*Randall Ryti, Council Chair; Ryn Herrmann, Council Vice Chair;
Theresa Cull, Melanee Hand, Suzie Havemann,
Beverly Neal-Clinton, and David Reagor, Councilors*

Tuesday, June 30, 2026

6:00 PM

Council Chambers – 1000 Central Avenue

1. OPENING/ROLL CALL

The Council Chair, Randall Ryti, called the meeting to order at 6:00 p.m.

Chair Ryti made opening remarks regarding the meeting's procedure.

The following Councilors were in attendance:

**Present: 5 – Councilor Ryti, Councilor Herrmann, Councilor Hand, Councilor Havemann,
and Councilor Reagor**

Remote: 2 – Councilor Cull and Councilor Neal-Clinton

2. PLEDGE OF ALLEGIANCE

Led by: All.

3. PUBLIC COMMENT

Mr. Greg Mello spoke.
Ms. Carolyn Cowan spoke.
Ms. Heike Wilcox spoke.

4. APPROVAL OF AGENDA

**A motion was made by Councilor Havemann, seconded by Councilor Reagor, that Council
approve the County Council agenda as presented.**

The motion passed with the following vote:

**Yes: 7 – Councilor Ryti, Councilor Herrmann, Councilor Cull, Councilor Hand,
Councilor Havemann, Councilor Neal-Clinton, and Councilor Reagor**

5. PRESENTATIONS, PROCLAMATIONS, AND RECOGNITIONS

A. "America the Beautiful" Performed by the Lasses and Lads of Enchantment

The Lasses and Lads of Enchantment performed.

B. Proclamation Recognizing July 4th, 2026 as the 250th anniversary of the signing of the Declaration of Independence

Councilor Herrmann read and presented the proclamation.

Ms. Linda Carol Alt, Regent of the Valle Grande Chapter of the National Society Daughters of the American Revolution, spoke.

C. Proclamation Designating July 2026 as Park and Recreation Month in Los Alamos County

Councilor Reagor read and presented the proclamation.

Ms. Katherine Hudspeth, Recreation Superintendent, spoke.

6. PUBLIC COMMENT FOR ITEMS ON THE CONSENT AGENDA

None.

7. CONSENT AGENDA

Consent Motion:

A motion was made by Councilor Herrmann, seconded by Councilor Hand, that Council approve the items on the Consent Agenda as presented and that the motions in the staff reports be included for the record.

A. Board/Commission Appointment(s) - Property Valuation Protest Board

I move that Council appoint Wendy Keffler as the Valuation Protests Board Professional representative and Kenneth Milder as the Valuation Protests Board Professional representative alternate, with demonstrated experience in the field of property valuation, and Richard Klamann as the Valuation Protests Board Community Representative and Kevin Talley as the Valuation Protests Board Community representative alternate, all for the term July 1, 2026 through June 30, 2028.

B. Approval of Budget Revision 2026-89 to Increase Expenditure Authority for Interdepartmental Charges for Transit Division

I move that Council approve Budget Revision 2026-89 to increase expenditure authority for interdepartmental charges for Transit and include Attachment A as part of minutes of this meeting.

C. Approval of Budget Revision 2026-33 for Risk/Workers Compensation Funds

I move that Council approve Budget Revision 2026-33 and include Attachment A as part of minutes of this meeting.

D. Approval to Apply for the Cultural Properties Restoration Grant for the Manhattan Project-era Dormitory Project

I move that Council give approval to apply for the Cultural Properties Restoration Grant for the Manhattan Project-era Dormitory Project.

The motion passed with the following vote:

Yes: 7 – Councilor Rytli, Councilor Herrmann, Councilor Cull, Councilor Hand, Councilor Havemann, Councilor Neal-Clinton, and Councilor Reagor

8. INTRODUCTION OF ORDINANCE(S)

- A. Introduction of Incorporated County of Los Alamos Ordinance No. 757; An Ordinance Proposing Amendment to Article III, Section 305, Subsection 305.3, of the Charter of the Incorporated County of Los Alamos to be Submitted to the Electorate for Adoption or Rejection at a General Election on November 3, 2026, Pertaining to Standing Boards and Commissions and Ad Hoc Advisory Committees**

Ms. Anne Laurent, County Manager, spoke.

Councilor Havemann introduced, without prejudice, Incorporated County of Los Alamos Ordinance No. 757; An Ordinance Proposing Amendment to Article III, Section 305, Subsection 305.3, of the Charter of the Incorporated County of Los Alamos to be Submitted to the Electorate for Adoption or Rejection at a General Election on November 3, 2026, Pertaining to Standing Boards and Commissions and Ad Hoc Advisory Committees and asked the staff to assure that it is published as provided in the County Charter.

- B. Introduction of Incorporated County of Los Alamos Ordinance No. 758; An Ordinance Proposing Amendment to Article V, Section 509 of the Charter of the Incorporated County of Los Alamos to be Submitted to the Electorate for Adoption or Rejection at a General Election on November 3, 2026, Pertaining to Priority of Budgeted Expenditures**

Councilor Havemann introduced, without prejudice, Incorporated County of Los Alamos Ordinance No. 758; An Ordinance Proposing Amendment to Article V, Section 509 of the Charter of the Incorporated County of Los Alamos to be Submitted to the Electorate for Adoption or Rejection at a General Election on November 3, 2026, Pertaining to Priority of Budgeted Expenditures and asked the staff to assure that it is published as provided in the County Charter.

9. PUBLIC HEARING(S)

- A. Incorporated County of Los Alamos Code Ordinance No. 02-380; An Ordinance Amending the Department of Public Utilities' Water Service Rate Schedules, Chapter 40, Article III, Sections 40-171, 40-173 and 40-175, and adding new Sections 40-176, 40-177, and 40-178 to the Incorporated County of Los Alamos Code

Ms. Joann Gentry, Deputy Utilities Manager – Finance and Administration, presented.

Mr. Philo Shelton, Utilities Manager, spoke.

Mr. Richard Valerio, Business Operations Manager, spoke.

Ms. Anne Laurent, County Manager, spoke.

Mr. Alvin Leaphart, County Attorney, spoke.

Public Comment:

Ms. Heidi Bjorklund spoke.

Ms. Maire O'Neill spoke.

Ms. Vanessa Gonzales spoke.

Mr. Mark Schmitt spoke.

A motion was made by Councilor Havemann, seconded by Councilor Herrmann, that Council adopt Incorporated County of Los Alamos Code Ordinance No. 02-380; An Ordinance Amending the Department of Public Utilities' Water Service Rate Schedules, Chapter 40, Article III, Sections 40-171, 40-173 and 40-175, and adding new Sections 40-176, 40-177, and 40-178 to the Incorporated County of Los Alamos Code; and asked staff to assure that it is published in summary form.

The motion passed with the following vote:

Yes: 6 – Councilor Ryti, Councilor Herrmann, Councilor Cull, Councilor Hand, Councilor Havemann, and Councilor Neal-Clinton

No: 1 – Councilor Reagor

- B. Incorporated County of Los Alamos Code Ordinance No.02-383 An Ordinance Amending the Code of Ordinance of the Incorporated County of Los Alamos by Repealing Chapter 8 Boards and Commissions, an Article XIV, in its Entirety and Replacing it with Provisions to Create an Inclusivity Board

Ms. Linda Matteson, Deputy County Manager, presented.

Public Comment:

None.

A motion was made by Councilor Herrmann, seconded by Councilor Havemann, that Council that Council a adopt Incorporated County of Los Alamos Code Ordinance No. 02-383; An Ordinance Amending the Code of Ordinance of the Incorporated County of Los Alamos by Repealing Chapter 8 Boards and Commissions, an Article XIV, in its Entirety and Replacing it with Provisions to Create an Inclusivity Board and asked staff to assure that it is published in summary form.

The motion passed with the following vote:

Yes: 7 – Councilor Ryti, Councilor Herrmann, Councilor Cull, Councilor Hand, Councilor Havemann, Councilor Neal-Clinton, and Councilor Reagor

- C. Incorporated County of Los Alamos Code Ordinance No. 02-384, Amending Chapter 6, Article I, Section 6-10, Bites; Impounding

Mr. Dino Sgambellone, Police Chief, presented.
Mr. Alvin Leaphart, County Attorney, spoke.

Public Comment:
Ms. Lisa Reader spoke.
Ms. Vanessa Gonzales spoke.

A motion was made by Councilor Hand, seconded by Councilor Herrmann, that Council adopt Incorporated County of Los Alamos Ordinance No. 02-384, Amending Chapter 6, Article I, Section 6-10, Bites; Impounding; she further moved that, upon passage, the Ordinance be published in summary form.

The motion passed with the following vote:

Yes: 7 – Councilor Rytli, Councilor Herrmann, Councilor Cull, Councilor Hand, Councilor Havemann, Councilor Neal-Clinton, and Councilor Reagor

RECESS

Councilor Rytli called for a recess at 8:01 p.m. The meeting was reconvened at 8:12 p.m.

10. BUSINESS

- A. Presentation on Cameras and Data Collection throughout Los Alamos County

Mr. Dino Sgambellone, Police Chief, presented.
Mr. Alvin Leaphart, County Attorney, spoke.
Mr. Chris Ross, Police Commander, spoke.
Ms. Anne Laurent, County Manager, spoke.
Mr. John Roig, Chief Information Officer, spoke.

Public Comment:
Mr. Chris Luchini spoke.
Ms. Rachel Reese spoke.
Ms. Heike Wilcox spoke.
Mr. Jacob Knecht spoke.
Ms. Lindsey Smith spoke.
Ms. Sharon Dry spoke.
Mr. Andrew Delorey spoke.
Mr. Jim Rickman spoke.

No action taken.

- B. Possible Approval of Services Agreement No. AGR26-810 with Modaxo Traffic Management USA Inc. for Automated Speed Enforcement Services in an Amount Not to Exceed \$2,132,676 Plus Applicable Gross Receipts Tax for the Term of Five Years, With an Option to Renew for Two Additional Years

Mr. Dino Sgambellone, Police Chief, presented.

Ms. Anne Laurent, County Manager, spoke.

Public Comment:

Mr. Chris Luchini spoke.

Ms. Heike Wilcox spoke.

Ms. JJ Mortensen spoke.

A motion was made by Councilor Havemann, seconded by Councilor Cull, that Council approve Services Agreement No. AGR26-810 with Modaxo Traffic Management USA Inc. for automated speed enforcement services in an amount not to exceed \$2,132,676, plus applicable gross receipts taxes, and authorize the County Manager to execute the agreement.

The motion passed with the following vote:

Yes: 5 – Councilor Ryti, Councilor Herrmann, Councilor Cull, Councilor Hand, and Councilor Havemann

No: 2 – Councilor Neal-Clinton and Councilor Reagor

C. Discussion and Possible Approval of Purchase Agreement for Los Alamos School of Gymnastics

Ms. Anne Laurent, County Manager, presented.

