

Survey for the North Mesa Shared-Use Gymnasium Pre-Design “Planning” Phase

Los Alamos County invites you to partake in this short survey to better inform the County and Los Alamos Public Schools as to what the community’s needs and expectations are for a shared-use gymnasium. This survey will remain open until June 24, 2022, at midnight (12 a.m.). Please limit responses to one per person. The survey is open to youth.

After the survey closes, staff will evaluate the results and share them with the Los Alamos County Council and Los Alamos Public School Board in a Joint Session planned sometime in July or August.

Please visit the project page for information related to the survey questions the located at:
https://www.losalamosnm.us/government/departments/public_works/public_works_projects

Project Scope:

The project proposes to develop a shared-use gymnasium located at the Los Alamos Middle School that will support County recreation programs and allow Los Alamos Public Schools’ programmatic use during school hours.

Need:

Currently, the County and Schools share use of school-owned facilities for both School and County recreational programs. Due to numerous demands including community programs and school sponsored girls’ and boys’ athletic activities (games, tournaments, and practice events), space to accommodate all uses within reasonable times is limited.

Authorizations:

On December 17, 2019, County Council added the project to the Infrastructure Capital Improvements Project (ICIP) list, making the project eligible for a state capital outlay grant received in 2021. On February 28, 2022, in a Joint Session, the Los Alamos Public School Board and the County Council authorized the Pre-Design “Planning” Phase to evaluate the sites shown in the figure for the project.

Funding:

Project planning and up through roughly sixty percent (60%) of design is funded with a state capital outlay grant. Funding sources for design completion and project construction and related activities are not yet appropriated and will be further considered by County Council and the School Board as development of the project progresses.

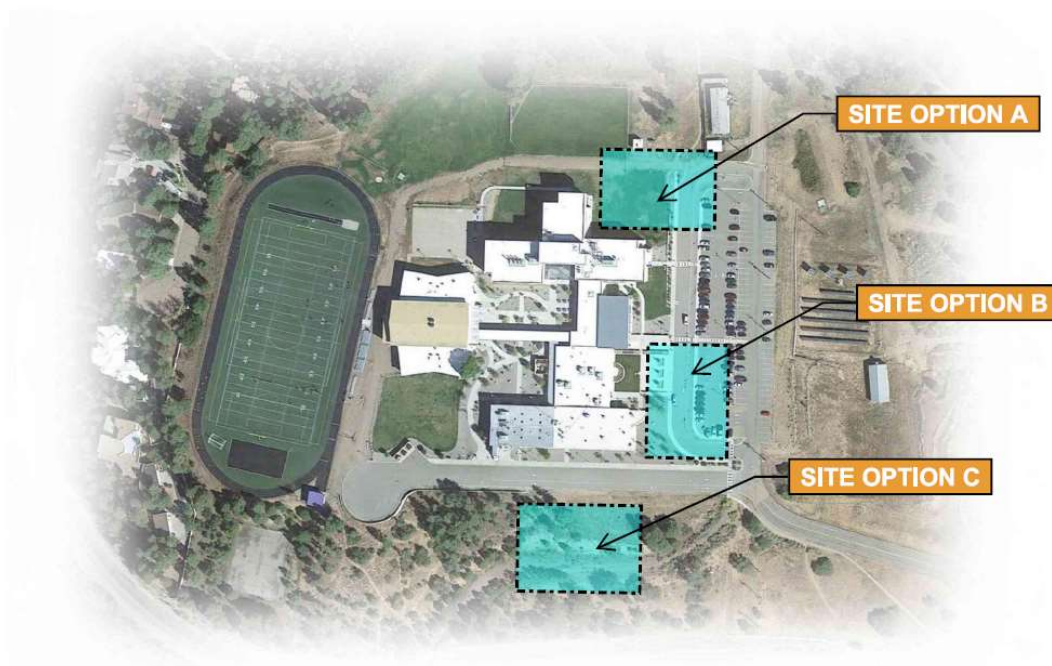

How your responses help:

Projects like this one are designed to serve the community. Your input helps inform the Project Team and Decision Makers of your preferences and views. For this survey, your views regarding the site location and size of the facility are greatly appreciated!!!

