1000 Central Avenue, Council Chambers

1. CALL TO ORDER / ROLL CALL

December 4, 2025, Transportation Board Meeting was called to order at 5:30 p.m.

Members in attendance:

David Hampton

Joshua Muck

Jason Chappel

Michael Altherr

Karen Edwards

Members absent:

Nancy Talley

Paul Lisowski

Council Liaison:

Melanee Hand

Staff in attendance:

Eric Martinez, Public Works Director

Keith Wilson, Deputy Public Works Director

Louise Romero, Sr. Management Analyst

Rachel Barela, Sr. Office Specialist

AV Support

Members of the public in attendance:

None.

2. APPROVAL OF AGENDA

The meeting agenda was approved as presented; the motion passed unanimously.

3. PUBLIC COMMENT

None.

4. APPROVAL OF MINUTES

[20924-25](#) Approval of Minutes from the Los Alamos Transportation Board Meeting on November 6, 2025

The meeting minutes from November 6, 2025, were approved as presented by a unanimous motion, with member Altherr abstaining.

5. PRESENTATIONS AND DISCUSSION ITEMS (Action maybe taken on these items)

[20926-25](#) Approval of the 2026 Transportation Board Meeting Schedule

A motion was made by Member Altherr, seconded by Member Muck that the 2026 Transportation Board meeting calendar be approved as presented. The motion was approved unanimously.

[20939-25](#) FY26 Transportation Board Work Plan

The Transportation Board reviewed and approved their work plan with several amendments, including adding bicycle infrastructure projects, strengthening partnerships with Parks and Recreation and the Inclusivity Task Force/Health Council, and updating the pedestrian transportation plan to 2025. The board also agreed to reinstate Bike to Work Day activities.

A motion was made by Member Chappel, seconded by Member Edwards to adopt the work plan for the Los Alamos County Transportation Board as written with the amendments made this evening with final language to be developed by council and Chair Hampton, for turning in by January 2026. The motion was approved unanimously.

6. REPORTS & UPDATES

A. County Council Liaison Reports

The Transportation Board reviewed and approved their work plan with several amendments, including adding bicycle infrastructure projects, strengthening partnerships with Parks and Recreation and the Inclusivity Task Force/Health Council, and updating the pedestrian transportation plan to 2025. The board also agreed to reinstate Bike to Work Day activities.

A motion was made by Member Chappel, seconded by Member Edwards

to adopt the work plan for the Los Alamos County Transportation Board as written with the amendments made this evening with final language to be developed by council and Chair Hampton, for turning in by January 2026. The motion was approved unanimously.

B. Chair's Report

Chair Hampton mentioned there is no meeting in January, the installation of traffic lights on 20th Street and the need to find a new board member to replace Member Altherr, who is leaving after serving two terms.

C. Board Member Reports

Member Altherr thanked staff for the snow removal efforts, the snow and ice plan has been implemented as approved. He enjoyed reading the accolades, great call outs, nice to see acknowledgments.

D. Staff Report

[20940-25](#)

Public Works Staff Report

Eric Martinez, Public Works Director Staff reported on the plane at the airport for fire department training, ongoing installation of EV chargers, and the NM4 Trail and Crossing Project in White Rock, which was discussed in December. The new transit bus is expected soon, pending the manufacture of seats and benches. The Camp May Road project's completion date was pushed to mid-to-late December due to weather and progress delays.

7. NEXT MEETING/FUTURE AGENDA ITEMS

- Update on Trinity Drive barrier/traffic safety options.
- Request for EV fleet metrics comparing fuel use and electricity as the county's electric vehicle fleet expands

8. ADJOURNMENT

The Transportation Board meeting adjourned at 6:35 p.m.

If you are an individual with a disability who is in need of a reader, amplifier, qualified sign language interpreter, or any other form of auxiliary aid or service to attend or participate in the hearing or meeting, please contact the County Human Resources Division at 505-662-8040 at least one week prior to the meeting or as soon as possible.

Public documents, including the agenda and minutes can be provided in various accessible formats. Please contact the personnel in the Public Works Division at 505-662-8150 if a summary or other type of accessible format is needed.

Title

Presentation on NM 502 Safety Improvements

Body

In September 2024 a lane departure on NM 502 caused a collision that resulted in a fatality. Los Alamos National Labs (LANL) conducted a road safety audit (RSA) in 2025.