Public Comment:

Mr. Miles Beaux spoke.

Ms. Lisa Reader spoke.

Ms. Louise Janecky spoke.

A motion was made by Councilor Hand, seconded by Councilor Herrmann, that Council approve the purchase of the Los Alamos School of Gymnastics Building, located at 555 North Mesa Road, in the amount of \$500,000 and authorize the County Manager to move forward with executing the Purchase Sale Agreement and close on the real-estate transaction.

The motion passed with the following vote:

Yes: 7 – Councilor Ryti, Councilor Herrmann, Councilor Cull, Councilor Hand, Councilor Havemann, Councilor Neal-Clinton, and Councilor Reagor

D. Discussion and Possible Action of Design Concept Selection for the Ashley Pond Safety Improvement Project

Mr. Eric Martinez, Public Works Director, spoke.

Ms. Jennifer Morrow, Senior Engineer, presented.

Ms. Anne Laurent, County Manager, spoke.

Public Comment:

None.

A motion was made by Councilor Hand, seconded by Councilor Herrmann, that Council approve Design Concept 3 for the Ashley Pond Safety Improvement Project.

The motion passed with the following vote:

Yes: 7 – Councilor Ryti, Councilor Herrmann, Councilor Cull, Councilor Hand, Councilor Havemann, Councilor Neal-Clinton, and Councilor Reagor

- E. Discussion and Possible Approval of Task Order No. 33 under Services Agreement No. AGR 22-18a with All-Rite Construction in the Amount of \$3,673,522.86 plus Applicable Gross Receipts Tax for the Betty Ehart Senior Center HVAC Replacement Project and Establish a Project Budget in the Amount of \$5,000,000**

Mr. Eric Martinez, Public Works Director, spoke.

Mr. Miguel Jimenez, Project Manager, presented.

Ms. Linda Matteson, Deputy County Manager, spoke.

Public Comment:

None.

A motion was made by Councilor Hand, seconded by Councilor Havemann, that Council approve Task Order No. 33 under Services Agreement No. AGR 22-18a with All-Rite Construction in the amount of \$3,673,522.86 plus applicable Gross Receipts Tax for the Betty Ehart Senior Center HVAC Replacement Project and Establish a Project Budget in the Amount of \$5,000,000.

The motion passed with the following vote:

Yes: 7 – Councilor Ryti, Councilor Herrmann, Councilor Cull, Councilor Hand, Councilor Havemann, Councilor Neal-Clinton, and Councilor Reagor

- F. Consideration and Possible Action on Salary Adjustments Resulting from the Council Closed Session Discussions of Limited Personnel Matters--Personnel Evaluations of Contract Employees**

Public Comment:

None.

A motion was made by Councilor Herrmann, seconded by Councilor Cull, that Council approve salary adjustments of 4% for the County Manager, 3.5% for the Utilities Manager, and 3% for the County Attorney, to be effective beginning at the start of the first full pay period in July 2026.

The motion passed with the following vote:

Yes: 6 – Councilor Ryti, Councilor Herrmann, Councilor Cull, Councilor Hand, Councilor Havemann, and Councilor Neal-Clinton

No: 1 – Councilor Reagor

11. COUNCIL BUSINESS

A. General Council Business

None.

B. Appointments

None.

C. Board and Commission Vacancy Report

No report.

D. Board and Commission Reports

No reports.

E. County Manager's Report

1) County Manager's Report for May 2026

Preferred Style	
Rustic planters	100
Piers	74
Natural rocks	415

Total Responses **592**
As of 6/26/2008 @ 8:00 a.m.

Public responses by design concept

Receipt Number	Response Submission DateTime	Which design concept do you prefer?	What is it about your selection that you prefer?
APPSI1	06/02/2026 16:16 PM	Natural rocks	It suits the natural surroundings of Los Alamos
APPSI2	06/02/2026 18:30 PM	Piers	I like the design of the Buildology piers and that they are made locally.
APPSI3	06/03/2026 16:19 PM	Natural rocks	
APPSI4	06/04/2026 13:04 PM	Natural rocks	This option fits in best with the park's natural landscape and the landscape of the Pajarito Plateau.
APPSI5	06/04/2026 13:21 PM	Rustic planters	
APPSI6	06/04/2026 13:51 PM	Natural rocks	Aesthetically I think looks much better. More natural
APPSI7	06/04/2026 13:54 PM	Piers	Least amount of impact to natural environment and view. Looks clean, aligned, and simple.
APPSI8	06/04/2026 13:56 PM	Natural rocks	Looks like part of the landscape, more natural
APPSI9	06/04/2026 14:20 PM	Natural rocks	I like that it aligns with the rest of the design of the pond bringing in rocks and plants like over by the waterfall
APPSI10	06/04/2026 14:21 PM	Piers	Will look good year round
APPSI11	06/04/2026 14:22 PM	Natural rocks	Closest to look of overall Los Alamos. Natural plantings are nice as well. Rustic planters likely dead in winter. Piers more appropriate to seaside
APPSI12	06/04/2026 14:29 PM	Rustic planters	I like the mix of the planters and Piers, not a fan of the rocks
APPSI13	06/04/2026 14:30 PM	Natural rocks	It looks natural with the existing landscape.
APPSI14	06/04/2026 14:31 PM	Rustic planters	I think it looks very nice
APPSI15	06/04/2026 14:32 PM	Rustic planters	The way it looks. Also the current painted ones aren't bad. I think you should allow kids to paint them to be more presentable.
APPSI16	06/04/2026 14:33 PM	Rustic planters	Love the natural feel to it!
APPSI17	06/04/2026 14:33 PM	Rustic planters	Can be used for plants
APPSI18	06/04/2026 14:34 PM	Natural rocks	The look

APPSI19	06/04/2026 14:34 PM	Natural rocks	The rocks align nicely with the natural feel of the pond.
APPSI20	06/04/2026 14:37 PM	Rustic planters	If. planted well, the color of plants and the boxes.
APPSI21	06/04/2026 14:38 PM	Rustic planters	
APPSI22	06/04/2026 14:40 PM	Piers	It looks intentional and clean
APPSI23	06/04/2026 14:42 PM	Rustic planters	It's appealing and with the piers interspersed, functional as well.
APPSI24	06/04/2026 14:43 PM	Natural rocks	Goes with the landscape of the pond best
APPSI25	06/04/2026 14:44 PM	Piers	I prefer to not have plants...I love plants but water is going to be more and more scarce
APPSI26	06/04/2026 14:46 PM	Natural rocks	Looks natural
APPSI27	06/04/2026 14:47 PM	Piers	Low maintenance compared to others. Worried about maintenance / destruction of other options
APPSI28	06/04/2026 14:48 PM	Natural rocks	My kids love climbing rocks and it seems to have the most contiguous coverage. I actually like that the jersey barriers keep my kids corralled in during concerts, even if they're ugly.
APPSI29	06/04/2026 14:51 PM	Natural rocks	Looks natural and blends in
APPSI30	06/04/2026 14:51 PM	Rustic planters	Compliments the nature vibe of Ashley Pond
APPSI31	06/04/2026 14:54 PM	Natural rocks	Looks like it's more natural and blends in better
APPSI32	06/04/2026 14:57 PM	Rustic planters	Still some pretty vegetation but not as much maintenance. I like the look of the plants and the piers mixed.
APPSI33	06/04/2026 14:57 PM	Rustic planters	

APPSI34	06/04/2026 14:58 PM	Natural rocks	Part of the design ideas for this are to help enhance the park. I think that using natural rocks, as opposed to obviously man-made pillars, will help enhance the safety and look of the park while keeping a more natural look around the landscape.
APPSI35	06/04/2026 14:59 PM	Natural rocks	
APPSI36	06/04/2026 15:03 PM	Natural rocks	Natural
APPSI37	06/04/2026 15:05 PM	Rustic planters	They look nice and will keep cars from entering the area more than boulders. I worry boulders will be climbed on by kids.
APPSI38	06/04/2026 15:06 PM	Piers	Minimal visual impact while providing some seating
APPSI39	06/04/2026 15:12 PM	Natural rocks	Looks more natural. You should ask the elementary schools for rock donations from recent construction
APPSI40	06/04/2026 15:13 PM	Rustic planters	Visually pleasing
APPSI41	06/04/2026 15:15 PM	Natural rocks	Ties in with existing landscape; low maintenance
APPSI42	06/04/2026 15:17 PM	Rustic planters	The planters would add even more beauty to the area while also replacing the ugly barriers
APPSI43	06/04/2026 15:19 PM	Natural rocks	That it looks more natural.
APPSI44	06/04/2026 15:22 PM	Piers	Actually provide the intent of the project; safety. Otherwise if the the natural rocks are anchored I would prefer that look
APPSI45	06/04/2026 15:23 PM	Natural rocks	Blends in
APPSI46	06/04/2026 15:24 PM	Rustic planters	The option for native plants in the planters is really nice
APPSI47	06/04/2026 15:24 PM	Natural rocks	Pleasing aesthetic. As long as landscaping is maintained.
APPSI48	06/04/2026 15:25 PM	Rustic planters	I actually like the rocks best but think people will walk on and kill the plantings! So put them in boxes instead.
APPSI49	06/04/2026 15:26 PM	Natural rocks	Natural looks better all the time!
APPSI50	06/04/2026 15:26 PM	Natural rocks	Most natural

APPSI51	06/04/2026 15:27 PM	Natural rocks	Natural rocks would tie in to my favorite part of Ashley Pond, the waterfall/fountain feature with rocks.
APPSI52	06/04/2026 15:28 PM	Piers	Simple, functional and easy to maintain.
APPSI53	06/04/2026 15:31 PM	Natural rocks	
APPSI54	06/04/2026 15:32 PM	Piers	Looks, function, easy to maintain (no maintenance required)
APPSI55	06/04/2026 15:34 PM	Natural rocks	Fits local landscape
APPSI56	06/04/2026 15:34 PM	Natural rocks	Natural rocks would mimic the rocks around the pond
APPSI57	06/04/2026 15:38 PM	Natural rocks	,it is less intrusive and adds character to the nature-like area of Ashley Pond.
APPSI58	06/04/2026 15:44 PM	Natural rocks	Blends in with the environment - people can still sit on the rocks
APPSI59	06/04/2026 15:48 PM	Natural rocks	I like the natural look. Native plants should be easier to take care of.
APPSI60	06/04/2026 15:50 PM	Natural rocks	Blends in with the landscape of the pond and surrounding areas
APPSI61	06/04/2026 15:51 PM	Rustic planters	
APPSI62	06/04/2026 15:51 PM	Natural rocks	I like how it looks and how it more naturally blends in with the rest of the park.
APPSI63	06/04/2026 15:52 PM	Natural rocks	I feel they just look more organic. The rustic planters is my second choice.
APPSI64	06/04/2026 15:54 PM	Piers	
APPSI65	06/04/2026 15:54 PM	Natural rocks	It ties in with what is already there
APPSI66	06/04/2026 15:57 PM	Natural rocks	More natural

