**o Los Alamos County (LAC) is currently in the eighth year of a ten-year cost-sharing Cooperative Agreement (CA) between LAC and the DOE/NNSA for funding and operation of the LAFD. The principal purpose of the CA is to assist Los Alamos County in providing fire protection services to all residential, commercial, and government entities located within its boundaries. Because of the size and nature of LANL, significant burdens relating to fire protection have been cast on Los Alamos County. The LANL campus is interspersed throughout Los Alamos County; therefore, placing the surrounding community at a much greater risk of a radiological or hazardous material disaster in the event of a wildfire in the community or at LANL. To adequately protect against these unique risks, LAFD is required to employ highly trained personnel and equipment in greater numbers than would normally be required for a standard county fire department, thereby drastically increasing the financial burden on Los Alamos County. Without DOE/NNSAs financial assistance, Los Alamos County would not have comparable resources available to protect itself, LANL, or its citizens, most of whom work at LANL. Sharing the costs and resources of fire protection services within Los Alamos County, including LANL have resulted in reasonable overall costs for performance. Citizens and visitors to Los Alamos County have benefited from a heightened level of fire protection services their tax base could not support. Likewise, the State of New Mexico and nearby communities and counties receive a level of fire department assistance that would not be otherwise available in the rural areas of northern New Mexico. Additionally, for wildland fires that might occur on National Forest, National Park, and Pueblo lands within or adjacent to Los Alamos County will be responded to and suppressed quicker following discovery because of the increased capabilities of the LAFD. LAC is**

**required to apply for continuation funding on an annual basis prior to the new federal fiscal year (beginning October 1). Continuation funding is contingent on 1) availability of funds appropriated by Congress for the purpose of this program; 2) the availability of future year budget authority; 3) substantial progress towards meeting the objectives of the approved application; 4) submittal of required reports; and 5) compliance with the terms and conditions of the award.**

In cases of demonstrated economic hardship, and upon the request of the grant applicant, the FEMA Administrator may grant an Economic Hardship Waiver. Is it your organization's intent to apply for an Economic Hardship Waiver?

**No**

**o The LAFD is currently the fourth largest career fire department in the State of New Mexico and the only department with an ISO (Insurance Services Office) rating of 2 in the state. The Department provides fire, rescue, emergency**

medical, public education, and life safety services to the citizens and visitors of LAC and LANL. LAC encompasses 109.5 square miles and houses approximately 18,159 residents and is supplemented by over 10,000 daily commuters. The LAFD was originally organized under the Manhattan Project in April of 1943. At that time, it consisted of 7 civilian firefighters and 25 volunteer firefighters. In September 1943, the firefighter functions were taken over by the military. The Fire Department was operated under the US Atomic Energy Commission and the DOE, who employed federal government employees for this service until 1988. At that time, the DOE awarded a contract to the County to hire personnel and provide fire and EMS service for LANL and the community. The contractual relationship between the DOE and County continued through November 30, 1997, with two consecutive contracts. On December 1, 1997, DOE transitioned the management on LANL to a management and oversight contract. On October 1, of 2008, the County, the DOE and NNSA entered into a five-year Cooperative Agreement (CA) for the funding and operation of LAFD. CA #DE-FC52-08NA28090 became effective on October 1, 2008, and establishes an estimated project cost through September 30, 2013 and the cost-sharing arrangement. In October 2013, the hard work of the LAFD resulted in the signing of an unprecedented 10-year Cooperative Agreement. The LAFD reports to DOE/NNSA and Los Alamos County; however, the LAFD is chartered by the Los Alamos County so the County Administrator is the Authority Having Jurisdiction (AHJ) over the department. The NNSA site manager is AHJ for overall operations of the DOE/LANL property. LAFD currently operates with 150 budgeted positions consisting of 139 uniformed and 11 civilian positions. LAFD has five operational fire stations, one training station, and an administration office.