Prior to continuing with this survey, the County Project Managers highly recommend taking a few moments to review [the power point presentation](#) and video from the [June 1, 2022 Public Meeting](#) that was held on this subject.

Survey Questions:

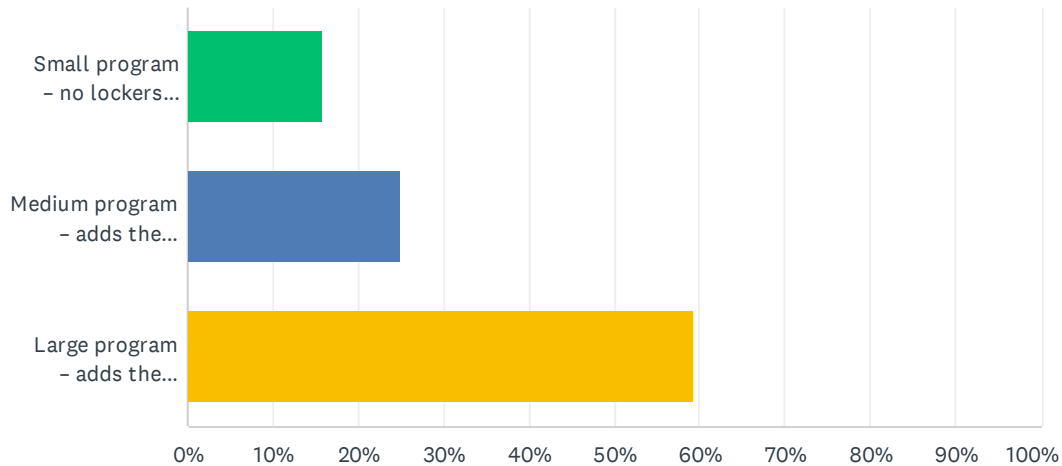

1. After reviewing the information from the June 1, 2022, Public Meeting, in your view, which of the three programs and size of the facility would you like to see in the new gym?
 - a. Small program – no lockers, full court with cross court; roughly 14,500 square feet and roughly estimated to cost \$7 million to construct
 - b. Medium program – adds home and away lockers, ticket booth & concessions; roughly 20,000 square feet and roughly estimated to cost \$9 million to construct
 - c. Large program – adds elevated track & multipurpose rooms; roughly 30,000 square feet and roughly estimated to cost \$13 million to construct

2. After reviewing the information from the June 1, 2022, Public Meeting, in your view, which of the three sites would be the location you would like to see the new gym constructed?
 - a. Site A – north side – can accommodate the small program option
 - b. Site B – middle campus – can accommodate the small or medium program options
 - c. Site C – south side – can accommodate small, medium, or large program options
3. What is your level of support for the project?
 - a. Strongly Against
 - b. Against
 - c. Neutral
 - d. Supportive
 - e. Strongly Supportive
4. Please use this space to provide your own comments about the proposed project.
5. Please provide your contact information: name, address, phone number, email (optional).

Q1 After reviewing the information from the June 1, 2022, Public Meeting, in your view, which of the three programs and size of the facility would you like to see in the new gym?*Please note that estimated costs are for the building only.