APPSI67	06/04/2026 16:00 PM	Natural rocks	Enhances the natural beauty of the pond
APPSI68	06/04/2026 16:02 PM	Natural rocks	Natural rocks definitely matches the current landscape of Ashley Pond. It could also be fun to do a painted boulder closest to the police station as well! What a great idea. Definitely use largest rocks to still help mitigate safety concerns
APPSI69	06/04/2026 16:03 PM	Rustic planters	I like the taller piers in this version than the first "piers" version. I personally really dislike the "piers" option, it's very boring... I prefer the rustic planters style over the natural rocks style due to increased seating room, I think barriers that double as seats is useful. I dislike the tall planters and appreciate a lower style planter almost as appeared in picture #2 of "rustic planters". Overall I think "rustic planters" would look very nice with low rustic planters. The tall ones are not the vibe!
APPSI70	06/04/2026 16:10 PM	Natural rocks	Blends in
APPSI71	06/04/2026 16:11 PM	Natural rocks	Looks more natural than the current barriers
APPSI72	06/04/2026 16:26 PM	Natural rocks	Natural
APPSI73	06/04/2026 16:27 PM	Natural rocks	Natural rocks fit with the outdoor feeling of Ashley Pond Park.
APPSI74	06/04/2026 16:30 PM	Piers	I think they will look the nicest for the long term. I don't know that the planters will be maintained to look nice year round. People can use the piers as benches.
APPSI75	06/04/2026 16:31 PM	Rustic planters	Kids will play on top of rocks or piers putting the close to the road. However, don't put planters if they won't be maintained (look at the nice beautiful medians on Diamond as an example of that.)
APPSI76	06/04/2026 16:35 PM	Natural rocks	Natural rocks will blend in nicely and require no maintenance, no plants necessary
APPSI77	06/04/2026 16:38 PM	Natural rocks	Fits our landscape
APPSI78	06/04/2026 16:45 PM	Natural rocks	the most natural option can enhance the park while also providing for safety
APPSI79	06/04/2026 16:45 PM	Natural rocks	Blends in with the landscape and won't need as much care as the planters
APPSI80	06/04/2026 16:46 PM	Rustic planters	The flowers mixed with the piers are a pleasing aesthetic.
APPSI81	06/04/2026 16:46 PM	Natural rocks	Rust in place doesn't fit in with the feel of a large park. Also people are rude and will use them as trash bins. Piers might be ok but you have left the design and color open. Natural rocks and plants fit the theme of the large nature enclosed pond. Less chance of people doodling on a rock than a pillar
APPSI82	06/04/2026 16:47 PM	Natural rocks	
APPSI83	06/04/2026 16:48 PM	Rustic planters	Helps pollinators and looks pretty.

APPSI84	06/04/2026 16:48 PM	Natural rocks	
APPSI85	06/04/2026 16:52 PM	Natural rocks	Most natural looking, hopefully native plants will be included as well
APPSI86	06/04/2026 16:55 PM	Natural rocks	The natural building material looks cohesive with the pond.
APPSI87	06/04/2026 16:57 PM	Natural rocks	The plants will only look good for part of the year. The piers just make the entire stretch look sterile. Natural rocks would compliment the space the best out of the options available.
APPSI88	06/04/2026 16:57 PM	Piers	It's most feasible. Rusty planters will result in a liability. And expecting large enough shrubs to flourish in heavily compacted soil next to concrete is a bad idea for the plants and concrete.
APPSI89	06/04/2026 16:57 PM	Natural rocks	Fits better with the natural landscape, but still provides security in the event a vehicle end up in that area.
APPSI90	06/04/2026 17:02 PM	Natural rocks	Fit the overall feel of the park better rather than making it obvious it's to keep out cars.
APPSI91	06/04/2026 17:03 PM	Natural rocks	It suits the landscape in place. Which is the safest?
APPSI92	06/04/2026 17:05 PM	Rustic planters	Aesthetically Pleasing
APPSI93	06/04/2026 17:07 PM	Natural rocks	Natural
APPSI94	06/04/2026 17:07 PM	Natural rocks	This blends in more with the overall look and character of the pond area.
APPSI95	06/04/2026 17:07 PM	Natural rocks	Blends in nicely
APPSI96	06/04/2026 17:11 PM	Natural rocks	Keeps Ashley alone looking naturally beautiful.
APPSI97	06/04/2026 17:12 PM	Natural rocks	It looks more natural
APPSI98	06/04/2026 17:13 PM	Natural rocks	It looks more natural
APPSI99	06/04/2026 17:13 PM	Natural rocks	More natural.

APPSI100	06/04/2026 17:17 PM	Rustic planters	Looks visually appealing.
APPSI101	06/04/2026 17:18 PM	Natural rocks	The rocks integrate into the natural surroundings better than the other options.
APPSI102	06/04/2026 17:20 PM	Natural rocks	
APPSI103	06/04/2026 17:22 PM	Natural rocks	Looks most intentional with the park
APPSI104	06/04/2026 17:22 PM	Natural rocks	Sitting areas + natural look
APPSI105	06/04/2026 17:23 PM	Rustic planters	The seat functionality
APPSI106	06/04/2026 17:28 PM	Rustic planters	Less difficult weeding, easily accessible for pedestrians, plants can be "adjusted" each year to change color, or left alone with perennials.
APPSI107	06/04/2026 17:31 PM	Rustic planters	Aesthetically pleasing
APPSI108	06/04/2026 17:31 PM	Natural rocks	Natural
APPSI109	06/04/2026 17:31 PM	Natural rocks	
APPSI110	06/04/2026 17:32 PM	Rustic planters	Still provides safety but is pleasant to look at
APPSI111	06/04/2026 17:34 PM	Rustic planters	I like the look but also the piers in between that you can sit on.
APPSI112	06/04/2026 17:35 PM	Natural rocks	Natural and more visually appealing
APPSI113	06/04/2026 17:38 PM	Natural rocks	The rest look really unnatural
APPSI114	06/04/2026 17:41 PM	Rustic planters	
APPSI115	06/04/2026 17:42 PM	Natural rocks	Natural
APPSI116	06/04/2026 17:43 PM	Rustic planters	I think it looks the best
APPSI117	06/04/2026 17:45 PM	Rustic planters	I actually like the combination of piers and planters. Perhaps the planters could showcase local wildflowers and the piers would allow an additional spot to sit and enjoy them.

APPSI118	06/04/2026 18:07 PM	Natural rocks	Looks the most natural to the area
APPSI119	06/04/2026 18:08 PM	Natural rocks	Blends with park-like landscaping
APPSI120	06/04/2026 18:10 PM	Natural rocks	Blends in seamlessly just make sure they aren't more than a cars width apart
APPSI121	06/04/2026 18:13 PM	Piers	Piers would give more seating options when activities are happening at the pond, or if an elderly/handicapped person needs to take a break while walking.
APPSI122	06/04/2026 18:14 PM	Natural rocks	It seems to go with what is already at the pond, design wise.
APPSI123	06/04/2026 18:16 PM	Natural rocks	Keep the natural look and feel of our surroundings
APPSI124	06/04/2026 18:17 PM	Natural rocks	It looks like they belong there
APPSI125	06/04/2026 18:17 PM	Natural rocks	Less artificial / blends better with the pond and park setting while still providing a safe barrier
APPSI126	06/04/2026 18:23 PM	Natural rocks	Blends in
APPSI127	06/04/2026 18:25 PM	Natural rocks	Blends in best with the scenery
APPSI128	06/04/2026 18:26 PM	Piers	Minimal
APPSI129	06/04/2026 18:28 PM	Rustic planters	I like that it adds safety and also beauty with the plants. The county does a great job with all of the hanging baskets on Central so I think they'd do a great job here too.
APPSI130	06/04/2026 18:30 PM	Natural rocks	Seems to fit the environment and is likely less expensive
APPSI131	06/04/2026 18:31 PM	Rustic planters	Natural plants
APPSI132	06/04/2026 18:37 PM	Natural rocks	It's nice, natural landscaping!
APPSI133	06/04/2026 18:43 PM	Natural rocks	Blends in with the area well.

APPSI134	06/04/2026 18:49 PM	Natural rocks	They will look natural all year long.
APPSI135	06/04/2026 18:51 PM	Natural rocks	Fits the area best
APPSI136	06/04/2026 18:52 PM	Natural rocks	Natural (and local-looking) rocks would look less like a barrier and more like landscaping, especially if they weren't placed in rigid rows and had native plants interspersed with them. It might actually be a more beautiful transition to the pond, rather than looking like an extreme overreaction to security concerns.
APPSI137	06/04/2026 18:55 PM	Natural rocks	I like the more natural looking option.
APPSI138	06/04/2026 18:56 PM	Natural rocks	We got rocks easily available and it's 100% natural look. Also, no upkeep needed.
APPSI139	06/04/2026 18:56 PM	Natural rocks	More natural looking
APPSI140	06/04/2026 18:57 PM	Rustic planters	
APPSI141	06/04/2026 19:10 PM	Natural rocks	It complements the town's current esthetic. I would like to see normal benches included.
APPSI142	06/04/2026 19:11 PM	Rustic planters	Incorporating plants and piers
APPSI143	06/04/2026 19:16 PM	Natural rocks	Natural looking. The ground plants add color. I like the breaks in the barriers to allow access from sidewalk along the way. Raised planters might collect trash.
APPSI144	06/04/2026 19:23 PM	Natural rocks	Doesn't need to be watered. It's the south west and rocks here are beautiful.
APPSI145	06/04/2026 19:24 PM	Natural rocks	They look like they are more natural.
APPSI146	06/04/2026 19:27 PM	Natural rocks	Natural
APPSI147	06/04/2026 19:29 PM	Natural rocks	Blends it best while still accomplishing the purpose
APPSI148	06/04/2026 19:29 PM	Natural rocks	Rocks are natural and durable
APPSI149	06/04/2026 19:35 PM	Natural rocks	Piers are monotonous. Planters aren't as attractive during dormant seasons. Natural rocks are varied and just plain cool!