To mitigate any hazards and facilitate safety along that corridor, Los Alamos County, pre-emptively, has moved forward with the following two projects:

- Camino Entrada and NM 502 Intersection Improvements.
 - Extended centerline markings on NM502
 - Additional painted medians
 - Additional lane markings and signage.
- NM 502 Centerline Rumble Strip Installation Project
 - Project limits: Airport Rd. to just east of Eastgate Dr.
 - Removal of the passing zone located adjacent to the Airport.
 - Installation of centerline rumble strips from Airport Rd to just east of Eastgate Dr. Project ends where existing rumble strips begin.
 - Installation of double yellow centerline.
 - Gaps in rumble strips will be provided at all left turns
 - NMDOT has provided a letter of support for the project (Attachment A)

Ms. Jennifer Morrow
Los Alamos County
Public Work Department

Subject: Concurrence for Rumble Strip Installation along NM 502,
approximate MP 2.1 – 4.1

Dear Ms. Morrow,

The New Mexico Department of Transportation (NMDOT) District 5 has discussed Los Alamos County's plans for the proposed installation of centerline rumble strips along NM 502 near the airport, from approximately MP 2.1 – 4.1. Based on our discussion, NMDOT concurs with the project as presented, contingent upon the following requirements.

Prior to any construction activities within the state highway right-of-way, Los Alamos County must obtain a NMDOT Roadway Work Permit. No work may begin until the permit has been fully approved and issued.

All rumble strip work shall comply with Section 631, Rumble Strips, of the *NMDOT Standard Specifications for Highway and Bridge Construction*. Of particular emphasis is Section 631.3.2, which specifies placement requirements and mandates that the Contractor shall seal all rumble strip surfaces, including vertical surfaces, with an approved emulsified material.

Additional project expectations include the following, as discussed:

- Rumble strip installation shall be performed to minimize restriping where feasible.
- Millings from the rumble strips may be utilized to fill areas of erosion adjacent to the asphalt shoulder.
- The existing passing lane within the project limits can be restriped as double yellow.
 - Signage should also be adjusted as necessary for the no passing zone.

Please ensure that these requirements are incorporated into the project and communicated to the Contractor.

Review and Approve Revised Attachment A

Body

On December 4, 2025, the Transportation Board approved the 2026 Transportation Board Work Plan. Council has since revised Attachment A of the Work Plan, which is now presented for review and approval.

Recommended Action

I move that the Transportation Board approve the revised Attachment A of the 2026 Work Plan.

Attachments

B - Approved Transportation Board Work Plan

Attachment A

Place an X in the column on the right if the Council priority is related to the work of the Board or Commission:

Quality Governance	
Quality governance is participatory, consensus-oriented, transparent, accountable, effective, efficient, and responsive to the present and future needs of stakeholders.	
Communication and Engagement	
Inform, engage, and solicit feedback from community members and affected parties, including boards and commissions, on County projects, policies, and priorities to promote a culture of open communication and collaboration to increase public participation.	
Intergovernmental, Tribal, Regional Relations, and Partnerships	
Collaborate and problem-solve with the County's major employers; community partner organizations (local education, health care, and other organizations); neighboring Pueblos; and regional, state, and federal governmental entities.	
Fiscal Stewardship	
Evaluate alternative methods and approaches for expenditures and investments, ensure transparency, and comply with applicable budgetary and financial regulatory standards and fiscal sustainability.	
Operational Excellence	
Operational excellence involves having structures, processes, standards, and oversight in place to ensure that effective services are efficiently delivered within available resources and that services continuously improve to anticipate and meet future needs.	
Effective, Efficient, and Reliable Services	
Deliver customer-focused, accessible, reliable, and sustainable services to the community through collaborative decision-making, and efficient implementation.	
Infrastructure Asset Management	
Evaluate the County's assets and infrastructure to prioritize funding to first maintain and protect those investments and to second inform new investments.	
Employee Recruitment and Retention	
Attract and employ diverse and highly qualified staff, retain staff through development opportunities, equity and upskilling opportunities, and compensation and benefits, and promote staff to address increasingly complex challenges.	
Economic Vitality	
Economic vitality encompasses the ability of the community to diversify, develop, grow, and sustain the many elements necessary for a local economy to flourish.	
Housing	
Increase the capacity for new housing development and the amount and variety of housing types to meet the needs of a changing and growing population, particularly middle- and lower-income households.	
Local Business	
Encourage the retention of existing businesses, facilitate the startup of new businesses, and assist in opportunities for growth.	
Downtown Revitalization	
Revitalize the downtown areas of Los Alamos and White Rock by facilitating and incentivizing development opportunities.	
Educational, Arts, Cultural, and Historical Amenities	
Promote and enable educational, arts, cultural, and historical enrichment opportunities, in coordination with community partners, and provide for the preservation and restoration of historic buildings and the protection of archaeological sites.	
Tourism and Special Events	

