APP and Council Approval

This policy was voted on and approved at the above public open meetings of the APP Board and Los Alamos County Council.

Purpose

These policies and guidelines are adopted by the Los Alamos County ("County") Art in Public Places Advisory Board, ("APP" or "Board"), for the purpose of establishing procedures for implementing Los Alamos County Code ("Code") [Chapter 8, Article II, Sections 8-31 through 8-34](#) and [Chapter 20, Article III, Sections 20-363 through 20-365](#).

Policy

The APPB is a standing board of the County and is responsible for making recommendations to the County Council ("Council") for selection, acquisition, placement, and disposal of public art, plus general management of the County's public art collection.

Definitions

Acquisition: The inclusion of artwork in the permanent public art collection of the County by commissioning, purchase, or donation.

Art or Work of Art: Any non-ephemeral work of visual art, and may include landscaping and landscape design. See also County Code Chapter 20.

Art in Public Places Account: A special County fund, as provided in [County Code Chapter 20, Article III](#), established to facilitate the purchase, placement, and maintenance of the County's public collection of art.

Board: The Art in Public Places Board, as defined in the Los Alamos County Code, including the ex-officio staff liaison.

Collection: The Los Alamos County Public Art Collection that consists of art purchased with Art in Public Places funds and/or artwork donated to Los Alamos County through the Art in Public Places Board.

Disposal or Disposition: The permanent removal of public art from the County's public art collection (formerly called "deaccessioning").

Stakeholders: Those who are exposed to the County's public art collection on a frequent basis.

Purpose and Objectives

The Board, pursuant to Los Alamos County Code of Ordinances, is charged with the following functions, powers, and duties:

- Recommend to Council the acquisition and maintenance of all works of art funded by the Art in Public Places Account;
- Recommend the public sites selected for the display of art and criteria to be used in selection of the artists or the work of art to be funded or purchased;
- Provide advice to Council on the proposed removal, relocation, or alteration of any public facility or works of art;
- Recommend to Council policies and programs to further the development and awareness of the County's public art programs;
- Seek private donations for the County to supplement the County's art collection and Art in Public Places Account;
- Recommend necessary policies and procedures to include, but not be limited to, criteria for selection of artists, procedures for artistic competitions, selection of public locations for art equitably distributed throughout the community, and recommendations for the maintenance of art funded by the Art in Public Places Account;
- Recommend policies to coordinate with the County's capital improvements programs and other activities to ensure that works of art funded by the Art in Public Places Account are properly integrated into the community and do not pose excessive maintenance costs or public health risk, and do not unduly encumber public lands; and

- Perform such additional related duties as may be assigned by Council or requested by the County Manager.

The Board shall also encourage the integration of public art into the architecture of municipal structures and public spaces and shall strive to visually enhance the community.

The Board will address its purpose and objectives by recommending the acquisition and maintenance of a variety of art, including creation and maintenance of labels or plaques to identify the work of public art. This will be accomplished through:

1. Ongoing review and evaluation of appropriate art for County structures, both indoor and outdoor by:
 - a. Working with the public and stakeholders of the proposed location;
 - b. Fostering collaboration between artists, architects, or engineers; and
 - c. Considering factors in the site selection process to ensure substantial public access; specifically, not in private offices of public officials or at/in inaccessible public areas.
2. Recommending the selection of appropriate art through a new acquisition or from the existing County public art collection.
3. Ensuring that the recommended acquisition, distribution, and disposal of works of art are governed by carefully designed procedures to enhance the public's viewing of art.

Aquisition, Donation, and Disposal

The Board will prepare a recommendation with a rationale and cost estimate to Council for the acquisition or disposal of public art. The final decision regarding acquisition or disposal will be by Council action after consideration of the APPB recommendations.

Aquisitions

As each public art piece may differ in size, scope, nature, format, and location, the Board may recommend purchasing a completed work of art, commissioning a work of art, holding a competition to select a work of art, or creating some other appropriate mode of selection.

In the event that the work of art is to be purchased and placed in conjunction with a County project, the Board shall consult with the appropriate County staff and the project architect, if any, and involve them in the selection process as necessary. The Board may request Council approval in advance to purchase a work of art at a juried show.