APPSI150	06/04/2026 19:40 PM	Natural rocks	It looks more natural which contributes to the smaller town on the edge of nature vibe
APPSI151	06/04/2026 19:48 PM	Natural rocks	The natural rocks and plants adds to the beautiful landscaping that is the pond and maintains the feeling of an oasis.
APPSI152	06/04/2026 19:54 PM	Natural rocks	its a natural look.
APPSI153	06/04/2026 20:00 PM	Rustic planters	Flowers or small bushes look better
APPSI154	06/04/2026 20:05 PM	Natural rocks	Blends well into the setting
APPSI155	06/04/2026 20:07 PM	Rustic planters	Symmetry with nature
APPSI156	06/04/2026 20:08 PM	Natural rocks	Compliments the natural park. I also like the planters. These options don't scream ugly barricade.
APPSI157	06/04/2026 20:09 PM	Piers	Can be used as seats
APPSI158	06/04/2026 20:15 PM	Natural rocks	
APPSI159	06/04/2026 20:17 PM	Piers	Ease of maintenance
APPSI160	06/04/2026 20:19 PM	Natural rocks	
APPSI161	06/04/2026 20:23 PM	Natural rocks	I like the rocks if there are also plants. Will look most natural
APPSI162	06/04/2026 20:37 PM	Rustic planters	mixture of clean/sleek structures with flowers
APPSI163	06/04/2026 20:42 PM	Rustic planters	Still looks natural but well put together
APPSI164	06/04/2026 20:49 PM	Natural rocks	it provides more safety and more appeal
APPSI165	06/04/2026 20:51 PM	Natural rocks	Its more esthetically pleasing

APPSI166	06/04/2026 20:53 PM	Natural rocks	
APPSI167	06/04/2026 20:54 PM	Rustic planters	Adds some nice greenery, instead of only concrete posts
APPSI168	06/04/2026 20:56 PM	Natural rocks	It's more inconspicuous than the other two.
APPSI169	06/04/2026 21:08 PM	Piers	Simple and non intrusive.
APPSI170	06/04/2026 21:08 PM	Rustic planters	
APPSI171	06/04/2026 22:28 PM	Rustic planters	Incorporates safety blocks as well as greenery. Best of both worlds
APPSI172	06/04/2026 23:04 PM	Natural rocks	The natural and plants match the nature around Ashley Pond much better than the other two options.
APPSI173	06/04/2026 23:08 PM	Piers	There should be a continuous barrier on the west side of the concert lawn area, at least. For this safety project to serve everyone, as stated above, it should take small children into consideration. In addition to preventing vehicles from entering the lawn, the barriers should prevent people from accidentally entering the roadway. This requires, at the minimum, continuous horizontal fencing rails, from about 6" off the ground to 30" off the ground, the rails could be anchored by bollards as needed for vehicle protection. The three options presently are too similar and really do not account for the safety of everyone. Please reevaluate and present additional choices. The rectangular planters with rusty corners are NOT a safe choice for walkers/bikers on the sidewalk, people walking or running on the lawn etc.
APPSI174	06/04/2026 23:25 PM	Natural rocks	Natural rocks complement the park setting best.
APPSI175	06/05/2026 0:14 AM	Natural rocks	Looks better
APPSI176	06/05/2026 0:22 AM	Piers	Low visual impact, and still free flowing pedestrian access from sidewalk to grass.
APPSI177	06/05/2026 0:39 AM	Natural rocks	
APPSI178	06/05/2026 5:47 AM	Piers	Sturdy. Needs to be tall enuf to stop trucks. Plants may hide kids. Simple is better.
APPSI179	06/05/2026 5:49 AM	Natural rocks	Most visually appealing. Most natural in appearance.
APPSI180	06/05/2026 5:54 AM	Natural rocks	All are nice, combos best — rocks and planters!
APPSI181	06/05/2026 6:06 AM	Natural rocks	Robust against cars, blends in with nature, used at the lab for similar safety measures.

APPSI182	06/05/2026 6:27 AM	Natural rocks	Its natural look that blends in well with the landscaping
APPSI183	06/05/2026 6:34 AM	Natural rocks	
APPSI184	06/05/2026 6:38 AM	Natural rocks	Fits with the natural design of the pond, allows children to climb on them for fun, doesn't get extremely hot
APPSI185	06/05/2026 6:54 AM	Natural rocks	Rocks seem a lot less intrusive.
APPSI186	06/05/2026 6:58 AM	Rustic planters	Rustic planters mixed with piers am like a clean option while still being green for the park vibes
APPSI187	06/05/2026 7:05 AM	Natural rocks	It doesn't look trashy like the others.
APPSI188	06/05/2026 7:11 AM	Natural rocks	blends in
APPSI189	06/05/2026 7:11 AM	Piers	low maintenance
APPSI190	06/05/2026 7:20 AM	Natural rocks	Cohesion with space
APPSI191	06/05/2026 7:22 AM	Natural rocks	It matches what is already in place, although I do not think this is necessary but that's just me.
APPSI192	06/05/2026 7:42 AM	Natural rocks	Similar to surrounding landscape
APPSI193	06/05/2026 7:47 AM	Piers	
APPSI194	06/05/2026 7:51 AM	Natural rocks	I like all of them, but I love that the rocks fit with the natural, park vibe. Very visually appealing
APPSI195	06/05/2026 7:52 AM	Piers	at least they are not Jersey bounce barriers!
APPSI196	06/05/2026 7:56 AM	Natural rocks	I think it would tie in to the waterfall area of the pond best. Planters might be easier to get plants established without fencing them off.
APPSI197	06/05/2026 7:57 AM	Piers	Make them Indian pots like the large ones in WR. Lots of different designs. Embrace our location history.
APPSI198	06/05/2026 8:01 AM	Rustic planters	
APPSI199	06/05/2026 8:14 AM	Rustic planters	It blends well with the current flowering landscaping around the pond

APPSI200	06/05/2026 8:16 AM	Natural rocks	Natural look
APPSI201	06/05/2026 8:20 AM	Natural rocks	Looks good both summer and winter, provides protection and natural esthetics
APPSI202	06/05/2026 8:28 AM	Natural rocks	A more natural look, for sure!
APPSI203	06/05/2026 8:41 AM	Piers	Extra seating not on the ground, close to parking for people with limited mobility to use year round
APPSI204	06/05/2026 8:45 AM	Natural rocks	It seems this option can integrate with the landscape.
APPSI205	06/05/2026 8:58 AM	Natural rocks	less enticement for kids to play on piers and planters (and then fall into the sidewalk or traffic)
APPSI206	06/05/2026 9:00 AM	Natural rocks	
APPSI207	06/05/2026 9:13 AM	Piers	Built-in seating during concerts. Simple, plain look.
APPSI208	06/05/2026 9:15 AM	Natural rocks	The natural part
APPSI209	06/05/2026 9:16 AM	Natural rocks	I like the natural look. And if native plants are used too, that should minimize the maintenance burden.
APPSI210	06/05/2026 9:23 AM	Natural rocks	
APPSI211	06/05/2026 9:54 AM	Piers	It does not require any water, plant care or extra maintenance. It does provide extra, off the grass, seating for the concerts.
APPSI212	06/05/2026 10:30 AM	Rustic planters	rustic look, as I fear salt from Trinity would effect plants directly in ground. I wish could have rocks combined with rustic planters.
APPSI213	06/05/2026 10:52 AM	Natural rocks	Maintains natural landscaping character of pond.
APPSI214	06/05/2026 10:53 AM	Natural rocks	No unnecessary art
APPSI215	06/05/2026 10:55 AM	Natural rocks	Combination of rocks, planters and piers would probably be nice. Get rid of the current super ugly concrete barriers, they look awful.
APPSI216	06/05/2026 11:39 AM	Natural rocks	Natural rocks/boulders blends in the best with the rest of the town.
APPSI217	06/05/2026 12:29 PM	Natural rocks	Natural look
APPSI218	06/05/2026 12:39 PM	Rustic planters	Fits right into the landscape while also providing a place to sit, I also do not mind the concrete wall they currently use. I feel like young children are really protected with them.

APPSI219	06/05/2026 12:55 PM	Natural rocks	children will be attracted to play on the bollards, not good, and plantings will use water
APPSI220	06/05/2026 13:51 PM	Natural rocks	Most consistent with the existing landscaping and landscape design
APPSI221	06/05/2026 13:59 PM	Natural rocks	Looks more natural and pleasing
APPSI222	06/05/2026 14:21 PM	Piers	not over done. Natural rock is not natural to Los Alamos. Planters will not be kept alive.
APPSI223	06/05/2026 14:48 PM	Rustic planters	
APPSI224	06/05/2026 16:17 PM	Natural rocks	It's the Least ugly
APPSI225	06/05/2026 16:32 PM	Piers	
APPSI226	06/05/2026 17:05 PM	Natural rocks	We have big rocks all around, so this looks fitting with what is locally prevalent.
APPSI227	06/05/2026 17:05 PM	Natural rocks	Natural
APPSI228	06/05/2026 17:40 PM	Natural rocks	Low maintenance and looks good
APPSI229	06/05/2026 18:18 PM	Rustic planters	Classy, includes nature, looks nice without trying to turn the pond into a plaza
APPSI230	06/05/2026 18:44 PM	Natural rocks	Long lasting, low maintenance, can have plants added for improved aesthetics and health benefits
APPSI231	06/05/2026 18:57 PM	Natural rocks	Fits in with the natural aesthetic of the pond environment
APPSI232	06/05/2026 19:57 PM	Natural rocks	It blends with the park and adds beauty and design.
APPSI233	06/05/2026 20:12 PM	Natural rocks	Natural looking, keep it low water
APPSI234	06/05/2026 20:26 PM	Natural rocks	looks natural and fits rest of park.
APPSI235	06/05/2026 21:04 PM	Natural rocks	It looks more natural.
APPSI236	06/05/2026 21:35 PM	Natural rocks	Looks
APPSI237	06/05/2026 21:49 PM	Natural rocks	The natural rocks blend with the surrounding environment.

