Deaccession Clarification process was explained by Katherine Hudspeth in the Stored Art Update item.

I. [14309-21](#) Art Collection Maintenance

Presenters: Katherine Hudspeth

Katherine Hudspeth updated the Board on Art Collection Maintenance. An RFP process needs to be started for new bids. Discussed an email from Art Maintenance contractor, Joe, on maintenance that was supposed to be done on sculptures that had never been maintained. The approval from 2019 will be grandfathered in for the maintenance of the sculptures as the contract is ending soon.

5. **COUNCIL COMMUNICATIONS**

David Izraelevitz welcomed the new members. He also discussed technology in art and wifi in art as a possibility. Discussed funding used for projects if it can't come out of APP fund. Discussion was had.

6. **PREVIEW OF NEXT MEETING - June 24, 2021**

Leisure Lagoon will stay on the agenda.
The Jeff Siegler, "Boys of Pajarito" painting, will be moved to a business item.
Send out artist list and contact list for Eric Theolander for art at North Mesa.
Find places for "Maroon Bells" and 3 other paintings that will be moved from Fuller Lodge. This will be discussed under Stored Art Update for next meeting.
Members Baker and Cutting-Smith will be leads on this.

Title

Leisure Lagoon Potential Art

Recommended Action

I move that the APP board move forward with selecting an artist and developing art ideas for the space identified in the new kiddie/leisure pool space at the Aquatic Center.

Body

Member Mackey is the lead for this project. Steve Huebner updated the board at the Oct. 22nd meeting, stating that the Kiddie Pool construction is scheduled to begin on Feb. 2021 and be completed in Feb. 2022. As the project manager, Steve expressed that if APP is going to consider putting art in this location, that a firm design would be needed by Aug. 2021. Initial ideas from the board were a mural, a mosaic of tile or other material, Ceramic art such as fish, similar to the kites in the White Rock Library, and Sea Creatures. Board is to brainstorm ideas for this project with additional information of materials recommended for an enclosed aquatic center environment. At the Dec. 17, 2020 meeting Member Mackey presented two potential artists for the interior, Amanda Jaffe, and, Collette Marie for the exterior of the building. Member Mackey was tasked with further discussing with these artists further details and rough estimate costs for potential art.

At the Jan 2021 meeting Member Mackey provided addition details of the proposed pieces. The Exterior would be a concrete formed lined piece, proposed to be placed above the new windows of the pool. The Interior is proposed to have 5 pieces, each sitting underneath the new windows of the pool, and would need to be sunk at least 2 inches into the wall. Both proposals need extreme coordination with the project manager, Steve Huebner for feasibility in construction timeline and contractor capability an scope. Staff Liasion, Katherine Hudspeth, reached out to Steve Huebner with a summary of Jan. 2021 discussion, asking several questions, Member Mackey was cc'd.

At the Feb. 2021 meeting New Chair Mackey provided additional details. The exterior of the Aquatic Center will be concrete block, not form-lined, as previously through, therefore the stamped concrete is not a viable idea. Further research needs to be done for any exterior ideas. As for the interior, Amanda Jaffe is excited for the potential project, and does need to figure out how the pieces would be mounted, since they can't be sunk into the wall. She going to send samples, attn: Katherine at the Muni Bldg., and does plan to use thick tiles (2in), would use 2in angle iron and adhesive to mount.

Safety concerns were brought up at the June 2021 by county staff, and the board was asked to consider other ideas for art for the facility. Chair Mackey requested a meeting with the CSD

Director to discuss.

"Boys of Pajarito Plateau"

Recommended Action

I move that the APP board recommended to the Los Alamos County Council that the Jeff Segler painting "Boys of Pajarito Plateau" be purchased and installed in the main office stairwell of Fuller Lodge. Budget for "Boys of Pajarito" by artist Jeff Segler, which includes purchase price, contingencies, such as lighting and plaque, not to exceed \$70,000.

Body

Chair Mackey has been looking for appropriate spots to put the Jeff Segler painting, per 2020 County Council guidance. This is a large painting, approximately 36" tall. Chair Mackey has not been able to find an appropriate spot, and believes the painting should reside in Fuller Lodge and would like to propose it be placed in the stairwell leading up to the Fuller Lodge offices, where "FH-1365" by Francis Harlow currently resides. The purchase price of the painting is \$68,500. In addition, estimated transportation and installation costs will be \$1,500. Total cost is not to exceed \$70,000.

"Untitled"

Recommended Action

I move that the APP board recommended to the Los Alamos County Council to approve to re-framing and new location at the Mesa Public Library of painting "Untitled" by John Dorman. Cost is not to exceed \$150.00.