1. Minimum Criteria: Pursuant to Code, the Board will consider the following minimum criteria in selection of works of public art:

- a. The work of art must be located in a public place with public visibility and impact.
 - b. The work of art shall have a permanence generally of at least twenty (20) years and shall be likely to remain a thing of value for this time period given appropriate site selection and maintenance.
 - c. The work of art shall enhance the environment of the County.
2. Additional Criteria: In addition to the minimum standards, the Board may also consider the following:
 - a. Quality of the workmanship
 - b. Reputation and/or recognition of the artist or artists.
 - c. Appropriateness of the art for the proposed location.
 - d. Maintenance requirements for the art.
 - e. Environmental factors (weather, noise, light, etc.).
 - f. Security factors (theft, vandalism, etc.).
 - g. Public safety

The Board will consult with the County Attorney in order to prepare a purchase agreement or purchase order, if needed. To the extent possible, a legal instrument of conveyance, transferring title of the artwork and clearly defining the rights and responsibilities of all parties shall be made and maintained for all works of art in the public collection. In general, works of art shall be acquired without legal restrictions regarding future use and disposal, except with respect to copyrights and certain clearly defined residual rights that may be part of the agreement with the artist.

Donations

1. **Donations of Art** to the County's art Collection is to be guided by the County's works of art donations policy as provided for in Appendix A.
2. **Donation of Cash** to the Art in Public Places Fund can be added to the Art in Public Places Fund and used, budgeted, and appropriated in the same manner as all other APPB funds. In general, cash donations or gifts will only be accepted without restrictions. If a cash contribution or donation is proposed to be earmarked for a particular project, the Board, in consultation with the County Manager, will determine if the proposed project/work of art is reasonable depending on the circumstances and is in accordance with the objectives and intent of the of the County's public art program.

Disposal

1. A recommendation for Disposal of any work of public art can come to the APPB from any person, source, or Board member. The Board, in an open public meeting, will decide whether to proceed with recommending disposal of the work of public art or to dismiss the proposed Disposal. Generally, a work of art may be considered for disposal if one or more of the following conditions apply:
 - a. It has received consistent adverse reaction on the part of the stakeholders.
 - b. It is duplicative in the County's public art collection.

- c. It possesses faults of design or workmanship.
 - d. It requires excessive or unreasonable maintenance.
 - e. It is damaged irreparably, or to an extent where repair is unreasonable or impractical.
 - f. It represents a threat to public safety or unduly encumbers public land.
 - g. A suitable place for display no longer exists.
 - h. The work is not, or is rarely, displayed.
2. If the APPB decides to proceed with recommending to Council the Disposal of a work of public art, the Board will:
- a. Gather information from the stakeholders and discuss the results at an APPB meeting. The artist whose work is being considered for Disposal will be notified by reasonable means of the meeting, if possible.
 - b. If the Board decides to recommend Disposal of the art work, a plan for the path forward will be developed reflecting input from the stakeholders and the artist, if possible. The role of the artist is advisory only. The current monetary value of the art work, if available, will be included in the plan along with a description of the applicable conditions listed above.
 - c. Notify the Council liaison of the recommended plan for Council approval and disposition. Disposal of any public work of art requires Council approval, so the Board Chair, the Council liaison, and the staff liaison will formulate a plan and path forward for final Council decision.
3. Disposal by any means of County-owned public art shall comply with all applicable County and State legal requirements.

Placement, Movement, or Relocation of Art

The Board is charged with the duty to recommend to Council the placement, movement, or relocation of all public art from one public building or site to another. The Board's recommendation to Council will generally include the method by which the works of art will be moved, handled, or stored, the dates of expected movement, length of storage, where applicable, and method for reinstalling the art. Once approved by Council, the Board will assist the staff liaison in coordinating the movement, storage, and/or relocation of art to ensure proper handling and care of the art.

Maintenance, Repair, and Restoration of Art

The Board shall recommend to Council the general requirements for maintenance, repair, or restoration of all County-owned works of public art.

Plaques and Identification Signs

To the extent practicable, the APPB will comply with the current County's Graphic Standards related to the identification of County owned works of art. Attached here as Appendix B is the Art Board's plaque and labeling guidelines.

Appendix A: Artwork Donations to the Los Alamos County Public Art Collection Policy

Purpose

In addition to artwork purchased for the Los Alamos Public Art collection, the County may accept donations of art. The purpose of this policy is to establish procedures for the acceptance or rejection of these donations. This policy only applies to artwork donation offers made through the Art in Public Places Board ("Board").