APPSI238	06/05/2026 22:12 PM	Natural rocks	Aesthetic
APPSI239	06/05/2026 22:25 PM	Natural rocks	Nature good
APPSI240	06/05/2026 22:34 PM	Natural rocks	The opportunity to grow in-ground shrubs as opposed to planters; rusting planters is taking 'rustic' too far. Boulders and well-maintained plantings could complement the pond; piers seem a bit plain.
APPSI241	06/05/2026 22:54 PM	Natural rocks	Natural rocks fits with the current landscape design of the pond. Piers would present a clear divider and have clean lines. I dislike the rustic planters.
APPSI242	06/05/2026 23:19 PM	Natural rocks	Blends well
APPSI243	06/06/2026 1:12 AM	Natural rocks	Natural rocks and native plants blend seamlessly with Ashley Pond's natural look.
APPSI244	06/06/2026 6:29 AM	Rustic planters	Planters with piers, piers add seating. Add natural rocks at the parking lot to brake it up
APPSI245	06/06/2026 6:32 AM	Natural rocks	We're in a year following almost no snowfall, we should be using low-water native plants. I prefer the 3rd option for this and for the boulders that blend in with the surrounding landscape better. I'm concerned that the planters in the second option will be neglected and won't be visually appealing especially if they end up with a lot of weeds in them.
APPSI246	06/06/2026 6:42 AM	Natural rocks	Fits with pond esthetic
APPSI247	06/06/2026 6:52 AM	Rustic planters	
APPSI248	06/06/2026 7:09 AM	Natural rocks	I like the more natural appearance.
APPSI249	06/06/2026 7:17 AM	Natural rocks	It blends in better with the landscape.
APPSI250	06/06/2026 7:47 AM	Piers	Clean and low maintenance
APPSI251	06/06/2026 8:14 AM	Natural rocks	Matches natural scenery
APPSI252	06/06/2026 8:18 AM	Natural rocks	Because it looks more natural, and those planters do not look "rustic," except for the color is rusty. Please don't open painting of the boulders to the community !!! If it is not mentioned, it probably won't happen. But allowing open painting only INVITES all kinds of graffiti!
APPSI253	06/06/2026 8:45 AM	Piers	The least ugly.
APPSI254	06/06/2026 9:45 AM	Natural rocks	People sitting on Piers or by planters sound dangerous to me; therefore rocks/plants
APPSI255	06/06/2026 10:38 AM	Natural rocks	It's natural!
APPSI256	06/06/2026 11:02 AM	Natural rocks	Looks more earthy

APPSI257	06/06/2026 11:12 AM	Natural rocks	Most natural looking and probably cheapest. Or just remove the barriers entirely, and let Darwin take his course.
APPSI258	06/06/2026 12:24 PM	Natural rocks	Less obtrusive.
APPSI259	06/06/2026 13:01 PM	Natural rocks	We already have enough concrete the area, and won't require extensive maintenance.
APPSI260	06/06/2026 13:12 PM	Natural rocks	Natural rocks are natural. Piers are great but they become seats. If the cars are going to crash into 'seats' they will take those sitting with them.
APPSI261	06/06/2026 14:53 PM	Piers	No watering!
APPSI262	06/06/2026 15:49 PM	Natural rocks	It just looks more natural
APPSI263	06/06/2026 15:58 PM	Rustic planters	Provides additional seating with a more natural look
APPSI264	06/06/2026 16:13 PM	Piers	Being as the primary reason there is a barrier need is the concerts, it would be nice to have a barrier that also provides some seating.
APPSI265	06/06/2026 17:52 PM	Natural rocks	Seems to go well with the existing hardscaping
APPSI266	06/06/2026 18:12 PM	Rustic planters	More plants is always better!
APPSI267	06/06/2026 20:23 PM	Natural rocks	Better fit for the outdoor feel of the pond
APPSI268	06/06/2026 21:28 PM	Natural rocks	More natural looking and fitting with the town's mountain aesthetic.
APPSI269	06/06/2026 22:58 PM	Rustic planters	Because it allows greenery on top
APPSI270	06/06/2026 23:17 PM	Natural rocks	Ashley pond is historic. Community safety is also paramount. Protection for both must work together. Boulders are the New Mexican choice. Beautiful always, solid for vehicular protection.
APPSI271	06/06/2026 23:55 PM	Natural rocks	More natural appearance, less maintenance
APPSI272	06/07/2026 0:17 AM	Natural rocks	I like that the natural rocks blend in to the existing areas of the pond, such as the waterfall area.
APPSI273	06/07/2026 3:15 AM	Natural rocks	Locally availability, natural look
APPSI274	06/07/2026 4:59 AM	Natural rocks	Pretty
APPSI275	06/07/2026 5:20 AM	Natural rocks	
APPSI276	06/07/2026 5:42 AM	Natural rocks	Native plants and the moer natural appearance of the rocks.
APPSI277	06/07/2026 6:08 AM	Natural rocks	

APPSI278	06/07/2026 6:09 AM	Rustic planters	It seems like the nicest option that still allows the project to feel open.
APPSI279	06/07/2026 6:13 AM	Natural rocks	Design continuity
APPSI280	06/07/2026 6:14 AM	Natural rocks	Use of natural materials, ability for kids to play on the structure
APPSI281	06/07/2026 6:16 AM	Natural rocks	It is more pleasing to the eye and blends in with the natural landscape better.
APPSI282	06/07/2026 6:18 AM	Natural rocks	Looks less artificial
APPSI283	06/07/2026 6:40 AM	Natural rocks	It blends with the landscape better and is more environmentally conscious as it does not require something to be manufactured.
APPSI284	06/07/2026 7:25 AM	Rustic planters	Planters and piers or even planters and boulders.
APPSI285	06/07/2026 7:28 AM	Natural rocks	It looks better
APPSI286	06/07/2026 7:30 AM	Natural rocks	Rocks fit our local environment and landscape. Zero maintenance
APPSI287	06/07/2026 7:32 AM	Natural rocks	Looks better
APPSI288	06/07/2026 8:12 AM	Natural rocks	Blends more naturally into the area
APPSI289	06/07/2026 8:18 AM	Natural rocks	More natural looking, readily available materials.
APPSI290	06/07/2026 8:22 AM	Natural rocks	Low water.
APPSI291	06/07/2026 8:38 AM	Natural rocks	It looks more natural and pretty.
APPSI292	06/07/2026 8:42 AM	Natural rocks	It is natural and fits our landscape better. The local rocks are beautiful.
APPSI293	06/07/2026 8:47 AM	Rustic planters	Prettier. Planters and natural rocks together would be nice also
APPSI294	06/07/2026 8:55 AM	Natural rocks	The natural feel
APPSI295	06/07/2026 9:04 AM	Natural rocks	Less concrete, more in keeping with the current design of the pond
APPSI296	06/07/2026 9:41 AM	Rustic planters	
APPSI297	06/07/2026 9:57 AM	Natural rocks	Fits in much better with the pond and the park setting.
APPSI298	06/07/2026 9:58 AM	Natural rocks	Natural rocks looks like a part of the landscape and is more pleasing esthetically.
APPSI299	06/07/2026 10:15 AM	Natural rocks	
APPSI300	06/07/2026 10:19 AM	Piers	The pond is a developed park in the center of town, trying to make the barrier too rustic or natural seeming is going to clash with that. That said, I think the planter idea is good if it could be done without the rusted look.

APPSI301	06/07/2026 10:55 AM	Natural rocks	Looks best, feels safest
APPSI302	06/07/2026 11:01 AM	Natural rocks	More Xeric with native plants, and let water use than planter. No emissions from concrete/Steel production - whole thing more climate friendly.. Also locally procured.
APPSI303	06/07/2026 11:25 AM	Rustic planters	I like a combination of piers and planters. It more fully fills in the gap and reduces places for sitting.
APPSI304	06/07/2026 11:27 AM	Piers	It will actually stop a car. As nice as the other options are, they are not good for vehicle protection
APPSI305	06/07/2026 11:28 AM	Natural rocks	
APPSI306	06/07/2026 11:32 AM	Natural rocks	It blends really well with the landscape and will support native plants that are good for the ecosystem.
APPSI307	06/07/2026 11:40 AM	Natural rocks	Matches aesthetic of pond
APPSI308	06/07/2026 11:53 AM	Natural rocks	The more natural less butalistic feel the natural rock gives make the space feel more inviting
APPSI309	06/07/2026 12:26 PM	Natural rocks	natural anything is preferred. Can be opportunity for geology of Pajarito Plateau learning
APPSI310	06/07/2026 12:33 PM	Rustic planters	i would rather there be a proper fence + ballards. ashley pond park is not a fun place for a family to hang out with a 45+ mph stroad right there. a proper fence that both prevents cars from killing a crowd of people and a 3 year old from running into traffic would be better. pedestrian access from trinity isnt a real issue - very few people walk there as it sucks.
APPSI311	06/07/2026 12:38 PM	Natural rocks	It looks natural
APPSI312	06/07/2026 12:49 PM	Natural rocks	
APPSI313	06/07/2026 13:06 PM	Natural rocks	I like the natural look of the rock and native plants. I would also be in favor of a rock and planter mix.
APPSI314	06/07/2026 13:26 PM	Natural rocks	It fits in the best with the surrounds and is honestly the least heinous option lol
APPSI315	06/07/2026 13:29 PM	Natural rocks	The rocks will fit in with the surrounding year round. And if there are any plants that can stay active year round that would also be ideal
APPSI316	06/07/2026 14:27 PM	Natural rocks	
APPSI317	06/07/2026 14:41 PM	Piers	Cleaner looking and can see through the barriers which I like. Costs?.
APPSI318	06/07/2026 14:48 PM	Natural rocks	I greatly prefer the natural look that is more consistent with the town. I think it's also important to use local resources.
APPSI319	06/07/2026 14:52 PM	Natural rocks	
APPSI320	06/07/2026 14:59 PM	Piers	Clean look - more secure barrier than other options- simple maintenance. They need to be at least 3 feet tall and installed with a deep footing.
APPSI321	06/07/2026 15:01 PM	Natural rocks	It is the most natural.
APPSI322	06/07/2026 15:22 PM	Natural rocks	I think we should use large Banderier Tuff to line the walkway and instead of water-hogging plants, xeriscape with more natural rock. We are in a drought and don't see a way out of it

APPSI323	06/07/2026 15:26 PM	Piers	People can sit on them. I also like the rocks. Planters clash with the more natural landscaping
APPSI324	06/07/2026 15:39 PM	Natural rocks	Natural and consistent with the look of the pond and town while being effective.
APPSI325	06/07/2026 16:08 PM		Natural rocks
APPSI326	06/07/2026 16:37 PM	Piers	I like the jersey barriers best. I don't really want my kid climbing on boulders over the concrete there...
APPSI327	06/07/2026 16:44 PM	Natural rocks	Natural rocks re-use what we have and are less of an eyesore, while still promoting safety for crowds.
APPSI328	06/07/2026 17:39 PM	Natural rocks	Maintains more of the natural landscape.
APPSI329	06/07/2026 18:45 PM	Rustic planters	Mix of plants, copper and piers nice variety
APPSI330	06/07/2026 19:51 PM	Piers	You dont have to buy flowers and water every year.
APPSI331	06/07/2026 20:07 PM	Natural rocks	Blends in nicely with the environment
APPSI332	06/07/2026 20:47 PM	Piers	Locally made and sturdy. Natural rocks look best but not sure they would hold against a vehicle attack.
APPSI333	06/07/2026 21:29 PM	Natural rocks	Looks more pleasing to the eye and fits the area better. But I would also like to have a cost comparison for the 3 options. The cost could have an influence on my overall opinion as another option was close for me.
APPSI334	06/07/2026 21:56 PM	Natural rocks	
APPSI335	06/07/2026 22:17 PM	Natural rocks	It fits in with the town
APPSI336	06/07/2026 23:30 PM	Natural rocks	More natural
APPSI337	06/07/2026 23:30 PM	Natural rocks	It looks natural rather than artificial
APPSI338	06/07/2026 23:48 PM	Natural rocks	Whatever is going to be the best barrier to stop little ones from running out in the street. Personally, I thought think the jersey barriers do a better job then the 3 proposed ideas. Kids are running around like crazy at the concerts, having the sitting area so close to the busy street doesn't seem safe without a wall.
APPSI339	06/07/2026 23:54 PM	Natural rocks	It fits better with our current esthetic around town. I worry that rusted metal can result in tetanus shots for kids since this is an area often utilized by families.
APPSI340	06/08/2026 0:22 AM	Natural rocks	The natural rock really fits the rocky and wild nature found around us.