Promote tourism, sponsor special events, and support community events, by enhancing amenities, utilizing indoor and outdoor facilities, and encouraging local business support and increasing capacity for overnight stays.	
Community Broadband	
Implement community broadband as a self-sustaining essential service that enables reliable high-speed Internet access throughout the County at competitive pricing.	
Quality of Life Quality of life is a reflection of general wellbeing and the degree to which community members are healthy, comfortable, welcomed, included, and able to enjoy the activities of daily living.	
Health, Wellbeing, and Social Services	
Expand access to behavioral, mental, and physical health and social services and amenities to address identified issues and promote wellbeing in the County and the region.	
Inclusion, Access, and Belonging	
Promote inclusion, access, and belonging through events and training, facility planning, and expanded opportunities and services for diverse needs and interests.	
Mobility	
Improve and expand access to, and provide disability accommodation for, alternative modes of travel including public transit, cycling, and walking amenities and services.	
Open Space, Parks, and Recreation	
Manage, maintain, and improve designated open spaces, parks and recreation facilities, trails, and amenities as defined by adopted plans and approved projects.	
Public Safety	
Ensure overall community safety through proactive and sustained implementation of police, fire, hazard mitigation, and emergency response plans.	
Environmental Stewardship Environmental stewardship is the responsible use and protection of the natural environment through active participation in conservation efforts and sustainable practices in coordination with community and organizational partners.	
Natural Resource Protection	
Take actions to protect wildlife and wildlife habitat, safeguard water quality, and mitigate tree loss in the community.	
Water Conservation	
Reduce potable water use and increase non-potable water use and water harvesting for irrigation where suitable.	
Climate Action and Resiliency	
Implement the roadmap for reducing greenhouse gas emissions, achieving a carbon neutral energy supply, and increasing climate resilience.	
Waste Management	
Divert community waste from landfills through recycling, re-use, composting and waste reduction programs, and zero-waste campaigns.	

2026 Work Plan for Los Alamos County Boards and Commissions

Board or Commission Name: Transportation Board

Date Prepared: 12/4/25

Date Approved by Council: TBD

Prepared By: Board Members and PW Staff

Purpose:

The purpose of the work plan is to provide a detailed outline of tasks, activities, timelines, and resources required by this Board or Commission to achieve its annual goals. The purpose of most boards is to gather public input, to review policy recommendations by staff when requested, and to make policy recommendations to the County Council.

Process Timeline:

November: County Council Strategic Planning

November: Boards and Commissions review and develop work plans.

December: Boards and Commissions review and develop work plans (sole item on December agenda)

January: Finalize and submit work plans for Council review.

Due Date: January 2026

Time Frame: This work plan will be accomplished in the following time frame:

January 1, 2026 through December 31, 2026

Members: List members, term start and end dates, and term number.

Member	Start/End Dates	Term (1st or 2nd)
David Hampton	03/01/2025 - 02/28/2027	2ndTerm
Michael Altherr (term limited)	03/01/2024 - 02/28/2026	2nd Term
Karen Edwards	03/01/2025 - 02/28/2027	2nd Term
Jason Chappel	03/01/2025 - 02/28/2027	1stTerm
Nancy Talley	03/01/2024 - 02/28/2026	1st Term
Joshua Muck	03/01/2024 - 02/28/2026	1st Term
Paul Lisowski	03/01/2024 - 02/28/2026	1st Term

Member Chappel

After a roll call vote, _____ was appointed as **Vice Chair**.

Body

Under the County Rules, "The Transportation Board shall elect a chair and a vice chair from

among its members at its first regular meeting after January 1 of each year."

The Rules give further guidance on the responsibilities which include presiding at official meetings; acting as the official spokesperson; keeping members informed of events, meetings and other occasions; ensuring that members are informed of significant communications directed to the chair; providing an annual presentation to Council; and working on the development of the meeting agendas.

Past practice has been to put this item of election of the chair and the vice chair at the beginning of the first meeting of the year. The chair from the past year will preside over the election for both the new chair and the vice chair taking nominations, then comments from members and members will vote for Chair and Vice Chair. Once the election for both positions is accomplished, the new chair will then preside over the remainder of the meeting.

STATS Update

Adopt-A-Road – 10 road segments have been adopted.

Since 1880, the League of American Bicyclists has been people-powered, with a goal to make bicycling safer and easier as a means of transportation and recreation. Today, the League continues to improve lives and strengthen communities through bicycling. We are more than 200,000 members and supporters strong with more than 1,000 state and local advocacy groups and bike clubs as well as thousands of businesses, universities, and communities leading the movement to create a Bicycle Friendly America for everyone.