Policy

It is the Board's policy that when any gifts or donations of art are proposed to the Board for placement within any County facility (interior or exterior) or any other public space, such proposals of gift or donations shall be evaluated by the Board, the respective County department, and the County Council using the procedures listed in this policy.

Exemptions to this Policy

1. Portable artworks on short-term loan to Los Alamos County shall not be subject to review under this policy [i.e. temporary exhibitions, generally 60 days or less].
2. Donations of artwork made directly to the Library Division shall not be subject to this policy.

Criteria for Acceptance of Donations

Aesthetics - Visual criteria shall include consideration of the following:

1. Artistic merit of the work of art, including consideration of its artistic social and/or historical significance, as evidenced by Form A - Intent to Donate (which shall include a written description and drawings and/or photographs of the proposed artwork);
2. Artist's background, as evidenced by Form A - Intent to Donate (which shall include information about the artist plus slides/photographs or other visual examples of past work, and a resume, if possible);
3. Compatibility of the work of art within the context of the County's collection;
4. Warranty of originality of an existing artwork (only original works or limited editions shall be considered);
5. Ability of the work to meet the Board's criteria for quality of workmanship and permanence; and

6. Verification that any permanently attached text components (including signage and/or plaques) for the artwork will not violate the requirements of Los Alamos County regulations relating to the display of non-commercial signs in public places. As noted under "Special Conditions," the artwork shall not contain/display anything that can be construed as advertising.

Location - Consideration shall be given to the following:

1. Appropriateness of the proposed site with respect to the artwork's audience and physical environment;
2. Compliance with any Master Plans or other plans the County has developed with regard to site location;
3. Identification of potential public safety concerns;
4. Proposed method of display (including any necessary base design; landscaping, lighting, utilities, anchoring);
5. Scale, form, content, color, and design of the artwork in relation to the site;
6. Ecological impact (i.e., percentage of impervious cover, etc.);
7. Accessibility to the public, including persons with disabilities; and
8. Compatibility with art works already in existence at the proposed site.

Installation - The standards to be taken into account for putting the artwork in place shall include:

1. Site requirements necessary for installation, including, but not limited to electricity, lighting, and water, including irrigation water. If the irrigation system needs to be relocated, but that is not feasible, then the effect of the irrigation water on the artwork must be taken into effect;
2. Method of installation;
3. Transportation costs;
4. Storage requirements, if any; and
5. Maintenance requirements.

Financial - Financial criteria to be considered shall address the cost and availability of funding and shall include the following items:

1. All costs associated with fabrication and installation (including site preparation, plaque and unveiling/dedication event, if any);
2. Source of funding and date funds are available (i.e., must monies be raised through private fundraising before the artwork may be installed or fabricated?); and
3. Estimated annual maintenance costs.

Liability - Added costs or liabilities the County may incur if the artwork is accepted, such as:

1. Susceptibility of the artwork(s) to normal wear and to vandalism;
2. Potential risk to the public;
3. Public access, in general, as well as compliance with ADA requirements; and
4. Any special insurance requirements.

Timeliness - Subjects of concern related to timeliness include:

1. Allowance of sufficient time for normal review process by the affected department, the Board, the County Council and any other affected parties; and
2. A failure by the donor to provide a timely response for additional materials or information may be grounds to reject a gift or donation.

Special Conditions - Conditions imposed by the donor may not be compatible with the County's plans. Therefore, such conditions will be a factor in determining the advisability of accepting a proposed gift or donation

Procedures

The following procedures have been established to provide a fair and consistent application of this policy. When to start advertising:

1. The potential donor shall submit a completed Form A - "Intent to Donate Artwork," including the required attachments, to the Board's staff liaison. The staff liaison will schedule the proposal on the Board's agenda. The Board shall perform a preliminary review based upon the criteria listed in Section IV. A. "Aesthetics." If the Board determines that the donation does not meet the criteria listed in Section IV. A., the process is concluded at this point.
2. If the donation offer passes the review in Section V. A. above, the Board will review the offer in relation to Sections IV. B-G. Upon a recommendation to accept the donation by the Board, the staff liaison will be directed to contact all interested County departments affected by the decision for review and technical evaluation, when particular technical expertise is needed. The purpose of the departmental review is to determine the feasibility of accepting the artwork, i.e., the viability of the recommended location, maintenance costs, as well as other impacts. If the affected department(s) has a Board or Commission that is appropriate to involve, that Board or Commission should review and comment on the proposal as well.
3. If the proposed donation is deemed appropriate through the process outlined in A. and B. above, the Board shall either vote to make a recommendation to the County Council to accept the donation or vote to decline the donation as presented. The recommendation to County Council shall take into consideration the input from all others involved in the review process; however, if the Board votes to decline the proposed donation, the process stops.
4. If the Board's review of the proposed donation results in a recommendation to accept the donation with modifications, the new design shall be resubmitted to the respective department for review prior to the Board taking its final recommendation to the County Council.