APPSI341	06/08/2026 2:28 AM	Rustic planters	Prettier
APPSI342	06/08/2026 5:00 AM	Natural rocks	
APPSI343	06/08/2026 5:49 AM	Natural rocks	Natural look
APPSI344	06/08/2026 6:40 AM	Natural rocks	Natural nature element of the rocks. Nothing man made. Looks like they belong in a park.
APPSI345	06/08/2026 6:46 AM	Natural rocks	least intrusive looking
APPSI346	06/08/2026 7:01 AM	Natural rocks	
APPSI347	06/08/2026 7:22 AM	Natural rocks	I would absolutely adore if the ground level plants featured NATIVE plants from the area and provided a New Mexico feel without needing a lot of water!
APPSI348	06/08/2026 8:02 AM	Natural rocks	It fits into the landscape
APPSI349	06/08/2026 8:42 AM	Natural rocks	Blend of nature and doesn't look so industrial
APPSI350	06/08/2026 10:11 AM	Piers	I like that they provide comfortable looking places to sit more than the other options.
APPSI351	06/08/2026 10:37 AM	Piers	I like the ones you can sit on.
APPSI352	06/08/2026 11:04 AM	Natural rocks	Natural esthetic design that is Germain to the existing landscape while keeping the view.
APPSI353	06/08/2026 11:17 AM	Natural rocks	The natural aspect of the concept and it goes well with the vibe and design of the pond area.
APPSI354	06/08/2026 11:33 AM	Natural rocks	LooksMore natural.
APPSI355	06/08/2026 11:35 AM	Natural rocks	Looks more natural
APPSI356	06/08/2026 11:36 AM	Natural rocks	It blends in better with the park.
APPSI357	06/08/2026 11:48 AM	Piers	Keeps it open and a nice transition between the natural aspects of the park and urban surrounding.
APPSI358	06/08/2026 11:59 AM	Natural rocks	This will keep the natural look of the Ashley Pond park and not detract from the beauty with man-made barriers.
APPSI359	06/08/2026 12:23 PM	Natural rocks	Most natural looking
APPSI360	06/08/2026 12:39 PM	Rustic planters	It will be colorful and pretty!
APPSI361	06/08/2026 12:45 PM	Piers	Safety

APPSI362	06/08/2026 14:35 PM	Natural rocks	
APPSI363	06/08/2026 15:07 PM	Natural rocks	I like the natural look.
APPSI364	06/08/2026 15:41 PM	Natural rocks	Attractive, organic
APPSI365	06/08/2026 18:19 PM	Natural rocks	rocks are natural and interesting to look at, and they'll all be different, while the concrete piers and planters are all the same.
APPSI366	06/08/2026 20:09 PM	Natural rocks	More welcoming because it is more natural
APPSI367	06/09/2026 6:41 AM	Natural rocks	
APPSI368	06/09/2026 8:02 AM	Natural rocks	
APPSI369	06/09/2026 8:18 AM	Natural rocks	Natural looking
APPSI370	06/09/2026 14:58 PM	Natural rocks	they don't obscure the sightline and they will stop runaway vehicles?
APPSI371	06/09/2026 15:06 PM	Natural rocks	Has the safety without the ugly cement . A lot more pleasing to the eye
APPSI372	06/09/2026 15:13 PM	Natural rocks	Natural rocks is the best. The other two options look corporate, cold, and soulless.
APPSI373	06/09/2026 15:25 PM	Piers	Uniform and low maintance.
APPSI374	06/09/2026 15:38 PM	Rustic planters	While I like the natural rocks, I feel that children will be inclined to play on them unsafely and close to traffic during concerts. The rustic planters are the next best natural looking option.
APPSI375	06/09/2026 15:40 PM	Natural rocks	The natural beauty of the rocks that matches the ponds existing natural landscaping
APPSI376	06/09/2026 15:48 PM	Natural rocks	Fits in with the nature of the park, still allows for some sitting. Isn't black so don't get super hot.
APPSI377	06/09/2026 15:51 PM	Natural rocks	The natural look to compliment the rest of the pond raher than looking like a retail business.
APPSI378	06/09/2026 16:51 PM	Natural rocks	It more aesthetically beautiful and goes with the towns natural theme. The other options remind of the front of Walmart or target.
APPSI379	06/09/2026 17:07 PM	Natural rocks	The natural rocks with ground-level plantings provide a visual harmony with the beauty of Ashley Park while providing psychological comfort for concert goers. The paired plantings provide bonus environmental benefits that the piers or planters may not.
APPSI380	06/09/2026 17:15 PM	Piers	the planters and then natural rocks + landscaping seems like even more work for the Parks crew. But then with the rocks, seems like the plants would be trampled. the piers could act as seats.

APPSI381	06/09/2026 17:50 PM	Natural rocks	It flows better with the existing landscape of the park.
APPSI382	06/09/2026 21:04 PM	Natural rocks	Beautiful design
APPSI383	06/09/2026 21:15 PM	Piers	Less maintenance
APPSI384	06/09/2026 21:20 PM	Natural rocks	It fits with the aesthetic of the rest of the park
APPSI385	06/10/2026 3:15 AM	Piers	Personally, I just think it looks the best.
APPSI386	06/10/2026 6:24 AM	Natural rocks	Looks more natural
APPSI387	06/10/2026 11:51 AM	Natural rocks	More natural and pretty
APPSI388	06/10/2026 15:13 PM	Natural rocks	Blends in best with the overall feel of Los Alamos
APPSI389	06/10/2026 17:07 PM	Rustic planters	The rustic planters look better than the piers but provides a comfortable place to sit unlike the natural rocks design.
APPSI390	06/10/2026 18:46 PM	Natural rocks	Blends into the scenery
APPSI391	06/10/2026 18:56 PM	Natural rocks	I want to point out that all options will be tempting for children of all ages to climb on next to a busy street. Hopefully natural rocks will be less of an issue if they have plants around them.
APPSI392	06/10/2026 19:04 PM	Piers	Clean lines
APPSI393	06/10/2026 19:05 PM	Natural rocks	More natural looking, less maintenance, don't have to match exactly, easily replaceable
APPSI394	06/10/2026 19:50 PM	Natural rocks	Rocks are natural and less likely to be tagged by vandals.
APPSI395	06/10/2026 20:32 PM	Natural rocks	Looks more natural
APPSI396	06/10/2026 21:35 PM	Rustic planters	A mix of seating and beautiful flowers!
APPSI397	06/11/2026 7:20 AM	Rustic planters	It allows flowers to bloom but isn't going to be trampled like plain flowers and rocks
APPSI398	06/11/2026 9:06 AM	Natural rocks	
APPSI399	06/11/2026 12:49 PM	Piers	Attractive year round, lower maintenance, achieve the goal of preventing a vehicle from entering the park grounds from Trinity Drive. If there's an added goal of keeping toddlers from running out to the street, maybe put a nice looking cable between each pillar. I also like that the pillars provide seating.

APPSI400	06/11/2026 12:58 PM	Piers	Easier and less costly to maintain, will look better year round and for longer, provides seating. If there's a concern about kids running between the piers onto Trinity, then put something between each pier, like a cable or rope.
APPSI401	06/11/2026 13:41 PM	Natural rocks	The piers could encourage kids to climb on them and fall/ get hurt. Planters would encourage vandalism- teenagers always pull up the flowers at Central Park square. Natural rocks seem like the safest option
APPSI402	06/11/2026 14:01 PM	Piers	They ar low key and can be used as a seat. Planters could never be maintained in a manner that keeps the plants healthy. I personal think that the whole project is a waste of money and time, put into being by a very scared and paranoid world view. I have lived here for 45 years and we have never had terrorist situations
APPSI403	06/11/2026 15:59 PM	Piers	
APPSI404	06/11/2026 16:26 PM	Natural rocks	Natural looking and still available forshort term seating . Prefer interspersed with plants
APPSI405	06/11/2026 16:43 PM	Natural rocks	Matches everything around the pond
APPSI406	06/11/2026 17:37 PM	Rustic planters	more esthetically pleasing and appearance of effectiveness
APPSI407	06/11/2026 17:39 PM	Natural rocks	
APPSI408	06/11/2026 22:10 PM	Natural rocks	I love how the boulders blend in and embrace natural beauty. Local grasses/flora in between the boulders will require less water than planters too. Honestly, the bollards will just make the place looked like a target parking lot.
APPSI409	06/12/2026 1:34 AM	Rustic planters	
APPSI410	06/12/2026 7:37 AM	Rustic planters	Planters & Piers Option- gives clear view of pond & seating on piers, but also adds flowers at car height to pretty up Trinity up
APPSI411	06/12/2026 9:23 AM	Rustic planters	like the planters
APPSI412	06/12/2026 10:15 AM	Natural rocks	Natural look and ground level plantings
APPSI413	06/12/2026 10:51 AM	Natural rocks	It looks the best
APPSI414	06/12/2026 11:28 AM	Natural rocks	looks more realistic, natural to environment of Ashley Pond, wouldn't use a trash cans
APPSI415	06/12/2026 12:31 PM	Rustic planters	Rustic planters mixed with tall piers that allow for some informal seating is a great mix. Plants and flowers in the planters are good for insects and break up the line of piers well.
APPSI416	06/12/2026 13:11 PM	Rustic planters	I like the natural beauty/perennial plants with still having places for people to sit. Ideally, the piers would be the spacers in between the planter boxes - they're a better height for sitting.
APPSI417	06/12/2026 14:20 PM	Rustic planters	Although the planters will have ongoing maintenance costs, I prefer the aesthetic look. What would make it even better is to intersperse artist-designed barriers with the generic barriers through utilization of 1% Art in Public Places funds from the project.
APPSI418	06/12/2026 14:23 PM	Natural rocks	It is natural
APPSI419	06/12/2026 14:23 PM	Natural rocks	#3 has natural beauty and fits the ambience of the Pond's area landscaping. Don't like the idea of the bollards and people sitting on them. Not pretty!
APPSI420	06/12/2026 14:33 PM	Natural rocks	It fits in with Los Alamos natural surroundings better.
APPSI421	06/12/2026 14:35 PM	Natural rocks	More natural than others
APPSI422	06/12/2026 16:27 PM	Natural rocks	It is more interesting to look at, plants are always a nice addition and kids will love climbing on the rocks. It looks more like a park and not a shopping mall barrier
APPSI423	06/12/2026 16:59 PM	Natural rocks	Natural environment.... Zero maintenance cost.
APPSI424	06/12/2026 17:38 PM	Natural rocks	Looks more natural and in keeping with the park
APPSI425	06/12/2026 18:57 PM	Natural rocks	