The League of American Bicyclists is pleased to renew Los Alamos's designation as a Bronze-level Bicycle Friendly Community. This decision involved careful review of your 2025 BFC application and supplemental materials, as well as consultation with local cyclists and bike advocates. As you know, this award is presented only to communities with strong commitments to bicycling. You should be very proud of this accomplishment.

AIRPORT

Gary Goddard, Division Manager

STATS Update

Airfield Operations

December activity at the Los Alamos County Airport remained strong, with operations recorded through Virtower data at a total of 320 operations, reflecting continued use by both based and visiting aircraft. Seasonal weather patterns contributed to typical winter fluctuations while maintaining steady levels of general aviation and helicopter (106 operations) activity.

Projects and Operations

Construction planning and coordination efforts for both the eight-unit T-Hangar project, and the Taxiway-F relocation and design work continue to move forward steadily. These projects remain central to long-term airfield development and capacity expansion at the County Airport.

While physical construction activity has been limited due to supply chain issues, progress continues behind the scenes through design development, funding coordination, and contractor engagement to keep both projects on track.

Strategic Partnerships and Community Engagement

During the month, the Airport Manager met with representatives from Cape Air to explore the potential for future commercial air service between Los Alamos County Airport (KLAM) and Albuquerque (ABQ). Discussions were supported by travel demand data from the LANL Travel Office and early indicators suggest promising long-term feasibility and support from the NMDOT. Further discussion regarding any potential service will continue.

The Airport Manager also attended a reception associated with New Mexico Aviation Day at the Roundhouse, engaging with the Lieutenant Governor and other state leaders. The event highlighted strong statewide momentum, funding opportunities, and long-term support for aviation and aerospace initiatives across New Mexico.

In addition, the Airport Manager facilitated an after-hours informational meeting at the terminal for local pilots and community members interested in forming a flying club. While the County is not directly involved in organizing the club, the airport provided space and coordination support to encourage community collaboration and increased general aviation activity.

CAPITAL PROJECTS & FACILITIES

Los Alamos County is working on a variety of projects that support quality of life, infrastructure, and economic development initiatives.

Matthew Valencia, the new member of the project management team, started his new role on January 20. Matt has been with the County for 13 years and brings extensive facilities experience to the Project Management team.

The project to continue the design development for an Emergency Operations Center adjacent to Fire Station 3 kicked off on January 16.

The renovation of all 13 showers at Fire Station has been completed.

The Fire Station 4 replacement project team is currently reviewing the 100% construction documents and readying bid documents. The invitation for bid is anticipated to be advertised in February.

Construction work to replace the HVAC system at the Golf Course Clubhouse started on January 20. The project will take 9 to 12 weeks to complete. The contractor has completed the removal of the old HVAC system and has started mounting the components of the new system in the Community Room side of the Clubhouse. The photos below show workers securing the air ducts to the ceiling space and a new branch controller installed at the Community Room.

A cubicle spaces reconfiguration at the Public Works and Community Development suite was completed to convert a double sized cubicle into two cubicles. The reconfiguration work consisted of the addition of partition walls and rerouting of electrical receptacles. This reconfiguration will bring CDD and PW teams closer to facilitate communication and collaboration.

New EV charging stations at the Municipal Building have been in operation for one month and have served 80 customers. The average charging session is 3.6 h

Facilities (Preventative Maintenance)

CUSTODIAL

Bob Feagans, Division Manager

Meeting Our Goals

The Custodial Division continues to promote innovative approaches, conscientious stewardship and outstanding customer service while delivering clean and safe results to the County.

Our Division also promotes outstanding customer service support through the Fuller Lodge Reservations Office, helping customers reserve and plan their events at County indoor facilities.

News & Updates

Reservations for the month of January decreased from December after the holiday parties/events concluded. Reservations for January and February typically slow down until picking up again in March.

The Ice Rink was detailed cleaned for their winter season.

The Los Alamos Little Theater was detailed cleaned and floors refinished after the renovations.

New dispensers were installed at the Golf Course Clubhouse.

Looking Ahead

Floor work is scheduled for the Golf Course restaurant area, Little Theater and Fuller Lodge. This includes the wood flooring and concrete patio at the restaurant.

STATS Update

ENGINEERING

Eric Ulibarri, County Engineer

Meeting Our Goals

The Engineering Division is actively managing numerous design, construction, maintenance, and development review projects aligned with the County Council's strategic priorities for infrastructure, mobility, and economic vitality.

News & Updates

The Denver Steels Phase II project, which was awarded to TLC Plumbing and Utility (Spead D) held a pre-construction conference in January, with construction beginning in February, replacing the roadway, targeted replacement of concrete, ADA improvements, and replacement of aging waterlines and fire hydrants.