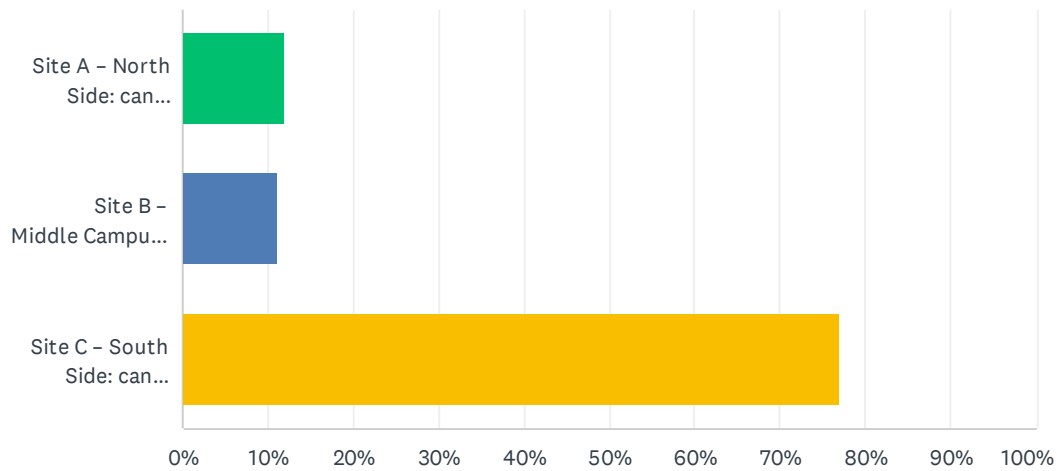

Answered: 398 Skipped: 12

ANSWER CHOICES	RESPONSES	
Small program – no lockers, full court with cross court; roughly 14,500 square feet and estimated cost of \$7 million to construct	15.83%	63
Medium program – adds the small program and home and away lockers, ticket booth & concessions; roughly 20,000 square feet and estimated cost of \$9 million to construct	24.87%	99
Large program – adds the medium program and elevated track & multipurpose rooms; roughly 30,000 square feet and estimated cost of \$13 million construct	59.30%	236
TOTAL		398

Q2 After reviewing the information from the June 1, 2022, Public Meeting, in your view, which of the three sites (map provided above) would be the location you would like to see the new gym constructed?

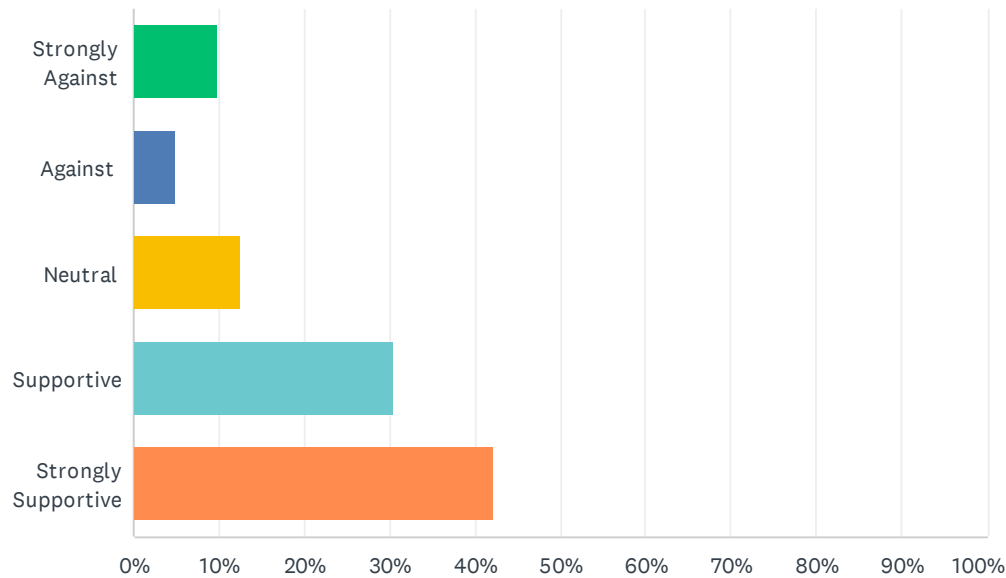

Answered: 396 Skipped: 14

ANSWER CHOICES	RESPONSES	
Site A – North Side: can accommodate the small program option	11.87%	47
Site B – Middle Campus: can accommodate the small and medium program options	11.11%	44
Site C – South Side: can accommodate the small, medium, and large program options	77.02%	305
TOTAL		396

Q3 What is your level of support for this project?

