when Contractor's Services are required and shall issue written Request for Quotes as needed.

### **3. Pay of Prevailing Wages and Bond Requirements.**

- a. Individual Task Orders which meet or exceed the state prevailing wage threshold shall be subject to a Wage Rate Decision. County shall obtain and provide the Wage Rate Decision and issue it to Contractor prior to the preparation of the Task Order.
- b. Contract Performance and Payment and Performance Bonds: When an Approved Task Order is awarded equal to or more than the state prevailing wage threshold, the following bonds or security shall be delivered to County and shall become binding on the parties upon the execution of the individual Task Order. A sample Payment Bond and Performance Bond are attached as Exhibit "D":
  - i. A performance bond satisfactory to County's Chief Purchasing Officer or their designee executed by a surety company authorized to do business in the state or otherwise secured in a manner satisfactory to County's Chief Purchasing Officer or their designee in an amount equal to One Hundred percent (100%) of the price specified in the individual Task Order; and
  - ii. A payment bond satisfactory to County's Chief Purchasing Officer or their designee, executed by a surety company authorized to do business in the state or otherwise secured in a manner satisfactory to County's Chief Purchasing Officer or their designee, for the protection of all persons supplying labor and material to Contractor or its Subcontractors for the performance of the work provided for in the individual Task Order. The bond shall be in an amount equal to One Hundred percent (100%) of the price specified in the individual Task Order.

**SECTION B. TERM:** The term of this Agreement shall commence March 28, 2023 and shall continue through December 12, 2025, unless sooner terminated, as provided herein. Pending extension of Contractor's contract with CES, this Agreement may be renewed for up to three (3) consecutive one-year periods at County's sole option, unless sooner terminated, as provided therein.

### **SECTION C. COMPENSATION:**

#### **1. Amount of Compensation:**

- a. County shall pay compensation for performance of the Services in accordance with the Rate Schedule set out in Exhibit "A." Compensation for this Agreement and all Task Orders under this Agreement shall not exceed a combined total of TWO MILLION DOLLARS (\$2,000,000.00) over the entire Term of this Agreement and which amount does not include applicable New Mexico Gross Receipts Taxes (NMGRT).