The NM-4 Crossing and Multi-Use Trail project was presented to County Council to request approval of the new HAWK signal (Pedestrian Hybrid Beacon). The project is anticipated to be advertised for construction in April 2026 and will be complete in Summer 2027.

Connecting with the Public

The Denver Steels Phase II public outreach process consists of coordination with affected residents, businesses, and Los Alamos Public Schools. This coordination is critical to successful project execution while minimizing negative impacts.

Looking Ahead

Staff have been preparing multiple grant applications to help fund CIP and pavement preservation projects in FY27. Preparation continues in preparing solicitation of bids for several key projects, including the Finch Street project, Trinity Drive Safety and ADA Improvements, and the NM-4 Multi-Use Trail and Crossing.

Design development continues for two Capital Improvements Projects for Denver Steels Phase III and Fairway Drive. These projects are joint-utility projects and are anticipated to be advertised for bids in late 2026 for 2026/2027 construction.

The Engineering Division continues to play an active role in reviewing developer applications, conducting inspections, and approving construction permits and design reviews. Recent reviews have covered a diverse range of projects, such as the Christus Development, A-8-A near DP Road, 20th Street Development, the Guesthouse Hotel (old Hilltop House site), the Women's Dormitory Building, and the Hills Apartments/35th Street Realignment. Other reviews include the Century Bank, Sherwood Rounds off Longview Drive, Arbolada, and the redevelopment of the Motel 6 building.

Environmental Services supported post-holiday cleanup by providing the annual Christmas tree collection, providing residents with an easy and environmentally responsible way to dispose of natural trees. 16.81 tons of trees were collected from residents and prepared for chipping and reuse as mulch or compost, helping keep organic waste out of the landfill. The effort contributed to a cleaner community after the holidays while promoting sustainable waste management practices. Residents who missed the collection dates can still drop off Christmas trees at the Eco Station free of charge.

Environmental Services updated facility signage to improve clarity and make information easier to understand. The new signs provide clearer directions and more consistent messaging, helping visitors quickly identify the correct areas and services. These updates improve accessibility, reduce confusion, and support smoother, more efficient use of Environmental Services facilities.

Environmental Services recently underwent a facility inspection by the New Mexico Environment Department (NMED) and was found to be in compliance with NMED rules and regulations. The inspection reflects the department's commitment to maintaining high environmental and operational standards. This positive outcome highlights the effectiveness of ongoing maintenance, staff training, and adherence to state regulations.

Residential Sustainability Report – December 2025

Residential Sustainability Report

Service Period: December 2025

LOS ALAMOS

December Diversion Rate: 21%

The diversion rate is the percent of recyclable and compostable material diverted from the landfill.

Monthly Collection Report

■ Mixed Recycle ■ Trash ■ Yard Trimmings

% Change Previous Year

	Dec-24	Dec-25
Yard Trimming	0.00	33.31
Recycle	89.06	86.28
Trash	425.89	445.22

In December by recycling and composting Los Alamos County reduced GHG emissions by ~362 tons*

In 2025 by recycling and composting Los Alamos County reduced GHG emissions by ~5,645 tons*

FLEET

Pete Mondragon, Division Manager

STATS Update

- Work orders entered – 189
- Work orders completed within 72 hours -117
- Work orders that remain open - 19
- Work orders that are considered preventive maintenance – 30
- Work orders that are considered repairs – 158
- Work orders due to accidents – 1

I would like to recognize two Fleet mechanics, Jonathan Bailon and Gamaniel Mendoza, for successfully completing the Electric Vehicle course at Santa Fe Community College. The course was conducted one day per week over a ten-week period and included classroom instruction, homework assignments, hands-on training, and knowledge-based assessments. Their commitment to professional development and advancement in electric vehicle technology is commendable.

TRAFFIC & STREETS

Tim Walker-Foster, Division Manager

STATS Update

Customer calls – 93

Traffic Control & Excavation Permits processed – 11

Permits extended – 1

Locates performed – 51

Asphalt used – 12 tons

Concrete used – 2 yards

Perma Patch used – 840 lbs.