Answered: 410 Skipped: 0

ANSWER CHOICES		RESPONSES	
Strongly Against		9.76%	40
Against		4.88%	20
Neutral		12.68%	52
Supportive		30.49%	125
Strongly Supportive		42.20%	173
TOTAL			410

Q4 Comments: Please use this space to provide your comments about the proposed project.

Answered: 232 Skipped: 178

#	RESPONSES	DATE
1	I support this project, it will provide space for numerous events that we currently have to leave town to attend. Also it would bring in more people from out of town which would pump more funding into local businesses.	6/24/2022 5:18 AM
2	Hopefully construction can keep existing tree removal to a minimum, especially in area c.	6/23/2022 9:09 PM
3	Support	6/23/2022 6:28 PM
4	Roller derby needs your support	6/22/2022 10:03 PM
5	Year long sports are necessary beyond the swimming pool. Without additional space, many potential programs could not evolve to meet the needs of future residents and attract their relocation to the county. Today we don't come close. Thanks for your awareness!	6/22/2022 9:44 PM
6	Invest in infrastructure and current assets!	6/22/2022 9:42 PM
7	It was devastating to so many participants and fans when the roller derby game had to be canceled last weekend because of the rain. People from out of town were impacted too. An indoor venue is needed for this sport. The proposed "option C" gym would be so appreciated! Thank you!	6/22/2022 7:22 PM
8	Shared space for indoor sports and public events	6/22/2022 5:16 PM
9	I think building a parking lot to the south of option C will be the best option due to the wider road that it would be connected to. This will minimize traffic on N. Mesa Road.	6/22/2022 1:52 PM
10	Hi I'm Nik Allen. Kids in this town need this! There are also many opportunities to generate income by running leagues and tournaments.	6/22/2022 12:06 PM
11	Please don't take away from the already small parking situation.	6/22/2022 11:05 AM
12	Really like the track idea.	6/22/2022 10:39 AM
13	Having a large, shared-use space gym would be wonderful for the community as a whole, since it could be used by local groups such as the cheerleaders and roller derby teams. A structure like a gym will be around for many decades, which also makes it unlikely that another space would be built if it was determined that the gym that was built was too small for community needs. I think that this would be a good use of the money for this county. There are not a lot of options for things to do in Los Alamos, so a large flexible-use space would be very valuable.	6/22/2022 10:03 AM
14	Excellent proposed space that can be used for sports during extreme weather. I absolutely support this endeavor.	6/22/2022 9:52 AM
15	WE NEED SPACE FOR ROLLER DERBY!!!!	6/22/2022 7:18 AM
16	Make the gym floor space as large as possible to meet the demand for floor space. I don't believe the schools will see much reduced demand for gym time, even if it is built, unless it is bigger. Loose the large size bleachers, loses the running track, this is not a rec center, its not a high school- it's a gym built for the demands for floor space by the community.	6/21/2022 10:31 PM
17	Gym space is very much needed for the youth in this community. Please support Option C as it provides more of what is needed.	6/21/2022 8:38 PM
18	More concerned about long term issues over management, maintenance and who gets priority use than cost.	6/21/2022 8:01 PM
19	Need to ensure the public has regular access at affordable rate. Even the ymca is becoming	6/21/2022 7:58 PM

North Mesa Shared-Use Gymnasium

expensive. It should leave room for an aquatic center expansion as well for both schools and community

