V. PRESENTATIONS AND DISCUSSION ITEMS

22248-26 Presentation from Lloyd and Associates and the Los Alamos County Department of Public Works on the possible Community Health Action Center site locations.

22253-26 Discussion and possible action to recommend that an Ordinance be approved by the Los Alamos County Council to reduce the number of the Los Alamos County Health Councilors from 15 to 11 active Health Councilors. This reduction would occur through attrition as members either complete their final consecutive term or resign from their position. This will exclude existing Health Councilors, who can re-apply for additional terms for which they are eligible. When the number of Health Councilors naturally reaches 11, no new members will be appointed beyond this number.

Presenters: Jessica Strong

22353-26 Discussion and possible action to recommend that an Ordinance be approved by the Los Alamos County Council for the Los Alamos Health Council members to transition to a once-yearly onboarding rotation, beginning annually in June. There will be an open application period from June 1 to June 30, interviews and recommendations for appointments will occur in July, and terms will begin upon appointment by the Los Alamos County Council and run for two years. This will exclude existing Health Councilors, who can re-apply for additional terms for which they are eligible. When a vacancy occurs, the position will remain open until June and applications will be accepted at that time.

Presenters: Jessica Strong