Signs fabricated and installed – 94

Lights and fixtures that were replaced –

Work orders received – 19

Work orders completed - 12

Streetlight bulbs replaced - 6

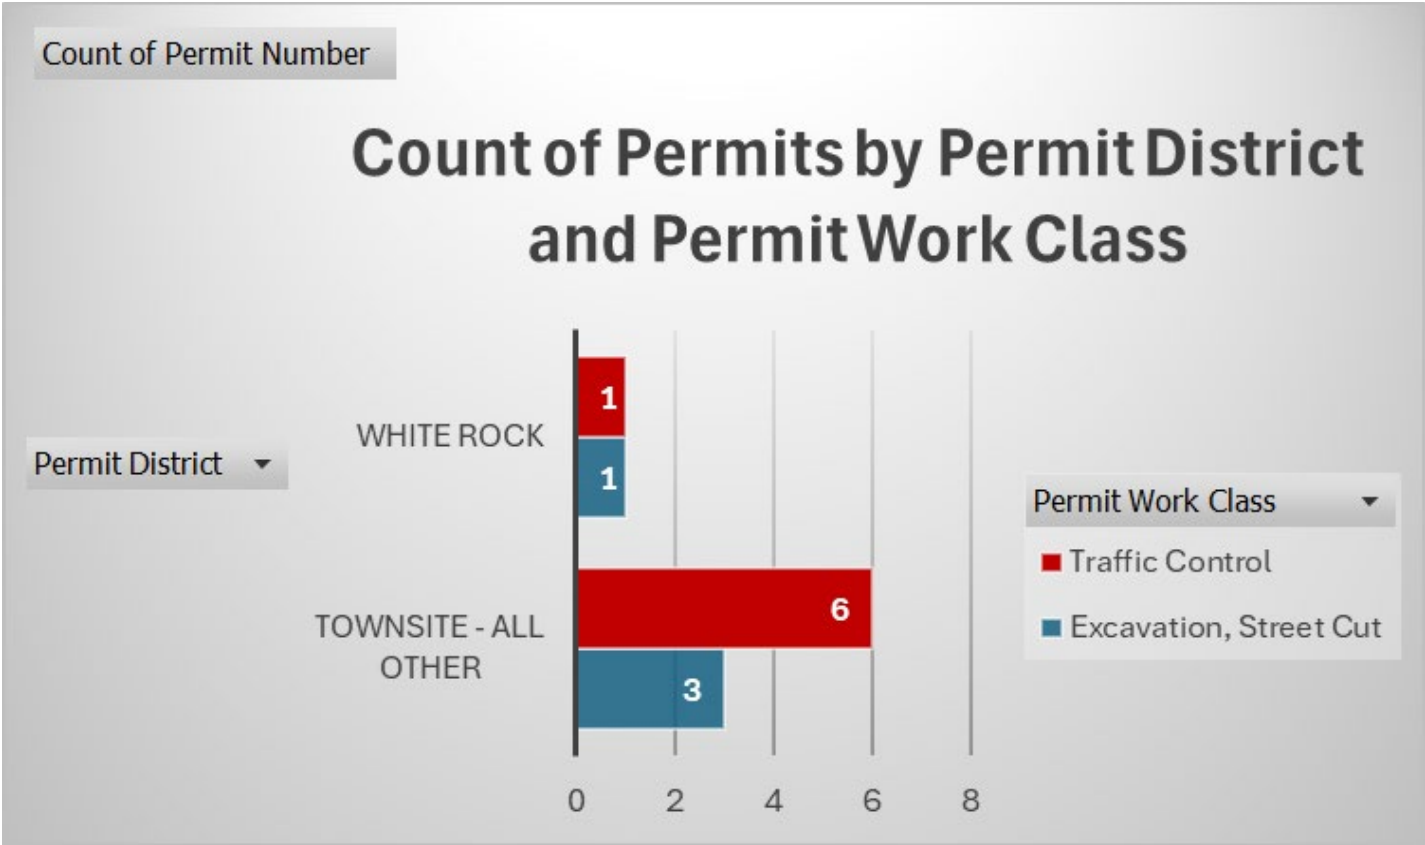

Streets crews reconstructed a storm drain at 36th Street and Questa as well as completing sidewalk repairs at Cheryl Drive and Lejano Road. Utility water break asphalt patches were repaired at Tiffany Court and North Road. Crews also removed 850 tons of concrete and asphalt construction waste from a county-owned parcel on DP Road in preparation for a potential sale. Additional support included assisting surveyors with storm drain and sewer manhole access on Trinity Drive and removing a steel plate from Central Avenue to allow inspection of a damaged storm vault.

Maintenance activities included vegetation mowing and shoulder sweeping at the airport and golf course, as well as countywide pothole repairs using 840 pounds of perma-patch. Traffic and Streets crews performed snow removal operations during the January 8 snowstorm and completed maintenance on all snow removal equipment in preparation for future events.

The Signs and Markings crew replaced 94 sun-damaged and knocked-down signs countywide, including ACT bus stop signs. They extended two pole locations on State Road 4 near South Monte Rey for license plate reader installations and installed two new crosswalks on North Mesa Road near Hawk Drive and Terry Lane.