20	It could be nice.	6/21/2022 4:00 PM
21	This would be helpful for other sports teams other than school-sanctioned teams that need space to practice in. In the case that I'm thinking of, the Los Alamos Junior Roller Derby Team needs a large enough and clean enough area to be able to practice, and option C is the best.	6/21/2022 12:08 PM
22	Our students and community need more space. This is an excellent idea and use of public funds.	6/20/2022 8:29 PM
23	I think every opportunity for both communal and youth opportunities should be taken to promote diversity and health.	6/20/2022 6:41 PM
24	Stop wasting my tax dollars on these kind of projects	6/20/2022 2:45 PM
25	Put the money to better use. Fix the roads, Rover Blvd and central are horrible. I don't drive my good cars down that road because it ruins them. Some of the worst roads I. The state, what a embarrassing state of roads we have.	6/20/2022 8:23 AM
26	I am supportive of the larger project so that there are more opportunities for use of the space across multiple sports and activities types.	6/19/2022 2:10 PM
27	I don't think the community needs another gymnasium. I think money would be better spent on turning the old Smith's into a bowling alley and arcade. We need our movie theater back also. To much money is being spent on new buildings and not improving the empty spaces we already have.	6/19/2022 2:05 PM
28	I don't think the community needs another gymnasium. I think money would be better spent on turning the old Smith's into a bowling alley and arcade. We need our movie theater back also. To much money is being spent on new buildings and not improving the empty spaces we already have.	6/19/2022 2:05 PM
29	Medium option will be the middle point of this project- avoiding heavy foot traffic to the residential area. The locker can be ditched to avoid insurance issue and safety, but concession stands will be a great small business platform for nonprofits or young entrepreneur to create a stream of income.	6/19/2022 9:10 AM
30	Keep scenic nature and open spaces	6/18/2022 9:09 PM
31	Los Alamos desperately needs more gym space and do does the middle school. Teams in the county like roller derby could host tournaments here and bring in revenue from visiting teams.	6/18/2022 5:30 PM
32	If the gymnasium can be used for non-school activities, there should be a well-documented plan in place as how you will administer the usage for such.	6/18/2022 2:23 PM
33	Spend the money where it's needed. Streets. Broken infrastructure, ect.	6/18/2022 9:26 AM
34	The middle school is way out of town! Why compounding the issue by building facilities there. Center of town would be make more sense and could be used as a multi- use facility.	6/18/2022 8:07 AM
35	I think it's a great idea. The bigger the better! We desperately need a better gym for the middle school.	6/18/2022 5:21 AM
36	This will be a big asset for our community	6/17/2022 8:48 PM
37	Serve the kids, go for this	6/17/2022 6:47 PM
38	Community development for our growing population is needed.	6/17/2022 6:39 PM
39	Na	6/17/2022 6:34 PM
40	As a coach and parent of youth athletes, I recognize the need and highly support this opportunity.	6/17/2022 6:17 PM
41	Na	6/17/2022 6:08 PM
42	I hope this space is truly multi-use for multiple demographics as well	6/17/2022 4:34 PM
43	I think we should maximize the utility of this space in this initial build, and that should be supported by the size and the location. Location C seems to be the only sensible location to	6/17/2022 4:06 PM

North Mesa Shared-Use Gymnasium

build and if we have the funding medium or large projects would be the most useful.