APPSI426	06/12/2026 19:31 PM	Natural rocks	The Natural rocks option looks both beautiful and functional in its role of protecting people in Ashley Pond park from vehicular intrusions from Trinity Drive.
APPSI427	06/12/2026 20:42 PM	Natural rocks	Fits the natural aesthetic of the park and provides a chance to have a lovely xeriscape garden along Trinity that also acts as a screen.
APPSI428	06/13/2026 10:48 AM	Natural rocks	Looks the most natural
APPSI429	06/13/2026 10:51 AM	Natural rocks	Natural approach to match historic area in Los Alamos
APPSI430	06/13/2026 12:37 PM	Natural rocks	Fits with location – Ashley Pond
APPSI431	06/13/2026 14:50 PM	Piers	Pot-shaped bollards provide convenient seating and no maintenance (no plants to maintain/water).
APPSI432	06/13/2026 20:18 PM	Natural rocks	Fits the area, natural vs. man made. Longer lasting
APPSI433	06/13/2026 20:53 PM	Natural rocks	
APPSI434	06/13/2026 22:03 PM	Natural rocks	Less maintenance for the county
APPSI435	06/14/2026 8:16 AM	Piers	Low Pier bollards are low profile and don't block the view of the pond when driving through town. Rocks would be my second choice. This should have been a ranked choice survey.
APPSI436	06/14/2026 8:26 AM	Piers	Look neater and more symmetrical
APPSI437	06/14/2026 8:30 AM	Natural rocks	Concrete is ugly. Piers conflict with pond aesthetic.
APPSI439	06/14/2026 8:47 AM	Natural rocks	The rocks tend to tie-in to the natural mountain views of the Jemez Mountains. I also like the idea of the plants inter-mixed with the boulders.
APPSI440	06/14/2026 18:49 PM	Natural rocks	It allows the most natural look. The metal planter was interesting, but I don't want something that attracts additional heat. The rocks would be nice to lean against or sit on. The plants could look great from both the park and driving by.
APPSI441	06/14/2026 20:54 PM	Natural rocks	Should be the least expensive in this area. Can be removed and replaced if need arises to do so. Such as if they are vandalized. Plants would be a nice touch. But someone has to take care of them and water them. And I think they will be ruined by crowds/kids at concerts.
APPSI442	06/15/2026 6:47 AM	Natural rocks	Most natural
APPSI443	06/15/2026 6:55 AM	Natural rocks	Esthetically they look better.
APPSI444	06/15/2026 7:10 AM	Piers	Least amount of maintenance. Clean design.
APPSI445	06/15/2026 7:16 AM	Piers	Low, retains sight lines to pond, little or no maintenance, easy to trim around
APPSI446	06/15/2026 7:27 AM	Natural rocks	Planters need to be maintained and judging by other areas won't be maintained all that well. Natural rocks vs piers will blend in.
APPSI447	06/15/2026 7:38 AM	Natural rocks	Looks more natural
APPSI448	06/15/2026 7:49 AM	Natural rocks	
APPSI449	06/15/2026 7:58 AM	Natural rocks	I like natural rocks on principle, and locally sourced material is good. Noting that too many plants may obstruct access to the sidewalk.
APPSI450	06/15/2026 7:58 AM	Piers	Clean design
APPSI451	06/15/2026 8:04 AM	Piers	safety - no sharp edges
APPSI452	06/15/2026 8:19 AM	Rustic planters	Beauty consistency with existing landscape if Ashley Pond
APPSI453	06/15/2026 8:58 AM	Piers	Unobtrusiveness and low maintenance
APPSI454	06/15/2026 9:16 AM	Natural rocks	
APPSI455	06/15/2026 9:45 AM	Rustic planters	Interseating between planters and rocks provides serene transitions in to the park/
APPSI456	06/15/2026 10:00 AM	Natural rocks	I like the mix of rocks and plants; it blends in, it's pretty, and fits the setting.
APPSI457	06/15/2026 11:10 AM	Rustic planters	Aesthetics and safety
APPSI458	06/15/2026 11:39 AM	Natural rocks	Natural, local, aesthetic
APPSI459	06/15/2026 12:00 PM	Natural rocks	more natural and appropriate to the setting
APPSI460	06/15/2026 12:02 PM	Natural rocks	
APPSI461	06/15/2026 12:21 PM	Rustic planters	

APPSI462	06/15/2026 12:59 PM	Natural rocks	uses less energy, readily available on county property in large piles, will stop vehicles, less expensive to maintain and easier to remove in the next 4 years when the county changes the design anyway.
APPSI463	06/15/2026 14:07 PM	Natural rocks	Address safety concerns without ruining the natural aesthetic of the pond.
APPSI464	06/15/2026 14:16 PM	Natural rocks	It is the most natural and parklike of the three choices.
APPSI465	06/15/2026 14:54 PM	Natural rocks	It's natural and cheap.
APPSI466	06/15/2026 15:14 PM		Would like a solid barrier option. The diminished noise and headlights are a real plus!
APPSI467	06/15/2026 15:30 PM	Natural rocks	it looks the least shitty
APPSI469	06/15/2026 15:55 PM	Rustic planters	Flowers nice and planters can be used to sit on. Curious what cost of options are?
APPSI470	06/15/2026 16:38 PM	Natural rocks	Matches the aesthetic
APPSI471	06/15/2026 16:48 PM	Natural rocks	most aesthetic, blends in the best with the pond.
APPSI472	06/15/2026 17:55 PM	Natural rocks	I like the natural element of the rocks and strongly prefer to have plantings interspersed with whatever hardscape items are used.
APPSI473	06/15/2026 18:47 PM	Natural rocks	it blends nature with practicality.
APPSI474	06/15/2026 19:45 PM	Natural rocks	Natural look... Don't need sitting next to road.
APPSI475	06/15/2026 21:18 PM	Natural rocks	Less expensive and more natural!
APPSI476	06/15/2026 21:23 PM	Natural rocks	Not a manufactured product and each one would be unique.
APPSI477	06/15/2026 23:36 PM	Rustic planters	H
APPSI478	06/16/2026 5:50 AM	Natural rocks	it should disguise dog pee the best
APPSI479	06/16/2026 7:01 AM	Natural rocks	I like the planters and the rock design, not sure if they would be a safety improvement if people can sit on the rocks. With both the plants and flowers would be attractive but like the medians the county installed I think they would be labor intensive and turn to weed gardens.
APPSI480	06/16/2026 7:01 AM	Natural rocks	Less care and more natural looking
APPSI481	06/16/2026 7:19 AM	Natural rocks	Natural look
APPSI482	06/16/2026 7:19 AM	Natural rocks	It's less obtrusive. I like the natural look.
APPSI483	06/16/2026 7:48 AM	Natural rocks	I'd like to see an option with rocks and planters
APPSI484	06/16/2026 7:49 AM	Natural rocks	The natural look.
APPSI485	06/16/2026 8:02 AM	Rustic planters	Looks more attractive and provides a seat to tired walkers
APPSI486	06/16/2026 8:37 AM	Natural rocks	doesn't look too ugly
APPSI487	06/16/2026 8:39 AM	Rustic planters	Rustic planters and natural rocks are both OK with me because of the plants, the planters are ugly in my opinion.
APPSI488	06/16/2026 9:32 AM	Rustic planters	the planters look great especially in that rustic color. Also having planters allow for seating when anyone wants to take a break from their walk.
APPSI489	06/16/2026 9:48 AM	Rustic planters	Seating and plants
APPSI490	06/16/2026 10:37 AM	Natural rocks	maintaining the natural feel at the pond
APPSI491	06/16/2026 12:16 PM	Natural rocks	It looks natural and blends with the landscape that is already in place.
APPSI492	06/16/2026 17:16 PM	Natural rocks	I like the plants next to a natural material.
APPSI493	06/16/2026 18:54 PM	Piers	It wouldn't require watering like the plants in the planters would, and it looks like it provides a place to sit
APPSI494	06/16/2026 22:35 PM	Rustic planters	More flowers in this option
APPSI495	06/17/2026 7:38 AM	Natural rocks	
APPSI496	06/17/2026 12:39 PM	Natural rocks	Low maintenance. Natural looking.
APPSI497	06/17/2026 15:42 PM	Natural rocks	It looks the best and natural
APPSI498	06/17/2026 16:38 PM	Natural rocks	Prettier
APPSI499	06/17/2026 17:40 PM	Natural rocks	Blends in to surroundings.
APPSI500	06/17/2026 17:42 PM	Natural rocks	The natural look
APPSI501	06/17/2026 18:19 PM	Rustic planters	Mix between planters and Natural Rocks