5. When the artwork donation approval process has been successfully completed, the County and the donor shall enter into an Agreement for the Transfer and Placement of Artwork that legally conveys the title to the County and includes the appropriate warranty of originality. The Agreement shall also enumerate any conditions of the gift the County has agreed to accept and outline the responsibilities of each party with respect to the donation, including installation and maintenance. In general, gifts may only be accepted without restrictions. Once installed, the artwork shall be added to the County's collection and covered under the County's insurance policies for the appraised value.
6. Until an agreement has been accepted by both the donor and the County, the donor may withdraw the offer of gift or donation.

POLICIES AND GUIDELINES**

Approved by the County Council on August 30, 2016

I. PURPOSE

These policies and guidelines are adopted by the Los Alamos County (“County”) Art in Public Places Advisory Board, (“APPB” or “Board”), for the purpose of establishing procedures for implementing Los Alamos County Code (“Code”) Chapter 8, Article II, Sections 8-31 through 8-34 and Chapter 20, Article III, Sections 20-363 through 20-365.

II. POLICY

The APPB is a standing board of the County, and is responsible for making recommendations to the County Council (“Council”) for selection, acquisition, placement, and disposal of public art, plus general management of the County’s public art collection.

III. DEFINITIONS

“Acquisition”: The inclusion of artwork in the permanent public art collection of the County by commissioning, purchase, or donation.

“Art” or “Work of Art”: Any non-ephemeral work of visual art, and may include landscaping and landscape design. See also County Code Chapter 20.

“Art in Public Places Account”: A special County fund, as provided in County Code Chapter 20, Article III, established to facilitate the purchase, placement, and maintenance of the County’s public collection of art.

“Board”: The Art in Public Places Board, as defined in the Los Alamos County Code, including the ex-officio staff liaison.

“Collection”: The public collection of art purchased with Art in Public Places account or artwork donated to Los Alamos County through the Art in Public Places Board.

“Disposal” or “Disposition”: The permanent removal of public art from the County’s public art collection (formerly called “deaccessioning”).

“Stakeholders”: Those who are exposed to the County’s public works of art on a frequent basis.

IV. PURPOSE AND OBJECTIVES

The Board, pursuant to Los Alamos County Code of Ordinances, is charged with the following functions, powers, and duties:

- Recommend to Council the acquisition and maintenance of all works of art funded by the Art in Public Places Account;
- Recommend the public sites selected for the display of art and criteria to be used in selection of the artists or the work of art to be funded or purchased;
- Provide advice to Council on the proposed removal, relocation, or alteration of any public facility or works of art;
- Recommend to Council policies and programs to further the development and awareness of the County's public art programs;
- Seek private donations for the County to supplement the County's art collection and Arts in Public Places Account;
- Recommend necessary policies and procedures to include, but not be limited to, criteria for selection of artists, procedures for artistic competitions, selection of public locations for art equitably distributed throughout the community, and recommendations for the maintenance of art funded by the Art in Public Places Account;
- Recommend policy to coordinate with the County's capital improvements programs and other activities to ensure that works of art funded by the Arts in Public Places Account are properly integrated into the community and do not pose excessive maintenance costs or public health risk, and do not unduly encumber public lands; and
- Perform such additional related duties as may be assigned by Council or requested by the County Manager.

The Board shall also encourage the integration of public art into the architecture of municipal structures and public spaces and shall strive to visually enhance the community.

The Board will address its purpose and objectives by recommending the acquisition and maintenance of a variety of art, including creation and maintenance of labels or plaques to identify the work of public art. This will be accomplished through:

1. Ongoing review and evaluation of appropriate art for County structures, both indoor and outdoor by:
 - a. Working with the public and stakeholders of the proposed location;
 - b. Fostering collaboration between artists, architects, or engineers; and
 - c. Considering factors in the site selection process to ensure substantial public access; specifically, not in the private offices of public officials or in inaccessible public areas.