44	With sewer and water pipes bursting on my street, WHY would I want County funds spent this way? FIX INFRASTRUCTURE FIRST!	6/16/2022 10:52 PM
45	Use the existing facilities. They are under utilized. county could use the old Smiths. Why build new when not Using what we have?	6/16/2022 8:07 PM
46	Not sure how this would impact me as I do not have children in school, how would this be used for community?	6/16/2022 5:48 PM
47	I think some features of the "Large" option are a bit excessive but want to be sure the "Medium" option is wide enough with floor space so two teams (i.e. basketball, volleyball) can practice on each end like they can at Griffith Gym.	6/16/2022 5:06 PM
48	This facility is a much needed space here in Los Alamos.	6/16/2022 3:00 PM
49	LOS ALAMOS COUNTY HAS TO STOP WASTING MONEY ON CRAP AND FIX OUR ROADS AND EXSISTING AGING SYSTEMS THIS PROJECT NEEDS TO BE VOTED DOWN	6/15/2022 9:33 PM
50	N/A	6/15/2022 4:18 PM
51	2017 voters said NO. Put it to a vote again rather than shoving down our throats.	6/15/2022 12:39 PM
52	Aren't there better things we can fund for our schools?	6/15/2022 8:56 AM
53	Volleyball Courts	6/14/2022 8:59 PM
54	Don't mess up the parking lot or officer house placing it at site c makes the most sense.	6/14/2022 8:49 PM
55	Do not interfere with the current parking lot or the office housing.	6/14/2022 8:48 PM
56	I am strongly supportive because a facility like this would be transformative for sports teams in Los alamos. I am on the LA Derby Dames and I know we all would be extremely grateful for 5is facility and it would help us grow and polish our league to be more competitive and bring in new athletes.	6/14/2022 7:15 PM
57	Stop being stupid.	6/14/2022 6:34 PM
58	More options are needed. Better equipment is needed.	6/14/2022 3:06 PM
59	Please make this a usable space for roller derby!	6/14/2022 12:46 PM
60	This would be really great for the community and is needed.	6/14/2022 12:11 PM
61	Stop listening to those that complain ... the community needs amenities to attract talent.	6/14/2022 7:00 AM
62	Roller derby space is needed in our community. Could be used for roller skating and roller hockey. Multiple uses that our small community needs.	6/14/2022 6:18 AM
63	The three purposed sites are dumb, it would be best to leave things as they are and put it across the parking lot in the big empty field.	6/13/2022 10:02 PM
64	Like the larger option, but the county should not have to find it.	6/13/2022 8:47 PM
65	None	6/13/2022 8:30 PM
66	We have an active and competitive junior roller derby team. We could really use this space for practice and games.	6/13/2022 6:07 PM
67	I much prefer spending money on something like this vs. the golf course that has a very specific interest group. Organizations have struggled with finding gym space for years. Seems to also have options for other community organizations.	6/13/2022 6:01 PM
68	Although a project may seem too expensive, doing it the right way the first time will help in the long run, I'm thinking 20 years in the future	6/13/2022 4:54 PM
69	Just wondering how open this will be to the general public?	6/13/2022 3:26 PM
70	If medium option is selected rather than large would be nice to add walking track and multipurpose rooms	6/13/2022 3:24 PM