Body

Jenn Baker met with Eva Jacobson on March 4th. The Library has a space for "Untitled" to be hung in the hallway of the Library Meeting rooms. It is suggested that before it is put back on display that the frame be replaced. Katherine presented framing options from Village Arts to the Board in May. The board agreed on a frame called "Coffee Bean" at a cost of \$74.80 plus cost of labor of \$45.50.

Monthly Meetings Path Forward

Recommended Action

I move that the APP Board continue to meet virtually via Zoom in a open to public meeting until September, at which point the board will re-evaluate unless directed otherwise by County Council.

Body

Per the direction of County Council, the APP board needs to gather feedback and discuss a path forward of how meetings will proceed with meetings as COVID-19 restrictions become more lifted. Holding Zoom meetings are still an option. If in person meetings are to resume, all meetings will be held in Council Chambers, due to room 110 being utilized for Customer Care during renovations.

New Public Art Location

Body

Member Cutting-Smith is the lead for this project. APP conducted a survey of where the public would like to see public art displayed, and there was a significant amount that identified North Mesa and the North Mesa Stables. Member Cutting-Smith is to develop a plan on how to move forward for a new location and new art.

At the Feb. 2021 meeting former Member Carson stated that he did drive around North Mesa and identified 2 possible locations: Soccer Fields or Baseball Fields. Member Cutting-Smith also stated that she drove around North Mesa and noticed that there is no Shade Structures in that area, and felt that maybe that could be an idea. Member Cutting-Smith has put together A Google earth Project to show potential locations of art on North Mesa along with ideas.

- Idea #1: the electrical boxes located along San Ildefonso Rd. Commission individual artists to decorate the boxes, with an artist's vinyl wrap. Additional research was done by former Member Carson. The life expectancy of the vinyl wraps are no more than 7 years, if taken extremely well taken care of. Given that APP items need to have a 20 year life span, this idea was abandoned.

- Idea #2: North Mesa Dog Park - No concrete idea and idea was not discussed at May 2021 meeting.

- Idea #3: North Mesa Soccer Field - No concrete idea, but maybe something interactive.

Members Theophan and Cutting-Smith did look at the potential space and Katherine provided utility information for the location. Member Baker would like to inquire Eric Thelander again about a potential art piece. There are some items to consider about this space

- Parking is a premium when this space is used.
- App Board may want to consider talking to the space user groups as to what may be useful/beneficial or detrimental to the area.
- There is no power on or near the soccer field or restroom building.
- Idea #4: Bus Stop Bench - potential shade structure. Idea was not discussed at May 2021 meeting.

Sunflower

Body

The Sunflower donation, restoration and installation was approved by County Council on Sept. 29th, and the Formal Donation Acceptance form was completed Oct. 21, 2020. Sunflower is in possession of Los Alamos County, and Katherine is working with Steve Huebner and Procurement to establish an RFP for the work needed to be done. On April 2nd, Katherine met with Steve Huebner and now has the draft RFP in her possession. Edits will be made to align with the scope of the project and will then be sent to procurement for review, and then to legal. As of June 7th, the RFP for the Sunflower project is ready to be advertised, however Public Works would like to wait a month so that this project can be assigned to Steve's replacement. Therefore, this project is on hold until around July 7th.

Karen Wray Gallery Request - "Golf Course" by Secundino Sandoval

Body

Karen Wray contacted Katherine Hudspeth to inquire about the possible purchase of the watercolor painting entitled "Golf Course", painted in 2012 and has been in the gallery for several years. The painting is 20.5" h x 28.5" w, includes the frame and matting. The Karen Wray Gallery has the piece listed for \$2,400 + tax. This painting depicts two golfers on the golf course with the Pajarito Mountain ski hill in the background.

The artist, Secundino Sandoval is a local Los Alamos artist, who just celebrated his 88th birthday. Mr. Sandoval is a well-known and beloved painter whose works are owned by many local collectors and individuals throughout the country. He studied painting under Randall Davey and oils under Leslie Burtenshaw. Secundino's artistic talents emerged early in his life. His passion for painting and his independence was clear from the start as one of his early grade school teachers told him in kindergarten that he was ready to defend his rights to his own crayons with a punch if necessary. Mr. Sandoval attended the University of New Mexico and received a BA from Adams State College in Alamosa, Colorado. He was a technical illustrator for the US Army Aggressor Center and in 1952 went to work for the Los Alamos Scientific Laboratory as a full-time draftsman and designer. He worked at the lab for 15 years before he left to become a full time artist. He has won many awards to his works.