Art In Public Places Advisory Board Policies And Guidelines

2. Recommending the selection of appropriate art through a new acquisition or from the existing County public art collection.
3. Ensuring that the recommended acquisition, distribution, and disposal of works of art are governed by carefully designed procedures to enhance the public's viewing of art.

V. ACQUISITION, DONATION, AND DISPOSAL

The Board will prepare a recommendation with a rationale and cost estimate to Council for the acquisition or disposal of public art. The final decision regarding acquisition or disposal will be by Council action after consideration of the APPB recommendations.

A. ACQUISITIONS

As each public art piece may differ in size, scope, nature, format, and location, the Board may recommend purchasing a completed work of art, commissioning a work of art, holding a competition to select a work of art, or creating some other appropriate mode of selection. In the event that the work of art is to be purchased and placed in conjunction with a County project, the Board shall consult with the appropriate County staff and the project architect, if any, and involve them in the selection process as necessary. The Board may request Council approval in advance to purchase a work of art at a juried show.

1. Minimum Criteria: Pursuant to Code, the Board will consider the following minimum criteria in selection of works of public art:

- a) The work of art must be located in a public place with public visibility and impact.
- b) The work of art shall have a permanence generally of at least twenty (20) years and shall be likely to remain a thing of value for this time period given appropriate site selection and maintenance.
- c) The work of art shall enhance the environment of the County.

2. Additional Criteria: In addition to the minimum standards, the Board may also consider the following:

- a) Quality of the workmanship

- d) Maintenance requirements for the art.
- e) Environmental factors (weather, noise, light, etc.).
- f) Security factors (theft, vandalism, etc.).
- g) Public safety.

Art In Public Places Advisory Board Policies And Guidelines

The Board will consult with the County Attorney in order to prepare a purchase agreement or purchase order, if needed. To the extent possible, a legal instrument of conveyance, transferring title of the artwork and clearly defining the rights and responsibilities of all parties shall be made and maintained for all works of art in the public collection. In general, works of art shall be acquired without legal restrictions regarding future use and disposal, except with respect to copyrights and certain clearly defined residual rights that may be part of the agreement with the artist.

In general, cash donations or gifts will only be accepted without restrictions. If a cash contribution or donation is proposed to be earmarked for a particular project, the Board, in consultation with the County Manager, will determine if the proposed project/work of art is reasonable depending on the circumstances and is in accordance with the objectives and intent of the of the County's public art program.

C. DISPOSAL

1. A recommendation for Disposal of any work of public art can come to the APPB from any person, source, or Board member. The Board, in an open public meeting, will decide whether to proceed with recommending disposal of the work of public art or to dismiss the proposed Disposal. Generally, a work of art may be considered for disposal if one or more of the following conditions apply:
 - a) It has received consistent adverse reaction on the part of the stakeholders.
 - b) It is duplicative in the County's public art collection.
 - c) It possesses faults of design or workmanship.
 - d) It requires excessive or unreasonable maintenance.

 - h) The work is not, or is rarely, displayed.

2. If the APPB decides to proceed with recommending to Council the Disposal of a work of public art, the Board will:
 - a) Gather information from the stakeholders and discuss the results at an APPB meeting. The artist whose work is being considered for Disposal will be notified by reasonable means of the meeting, if possible.
 - b) If the Board decides to recommend Disposal of the art work, a plan for the path forward will be developed reflecting input from the stakeholders and the artist, if possible. The role of the artist is advisory only. The current monetary value of the art work, if available, will be included in the plan along with a description of the applicable conditions listed above.
 - c) Notify the Council liaison of the recommended plan for Council approval and disposition. Disposal of any public work of art requires Council approval, so the Board Chair, the Council liaison, and the staff liaison will formulate a plan and path forward for final Council decision.
3. Disposal by any means of County-owned public art shall comply with all applicable County and State legal requirements.

VI. PLACEMENT, MOVEMENT OR RELOCATION OF ART

The Board's recommendation to Council will generally include the method by which the works of art will be moved, handled, or stored, the dates of expected movement, length of storage, where applicable, and method for reinstalling the art. Once approved by Council, the Board will assist the staff liaison in coordinating the movement, storage, and/or relocation of art to ensure proper handling and care of the art.

VII. MAINTENANCE, REPAIR, AND RESTORATION OF PUBLIC ART

The Board shall recommend to Council the general requirements for maintenance, repair, or restoration of all County-owned works of public art.