APPSI502	06/17/2026 18:31 PM	Natural rocks	Try to lower water use by not using plants
APPSI503	06/17/2026 19:10 PM	Natural rocks	more "natural", especially with plantings
APPSI504	06/17/2026 21:58 PM		NONE of these will stop a jacked up pick up truck or larger truck !!!!!!!!!!!!!!!
APPSI505	06/18/2026 5:12 AM	Natural rocks	Friendlier, natural
APPSI506	06/18/2026 10:37 AM	Rustic planters	this design breaks up the "industrial" look of "all bollards" of either design, but allows for people to sit on them as well. the rocks don't.
APPSI507	06/18/2026 10:52 AM	Rustic planters	Least ugly. I'd like something that continues the mosaic theme down the street by the police station. Perhaps planters could do that.
APPSI508	06/18/2026 11:51 AM	Natural rocks	Mountain/ natural feel, various heights and shapes for children and adult seating
APPSI509	06/18/2026 12:00 PM	Natural rocks	Won't look it will not look man made and have a more natural look
APPSI510	06/18/2026 15:11 PM	Rustic planters	They clearly delineate the sidewalk from the park without looking clunky or presenting a tripping hazard.
APPSI511	06/18/2026 15:21 PM	Piers	prefer piers due to appearance and functionality, natural rocks would be second choice
APPSI512	06/18/2026 17:59 PM	Natural rocks	Looks most natural of the 3
APPSI513	06/18/2026 19:25 PM	Natural rocks	It looks more natural, as befits the natural elements of the park. I hope it will be possible for elders like me to sit on some rocks comfortably. Different heights for different people sizes.
APPSI514	06/18/2026 19:33 PM	Piers	My PREFERENCE would be the planter boxes, but I fear they will not be maintained and also, walking access to cut across the lawn to the pond might be more inconvenience. I like the piers because they offer 1) places to sit along the sidewalk, 2) they look elegant, 3) they would be low maintenance, and 4) a bicycle could ride through them (with all the stairs, riding across the lawn is the better option for a bicycle to get to the bandstand).
APPSI515	06/18/2026 19:54 PM	Natural rocks	It looks most natural.
APPSI516	06/18/2026 20:05 PM	Natural rocks	Natural look and very secure
APPSI517	06/18/2026 20:11 PM	Natural rocks	They are attractive and do not require maintenance.
APPSI518	06/18/2026 20:48 PM	Natural rocks	
APPSI519	06/18/2026 20:49 PM	Natural rocks	Fits the Plateau best.
APPSI520	06/19/2026 6:47 AM	Natural rocks	Less intrusive
APPSI521	06/19/2026 8:57 AM	Rustic planters	I like the mix of planters and piers (or rocks interspersed with plantings) -- they are more visually pleasing and in keeping with the landscaping around Ashley Pond than the option with only piers. But I think we should choose whichever will be most cost-effective both to create AND to maintain.
APPSI522	06/19/2026 9:00 AM	Natural rocks	It goes with the efforts to make the pond look more natural.
APPSI523	06/19/2026 11:02 AM	Rustic planters	I really like having growing local pollinator plants as part of the concept. Concrete piers by themselves could be ugly and boring.
APPSI524	06/19/2026 12:48 PM	Rustic planters	Allows for plants and flowers hopefully bee habitats and still provides a vehicle barrier. I also like the large rocks but I know my 5 year old will want to climb the boulders and then that creates another safety concern.
APPSI525	06/19/2026 15:21 PM	Natural rocks	Most attractive option. My second choice is the bollards. Being able to walk over from across the street parking would be easier with either of these options. The Jersey barriers currently in place only have a few openings, and nothing near that parking lot, We will still have to deal with traffic crossing Trinity, but access to Ashley Pond would be easier.
APPSI526	06/19/2026 17:08 PM	Natural rocks	Looks more natural. The other options are tacky.
APPSI527	06/19/2026 19:30 PM	Natural rocks	Like the 'natural' look. People could also sit on these rocks theoretically.
APPSI528	06/19/2026 20:11 PM	Natural rocks	Plants look best
APPSI529	06/20/2026 9:21 AM	Rustic planters	The pattern of them
APPSI530	06/20/2026 20:57 PM	Rustic planters	Looks best
APPSI531	06/21/2026 18:20 PM	Natural rocks	Matches aesthetics.
APPSI532	06/21/2026 19:51 PM	Natural rocks	better for small town/natural aesthetic. piers/bollards are too urban. Planters mixed with bollards I think defeats the purpose. Also, maybe we dont want bees swarming around gathering areas?
APPSI533	06/22/2026 9:31 AM	Natural rocks	Locally sourced, natural landscape, plantings add to aesthetic along sidewalk/road.
APPSI534	06/22/2026 11:03 AM	Natural rocks	The rocks fit in better with the ponds natural surrounding and should cost a lot less and would work better stopping a vehicle better than the other choices.
APPSI535	06/22/2026 12:19 PM	Natural rocks	Saving the county money
APPSI536	06/22/2026 14:06 PM	Natural rocks	
APPSI537	06/22/2026 14:06 PM	Natural rocks	Blends in better. Less likely to be vandalized

APPSI538	06/22/2026 15:01 PM	Natural rocks	I think rocks compliment our pond area. They just blend in with the surroundings. Been here 30 years
APPSI539	06/22/2026 15:02 PM	Natural rocks	Most natural lool
APPSI540	06/22/2026 16:34 PM	Natural rocks	
APPSI541	06/22/2026 16:35 PM	Piers	Why is the sidewalk not being protected? none appear to be satisfactory, as they appear too low. 32" is minimum, but that will not prevent a larger/heavier vehicle from going over. Piers at least can be anchored 3' or so in to the ground whereas other options just seem to rely on gravity
APPSI542	06/22/2026 21:06 PM	Piers	Safety for kids and will not require city to water the planters
APPSI543	06/22/2026 21:06 PM	Rustic planters	
APPSI544	06/24/2026 0:16 AM	Piers	Piers look nice and can double as seating. The piers would probably appear even nicer if they were paired with some flowers/bushes like shown with the rocks. The rustic planters seem a bit offputting with their rusty color and sharp square shape.
APPSI545	06/24/2026 16:33 PM	Piers	Less maintenance with less weed issues
APPSI546	06/25/2026 10:27 AM	Piers	Simplistic and nice looking
APPSI547	06/25/2026 14:48 PM	Natural rocks	The natural boulders and native plants mix the best with the aesthetic of the pond area, and they are the most attractive while still offering the safety needed.
APPSI548	06/25/2026 15:12 PM	Piers	As much as I like natural features, steering away from additional cost in upkeep would probably be ideal; lowering water usage and minimizing labor.
APPSI549	06/25/2026 16:27 PM	Piers	Uniformity and most likely to weather well.
APPSI550	06/25/2026 17:48 PM	Natural rocks	Looks better, is natural, less maintenance, and no one is going to sit on a pier next to a busy road like the pictures depict.
APPSI551	06/25/2026 19:07 PM	Natural rocks	I like the natural look and the fact that planters should be easier to keep alive in ground
APPSI552	06/25/2026 19:08 PM	Natural rocks	It looks natural
APPSI553	06/25/2026 19:21 PM	Natural rocks	Keep all natural
APPSI554	06/25/2026 19:22 PM	Natural rocks	The natural look. Hopefully sourced from the volcanic tuff we have on our mesas
APPSI555	06/25/2026 19:27 PM	Natural rocks	It's the most aesthetically pleasing.
APPSI556	06/25/2026 19:30 PM	Natural rocks	I like the natural aspect of the rocks. It pairs well with the planters and flowers.
APPSI557	06/25/2026 22:43 PM	Natural rocks	It blends better with the landscape of the pond.
APPSI558	06/26/2026 6:06 AM	Natural rocks	The natural rock may mean less maintenance for county. Planters requires someone to care for the flowers. I'd prefer the county try to spend more resources on planters in White Rock.
APPSI559	06/26/2026 6:43 AM	Natural rocks	Esthetics, more complete coverage for efficient protection (minimizes gaps and improves safety for small kids)
APPSI560	06/26/2026 7:31 AM	Natural rocks	
APPSI561	06/26/2026 7:44 AM	Natural rocks	Looks more natural and in keeping with the surrounding area.
APPSI562	6/26/2026 9:44	Natural rocks	The complement the natural look of the pond. They can be local rock to keep with the high desert/Chaparral look of the town
APPSI563	6/26/2026 9:50	Natural rocks	Best crowd safety and complimentary aesthetics
APPSI564	6/26/2026 10:09	Natural rocks	it fits the overall aesthetic
APPSI565	6/26/2026 10:45	Piers	simple, uncluttered, low maintenance
APPSI566	6/26/2026 11:28	Natural rocks	It looks more natural to the landscape .
APPSI567	6/26/2026 11:47	Natural rocks	make it more eye appealing and natural
APPSI568	06/26/2026 13:02 PM	Natural rocks	More in tune with the area and nature.
APPSI569	06/26/2026 13:04 PM	Natural rocks	fits in best with our natural surroundings
APPSI570	06/26/2026 14:33 PM	Natural rocks	This looks nice and suits the area. However, if the upkeep is too burdensome the piers would be preferable.
APPSI571	06/26/2026 15:11 PM	Natural rocks	Looks more natural. I don't like the barrel like barriers at all, but do like the rustic planter part. I also liked the stool like barriers second best, but only if they were interspersed with ground level planning or planter boxes which did not seem to be included in that option
APPSI572	06/26/2026 16:08 PM	Natural rocks	looks more natural.
APPSI573	06/26/2026 16:56 PM	Rustic planters	Piers would give more seating options when activities are happening at the pond, or if an elderly/handicapped person needs to take a break while walking.
APPSI574	06/26/2026 17:05 PM	Natural rocks	More natural appeals to my eyes
APPSI575	06/26/2026 18:56 PM	Natural rocks	Blends best with LA style.
APPSI576	06/26/2026 19:27 PM	Natural rocks	Most consistent with natural setting of a park.

APPSI577	06/26/2026 20:51 PM	Rustic planters	Rustic vibe
APPSI578	6/27/2026 3:51	Natural rocks	They are all pretty good, but I think the natural rocks option looks great, and actually adds to the aesthetic. Native plants between them would be a bonus, but I don't know if dogs peeing on them would be a problem. The Rustic Planters option is nice too.
APPSI579	6/27/2026 11:02	Natural rocks	I don't think this needs to be done at all, but if it must be done a natural look would be best. Our county has become excessively fearful about too many hazards including excessive activities such as salt on the roads when there is insignificant snow or a few native animals.
APPSI580	06/27/2026 18:58 PM	Natural rocks	
APPSI581	06/27/2026 21:57 PM	Natural rocks	More fitting to the local environment
APPSI582	06/27/2026 22:00 PM	Natural rocks	more natural
APPSI583	06/27/2026 23:03 PM	Rustic planters	
APPSI584	06/28/2026 13:27 PM	Natural rocks	will look much better, especially with plantings in between
APPSI585	06/28/2026 13:32 PM	Natural rocks	As a Los Alamos canine, I think the boulders and plants offer better sniffing
APPSI586	06/28/2026 16:35 PM	Natural rocks	fits with the existing plantings. doesnt look like ass.
APPSI587	06/28/2026 16:37 PM	Natural rocks	the county wont kill the plants they put in the planter boxes.
APPSI588	06/28/2026 18:34 PM	Rustic planters	
APPSI589	06/28/2026 19:07 PM	Natural rocks	
APPSI590	06/28/2026 20:16 PM	Natural rocks	Keeps existing character.
APPSI591	06/28/2026 21:59 PM	Natural rocks	It looks more natural and could also be educational if rocks were identified and origin given.
APPSI592	06/28/2026 22:37 PM	Natural rocks	Natural look. Easier long term maintenance costs and watering ability.
APPSI593	6/29/2026 9:45	Natural rocks	The natural rocks fit the environment .
APPSI594	6/29/2026 11:08	Natural rocks	I like that the natural rock option covers a wider space. For parents who have small children that run, I like that this is more like a wall rather than having a bunch of openings. I appreciate the barriers that are currently there. Even though they are unsightly, it helps keep children safe from wandering too close to the road (especially for library music and movement when it's at Ashley Pond in the summertime)