Due to staffing shortages of two traffic electricians, the Traffic Manager and crew members completed repairs to pedestrian pushbutton poles at Trinity Drive and Knecht Street, as well as at Diamond Drive and 38th Street, in addition to replacing 6 streetlight bulbs.

Administrative staff processed and issued 11 permits for work within the county right-of-way and extended one existing permit.

Atomic City Transit (ACT) continues to evaluate and review potential service on Saturday's. This service is expected to provide more options for the community. Currently, ACT is seeking options to plan a study on ways to improve our service and possible expand our on-demand services.

ACT is coordinating with the National Monument on the upcoming seasonal shuttle service. Bandelier National Monument and Los Alamos County work together each year to provide seasonal shuttle service that helps manage visitor access and parking congestion — especially during the busier season.

ACT MyRide Services Monthly Performance Metrics 2025

On Demand: ACT MyRide and ACT MyRide Assist Programs Ridership

While both serves are free, ACT MyRide is a same day rideshare service open to the public while Assist ACT MyRide is by application only and part of the American Disabilities Act Program. Both services run Monday through Friday. ACT MyRide operates from 5:15 AM to 6:00 AM and 6:30 PM to 9:00 PM and Assist from 6:00 AM to 6:30 PM. An ACT MyRide Saturday Pilot Program ran from August 2, 2025 to October 25, 2025 to determine need and capacity for long term implementation.

Seasonal Services Monthly Performance Metrics 2025

Express Routes 7-11, 2025

Express Routes run one outbound trip from bus stops near schools into the Downtown Area between 2:00 - 3:45pm August through May.

Bandelier Route 12

Bandelier contracted service runs between Juniper Parking Lot and the Visitor Center during park service hours May to October.

Note: In 2024 and 2025, changes in Bandelier service levels and connection to White Rock adjusted ridership significantly.

Monthly Ridership Comparison by Year

	7	8	9	10	11	Bandelier 12	Grand Total
December 2019		612	588	688	774	0	2,662
December 2024	743	655	538	446	543		2,925
December 2025	700	511	359	652	605		2,827

There were 10 unassigned riders in December 2025. Unassigned riders are riders on board during non-revenue service periods or can happen when disconnected from the live tracking technology where the software cannot determine which route to assign the passengers.

NEW STAFF & PROMOTIONS

Atomic City Transit welcomes Anthony Romero and Travis Portis.

Anthony Romero

Travis Portis

Congratulations to Matthew on his promotion to Project Manager with the Capital Projects and Facilities.

Matthew Valencia

Staff Members Highlight of the Month – January 2026

Congratulations to Henry (Kelso) Street. In December, Kelso was promoted to an Operator I. He completed all training of service which included CDL Entry Level Driver, Bus and Route training. Kelso successfully passed all exams. He is out driving on routes and ready to support the community with transit services. Next trip you take with Atomic City Transit, take time to say “hi” to Kelso. We look forward to working with him for many more years.

PROJECTS

Signs and markings crews repaired knocked-down signs countywide

Signs and markings crew installed new crosswalks on N. Mesa Rd, near Hawk Dr. and near Terry Ln.

DIVISION VACANCIES

Administration – This division is currently fully staffed.

Airport – This division is currently fully staffed.

CAPITAL IMPROVEMENT PROJECTS UPDATES – FACILITIES

A summary of the project and additional information can be found at the County website – <https://www.losalamosnm.us/Government/Departments-and-Divisions/Public-Works/Capital-Projects-Facilities-Division-Projects>.

	Project Name	Dept	Update
	Asset Management Software for Facilities	PW	Facilities are coordinating training for Department Liaisons on the work order requests portal.
	Benchmarking Building Utility Consumption	PW	No activities to report in November.
	Justice Center Emergency Dispatch CRAC Unit	PD	Design team is reviewing updated cost proposal from contractor.
	Manhattan Project Era Dormitory Renovation	PW	100% construction documents anticipated by mid-February. The Architect is working on an updated construction cost estimate.
	Golf Course Site Improvements	PW, CSD	There is a short list of warranty items to be initiated by Spring 2026 weather permitting.
	Golf Course Clubhouse HVAC replacement	PW, CSD	Construction work started on January 20. Contractor has completed the removal of the existing HVAC units at the Community Room.
	Ice Rink Permanent Chiller Replacement	PW, CSD	This project has been completed. A change order to acquire a spare compressor motor has been routed for approvals.
	Ice Rink Floor Replacement and Shade Structure	PW, CSD	Staff is preparing and RFP for design –build services.
	Fire Station 3 Snow Melt System Replacement	PW, FD	Contractor is preparing an alternative snow melt system for the engineer's review and approval.
	Emergency Operations Center (EOC)	PW, PD, FD	The design development phase for this project started on January 16. The project team is reviewing the floor plan configuration.
	Fire Station 4 Replacement	PW, FD	Project team is reviewing the 100% construction drawings and preparing bid documents. The bid advertisement is expected in February.
	Aquatic Center Olympic Pool Restoration	PW, CSD	Pre-construction meeting scheduled for February 10. The start of construction is scheduled for March.
	Los Alamos Little Theatre Fire Suppression and Asbestos Abatement.	PW, CSD	Project completed. Building has been handed over to the Little Theatre.