V. Procedures

The following procedures have been established to provide a fair and consistent application of this policy.

- A. The potential donor shall submit a completed Form A – “Intent to Donate Artwork,” including the required attachments, to the Board's staff liaison. The staff liaison will schedule the proposal on the Board's agenda. The Board shall perform a preliminary review based upon the criteria listed in Section IV. - B. If the donation offer passes the review in Section V. A. above, the Board will review the offer in relation to Sections IV. B-G. Upon a recommendation to accept the donation by the Board, the staff liaison will be directed to contact all interested County departments affected by the decision for review and technical evaluation, when particular technical expertise is needed. The purpose of the departmental review is to determine the feasibility of accepting the artwork, i.e., the viability of the recommended location, maintenance costs, as well as other impacts. If the affected department(s) has a Board or Commission that is appropriate to involve, that Board or Commission should review and comment on the proposal as well.
- C. If the proposed donation is deemed appropriate through the process outlined in A. and B. above, the Board shall either vote to make a recommendation to the County Council to accept the donation or vote to decline the donation as presented. The recommendation to County Council shall take into consideration the input from all others involved in the review process; however, if the Board votes to decline the proposed donation, the process stops.

- D. If the Board's review of the proposed donation results in a recommendation to accept the donation with modifications, the new design shall be resubmitted to the respective department for review prior to the Board taking its final recommendation to the County Council.
- E. When the artwork donation approval process has been successfully completed, the County and the donor shall enter into an Agreement for the Transfer and Placement of Artwork that legally conveys the title to the County and includes the appropriate warranty of originality. The Agreement shall also enumerate any conditions of the gift the County has agreed to accept and outline the responsibilities of each party with respect to the donation, including installation and maintenance. In general, gifts may only be accepted without restrictions. Once installed, the artwork shall be added to the County's collection and covered under the County's insurance policies for the appraised value.
- F. Until an agreement has been accepted by both the donor and the County, the donor may withdraw the offer of gift or donation.

The recommendation for the 5 mosaic tile pieces was taken before County Council on Nov. 16, 2021, and was put on hold, requesting information from the board regarding the process of how this art was selected.

At the Dec. 2021 Art in Public Place Board meeting, the board finalized, voted, and approved the final process document that is to be sent to County Council. The process letter stated that they still standby their decision to select Amanda Jaffee for the Leisure Lagoon Art, however if Council felt that the Board needs to proceed with a Call for Art, that they would be happy to do so.

The process letter and re-recommendation was originally to be scheduled for Jan. 25, 2022 Council meeting, however has been moved to the Feb. 1, 2022 Council meeting.

At the Feb. 1, 2022 County Council meeting, the motion to recommend Amanda Jaffee for the Leisure Lagoon was approved 4 to 3.

Los Alamos Little Theater Boiler

Body

The Los Alamos Little Theater has an old boiler that is original to the building and is no longer functioning. The boiler was originally coal burning, then in the 1950's it was converted to natural gas, which was inefficient, considering the building was heater by steam. The boiler was also connected to steam pipes that ran underground to heat a nearby shopping center downtown. Considering that the boiler has not been used in many years and is taking up space, several comments have been made that the boiler would make an interesting industrial art piece.

Therefore, it has been brought to the APP Board for consideration. Additional information on the boiler is provided in the attachment.

At the Dec. 2022 meeting the APP Board agreed to consider adding the Little Theater Boiler to the Los Alamos County Art Collection, however wanted to see the piece in person before any further action is taken, to see what kind of piece this physically looks like and if any additional display ideas could be considered.

Initial thoughts long with considering the complete piece, is to utilize only the front piece of the boiler and have it mounted somewhere.

A viewing of the boiler was scheduled on Jan 14th, with Jenn Baker, Abigayle Cutting-Smith, Katherine Hudspeth, Sara Rhoton, and the Little Theater project architect.

At the March 2022 APP Board the Historical Preservation Board and Keith Wilson were invited to the meeting, the board and the Historical Preservation Board discussed ideas about placement and preservation. Ideas for placement were: WAC Building and Fuller Lodge lawn. Staff Liaison, Katherine Hudspeth, was tasked with reaching out to the Historical Society to gather their input on this project as well. Per the Historical Society there is also a boiler in the WAC, and there are hopes to leave it and place an interpretive sign near it, but that decision has not been made. It is the Historical Society's desire to keep one of these boilers preserved as it is an integral part of Los Alamos history. If the boiler was to be removed, it may be an interesting piece within the community and may have a visual connection between the arts and sciences.