North Mesa Shared-Use Gymnasium

71	This should have Volleyball court(s) that can be used in the evening. The two days of volleyball are VERY full, Tuesday evening has 3-4 teams on a single court.	6/13/2022 1:28 PM
72	Would suggest not taking away any parking spaces in building new space.	6/13/2022 9:20 AM
73	Move Site A out--lose a few parking places and re-route Hawk Drive, but preserve natural light for existing classrooms. High School parking lot was impacted by their new building, but for the better! The north end of Hawk Drive could stand a re-route anyway.	6/12/2022 9:11 PM
74	No comment.	6/12/2022 8:14 PM
75	This is an unnecessary project. Spend the money on infrastructure improvements instead.	6/12/2022 4:27 PM
76	It's not needed, has been voted down by voters, and the money could be used for much better things like cleaner energy for the county	6/12/2022 1:10 PM
77	Gym is needed	6/12/2022 1:04 PM
78	Not sure the middle school needs another gym.	6/12/2022 8:49 AM
79	I see no explanation of how the public will access a multi use facility while school is in session, the safety and logistics of this are consistently ignored and until this and the cost to the public for ongoing usage is answered I cannot support this project.	6/12/2022 8:43 AM
80	Thank you so much for providing so much detail. I like that Option C provides the largest, most versatile space. A and B would only be more expensive to add on to and not meet all the needs of our community.	6/12/2022 8:36 AM
81	My children are almost out of the school system, but I fully support this project and feel the community needs this gym space. Since this is a space for the schools and the community to use - it should be built LARGE enough initially so we don't need to add on. This project will benefit so many groups in the community, as well as the schools, as another location for activities and exercise. Plus it will allow LAMS to fully use the old gym space and stage for the music department, which if the 6th graders eventually move here will be very helpful too.	6/12/2022 8:04 AM
82	Gym space is important to many youth programs and makes many activities possible	6/11/2022 7:04 PM
83	The middle school very much needs updated gym space with additional floor space. I like the size of the court though if using for county programs, it would be nice to have the two sideways courts be at least 80 ft. long so grown men can play. I would be good with just the medium solution here to retain \$\$ for a nicer activity center attached to the back of Griffith gym in the future. Much the same setup as Moriarty has.	6/11/2022 1:44 PM
84	We NEED a large space for competitive sports that are not school sponsored. We need a place for Junior and adult roller derby	6/11/2022 1:43 PM
85	This is an academically focused community. Adding classroom space at the MS or other educational facilities would be a better use of infrastructure funds than a sports facility. Specifically, expanding the MS to incorporate 6th grade like the majority of school districts across the country. 6th grade at MS would better prepare students for HS, enhance sports teams, arts, and music opportunities, and take the pressure off overcrowded ES sites. Why is this not the focus of spending? Priorities are way off here.	6/11/2022 7:27 AM
86	Large space is needed, as there are no large, covered locations offered currently in this county.	6/11/2022 7:05 AM
87	The community currently has limited gym space and options for community activities (youth and adult). I hope this expansion will allow for more opportunities.	6/10/2022 10:01 PM
88	The extra space is needed by participants in county-sponsored events, as well as schools, and other community groups. I hope both the schools and the county can assist in keeping programs affordable to the community with smart decision making and management.	6/10/2022 9:35 PM
89	The LAMS Music Programs share the current MS Gym space and are in great need of larger rehearsal spaces as well as storage. I would like to see that addressed as well.	6/10/2022 7:41 PM
90	A large gym has greater flexibility for use	6/10/2022 6:16 PM
91	If the school district wants/needs it, then let them build it. The County should stay out of this project. (Once again, this survey skews responses... asking only which option of building it should be pursued, and not giving "none of the above" as an option.)	6/10/2022 6:06 PM