	Betty Ehart Senior Center Renovation	PW, CSD	Project team is reviewing the consultant proposal to develop construction documents.
	Betty Ehart Senior Center HVAC Replacement	PW, CSD	50% Construction Documents anticipated by the end of February.
	Municipal Building EV Charger Installation	Sustainability, PW, DPU	Project completed.
	Mesa Public Library EV charging Stations	Sustainability, PW, DPU	Design of electric system in progress. Project team is waiting on installation information from an EV chargers vendor.
	Fire Station 3 Showers Renovation	PW, FD	Project Completed
	Aquatic Center Pool Replacement Pumps Design	PW, CSD	Project team is reviewing a proposal to design the replacement pumps and ancillary filtering system.
	Justice Center Parking Lot Lights Replacement	PW	Staff is evaluating alternatives to procure electrical contractor services for this project.
	PCS Salt Bins Rust Correction	PW	Review 90% drawings in progress.
	PCS Bus Canopy Snowmelt System	PW	Electric design for EV chargers and block heaters in progress.
	Brewer Arena Improvements	PW/ CSD	Project will be presented for Council consideration on February 17.
	Social Services Action Center	PW/ CSD	A request for the planning phase of this project has been sent out to on-call A/E consultants. Proposals are anticipated by mid-February.
	Airport T-Hangars	PW	Contractor is ordering building materials and T-Hangar buildings.

CAPITAL IMPROVEMENT PROJECTS UPDATES – ENGINEERING

Los Alamos County is working on a variety of projects that support quality of life, infrastructure, and economic development initiatives. A summary of the project and additional information can be found on our website – <https://lacnm.com/PW-Projects>.

Project Name	Dept(s)	Update
NM-4 Crossing and Multi-Use Trail and Pinon Elementary School Trail Extension	PW	This project will create an at-grade crossing of NM State Road 4 in White Rock at the Mirador Subdivision and provide both new multi-use trail infrastructure and reconstructed trail infrastructure in the Pinon Park area. The county received design and construction grant funding from NMDOT for this project. A separate grant was also received to extend the trail network through the Pinon Elementary School to Grand Canyon Drive. The designs are being completed by Bohannon Huston and will be advertised for construction in Spring 2026 with construction continuing through 2027.
Trinity Drive Safety and ADA	PW	This project is the result of a 2016 road safety audit and has been awarded grant funding from the Federal Highway Safety Improvement Program by NMDOT. A resolution of support was made by Council in September 2024 approving a Hybrid Road Diet, one of the alternatives presented by the engineer Wilson and Co. The design has been finalized with construction anticipated to begin in 2026.
Finch Street	PW	This project design was completed by an on-call engineering firm. The project is anticipated to be advertised for bids in late 2025. Council approved an agreement with the Los Alamos Medical Center for the transfer of land for the construction of the Finch Street project in August 2023. Construction is anticipated to begin in 2026.
Canyon Rim Trail Phase III	PW	The project design and right-of-way (ROW) acquisitions are underway from Knecht Street to 15 th Street. The design is being completed by an on-call engineering firm, Wilson and Co. The project is anticipated to be advertised for bids in Fall 2026 with construction occurring in late 2026/2027. Completion of the trail design from 15 th Street to 20 th Street is pending ROW acquisitions.
Denver Steels Phase II	PW	This project was awarded to TLC Plumbing and Utility (Spear D). The joint project with the Department of Public Utilities includes full road reconstruction along with utility upgrades. The project is anticipated to begin construction on the first week of February.

Fairway Dr. – Trinity Dr. to LANL Gate	PW	This project is a joint-utility project with DPU and is anticipated for construction in late 2026 through 2027. The design is being completed in-house and is underway.
Denver Steels Phase III	PW	This project is a joint-utility project with DPU and is anticipated for construction in late 2026 through 2027. The design is being completed in-house and is underway.