Title

Sunflower

Body

The Sunflower donation, restoration and installation was approved by County Council on Sept. 29th, and the Formal Donation Acceptance form was completed Oct. 21, 2020. Sunflower is in possession of Los Alamos County, and Katherine is working with Steve Huebner and Procurement to establish an RFP for the work needed to be done. On April 2nd, Katherine met with Steve Huebner and now has the draft RFP in her possession. Edits will be made to align with the scope of the project and will then be sent to procurement for review, and then to legal. As of June 7th, the RFP for the Sunflower project is ready to be advertised, however Public Works would like to wait a month so that this project can be assigned to Steve's replacement.

Therefore, this project is on hold until around July 7th. Steve's replacement, Sarah, started with the County in late September, Katherine will be working with her to get the project resumed. Katherine met with the new Project Manager, Sara Rhoton. They are in agreement that the RFP is close to being complete. When the RFP is sent out, it will run for a month, and a member of the board will need to participate in the evaluation committee. At the Nov. 2021 APP board meeting, Katherine Hudspeth updated the board that additional details were added to the RFP and should be making its way to Procurement for review and release.

Public Work changed direction, and believes the work can be done by an On Call Contractor that Los Alamos County already has an agreement with. The Architect took a look at the piece during the week of Jan. 24th, and as of Feb. 7th, Public Works had a quote totaling \$44,200 to complete the Sunflower Project, and were proceeding in moving forward with task orders.

At the March 2022 meeting Sara Rhoton presented to the APP Board that the Sunflower, with its current state, is not safe to put up on the side of a building, and provided multiple logical reasoning. She suggested a new location, closer to the ground be considered, or abandon the project. The board discussed several other locations at the EcoStation, but ultimately decided to look the locations in person and discuss at the April 2022 meeting.

Comments from the Eco Station Manager: The parking lot at the Eco Station doesn't support the staff currently at the Eco Station, and adding potential visitors to the mix, may be problematic. This may no longer be the right location for this art.

Art Collection Maintenance

Body

Katherine gave an update on the RFP Process. The RFP for an agreement to maintain the Los Alamos County Art Collection has expired; it ran for a month. The RFP did not receive any responses. A new RFP is being issued and will be re-advertised for another month. At the July 2021 Board meeting Staff Liaison, Katherine Hudspeth gave an update that the RFP was again met with no responses. She is working with procurement with a path forward, to identify if the potential budget is too small for what is being asked. Los Alamos County issued an RFI (Request for Information) on Oct. 15, 2021, it is scheduled to run until Nov. 2, 2021. The purpose of the RFI is to gather information from subject matter experts to improve and refine the scope of work prior to reissuing another RFP.

At the November APP meeting, the board approved a budget of \$200,000 for a 7 year contract. Los Alamos County Procurement was notified of this board action and a new RFP is being drafted based on RFI feedback and board budget.

The 2nd RFP was released in Jan 2022 and is scheduled to run until Feb. 22nd. An evaluation team will be put together to review all proposals when it closes.

The evaluation team met in March and the RFP has been awarded. A contract is in the process of being put together and was scheduled to go before County Council on June 14th and was approved, as earlier announced.

Los Alamos County Airport Art

Body

The Los Alamos County Airport has undergone renovations and has requested that the APP Board consider looking for “soft” art that will reduce the echo in the building. At the September 2021 APP meeting, the board agreed to change their focus of finding art for North Mesa to start the process of finding soft art for the Los Alamos County Airport. At the Oct. 2021 meeting, Abigayle took the lead on this project and is going to reach out to “friends” who know about fiber art. At the Nov. 2021 APP meeting, the board agreed to proceed with a Call for Art with this project in January.

The official Call for Art went out March 29, 2022 and is scheduled to run until April 29, 2022, so far the APP board has received 10 submissions, some with multiple entries from artists.

On June 8th, the Board held a special session to review all the submissions received. The board selected 5 artists that they would like to pursue further with additional information. The 5 artists, Patricia Gould, Valentina Devine, Maria Jonsson, Donna Foley, and Lindsay Brenner, will be given the opportunity to present additional information of their proposals at the July 28th APP Board meeting, which will be a hybrid meeting.