North Mesa Shared-Use Gymnasium

92	North Mesa is not the place for this project. We have too much traffic as it is. More traffic is going to be a big problem especially if we have an evacuation. (We have evacuated twice and the traffic then was terrible.) Why not have a great large facility up town in the old shopping center? The few shops that are still open in this shopping center could move to one of the many empty buildings in town. This location would be great also for folks from White Rock.	6/10/2022 5:31 PM
93	This would greatly improve the ability Roller Derby has to practice but will they be able to use it? I'm concerned they won't be allowed to use it because they wouldn't want us the ruin the floor. (I dont believe they would ruin the floor anyways) but im concerned we wouldn't be able to use the space	6/10/2022 4:39 PM
94	It will raise our taxes, do not proceed with the project	6/10/2022 3:18 PM
95	I think there is a lack of activities and space, this wpuld certainly improve things for this community.	6/10/2022 3:13 PM
96	MS needs gym soooo badly! And locker rooms!	6/10/2022 3:07 PM
97	Los Alamos Cherry Bombs often have to host bouts out of town to make sure of a weather proof venue. They also have tight walls at the Pueblo Gym that can be dangerous for skaters and refs. This is an amazing program that serves a set of kids that are often missed by traditional sports programs.	6/10/2022 2:28 PM
98	I no longer have any youths in the system so I may be unaware of the real needs for middle school programs.	6/10/2022 12:34 PM
99	N/a	6/10/2022 12:31 PM
100	The County should not build Public School Facilities when the Schools and County will not allow housing development for the community. Stop running the County like an Army Base where the government owns and operates everything - this is why you don't get private development.	6/10/2022 11:07 AM
101	No comment	6/10/2022 11:04 AM
102	Find ways to serve the youth in this community before they all leave and do not return with their families and/or return only to work here and build thriving communities adjacent to Los Alamos. This gym is a start but the county is far too focused on serving rich middle aged and older people with golf courses and other ridiculously expensive activities.	6/10/2022 10:56 AM
103	As a White Rock resident this is secondary to my interest in the proposal to do something down here. That may skew my view a bit.	6/10/2022 9:48 AM
104	As a former volleyball coach for the local club I can attest that there is a huge need for gym space for community groups, for more use for the middle school programs and to allow for hosting basketball and volleyball tournaments in Los Alamos. We pushed for this at the last rec center bond, but the scope of the project got completely out of hand. This is exactly what the county needs!!	6/10/2022 9:23 AM
105	There is such a desperate need in our active community for a large gym for both the schools and the community to use. The current gym spaces are not large enough to host the events needed by our community sports programs like roller derby. It's unfortunate for our community businesses, but to host regulation and sanctioned bouts, our leagues have to use a venue in Taos, NM. Having a gym large enough would bring more revenue to our town and have less competition between community sports programs for gym space, creating more opportunities for all.	6/10/2022 8:46 AM
106	I would like to know the amount of the grant or grants that have been secured for the proposed project, and what restrictions have been placed on the use of those funds. Also, how will the County/LAPS cover operations and maintenance costs for the facility once it is built.	6/10/2022 8:40 AM
107	Would really like to see investment in infrastructure instead, the eastern half of the Denver steel neighborhood needs the same water and street upgrades the western half got in 2016 and both need buried electrical utilities.	6/10/2022 7:29 AM
108	Pickleball is the fastest growing sport in the US today. It is trying to grow here in LA but is restricted by spaces to play in. This gym could alleviate those restrictions.	6/10/2022 7:08 AM
109	Existing gymnasiums are largely unsafe for indoor soccer, a very popular activity among	6/10/2022 7:04 AM

North Mesa Shared-Use Gymnasium

students and residents. High school auxiliary gym is the best current option but rarely made available to community.

110	Must have space for pickle ball courts.	6/10/2022 6:54 AM
111	The middle schoolers need space and activities to engage in.	6/10/2022 6:52 AM
112	The gymnasium should be placed next to the old gym and the cafeteria. This would give the building a multi use concept. The cost would be less then what is purposed.	6/10/2022 5:52 AM
113	Too much money, too little benefit compared to other possible expenditures.	6/10/2022 2:09 AM
114	Strongly support. Should be added to the existing gym and near the athletic facilities	6/10/2022 12:50 AM
115	No comments	6/9/2022 11:10 PM
116	I think it's a good idea to have another facility	6/9/2022 10:50 PM
117	None	6/9/2022 10:44 PM
118	A large facility will best support the growing town needs	6/9/2022 10:17 PM
119	Just wanted to mention that if the county is seeing a need for more gym space I hope they are using funding to help ensure the elementary schools that are being rebuild get full sized gyms as well. Building a new facility for MS is great but to focus funds on one building when we have plans for new gyms in WR also that aren't regulation sized will just create another problem.	6/9/2022 10:16 PM
120	We need more space	6/9/2022 10:01 PM
121	It would be great if there was an option for public use for pickup basketball games so there is an indoor space to play.	6/9/2022 9:41 PM
122	..	6/9/2022 9:39 PM
123	As a sports league president we cannot accommodate visiting teams, therefore lose money with visitor tourism. We need facilities for our growing community.	6/9/2022 9:33 PM
124	A needed asset	6/9/2022 9:31 PM
125	Looks exciting!	6/9/2022 9:28 PM
126	None	6/9/2022 9:27 PM
127	As a middle school teacher I can attest to the need for more quality gym space, updated locker rooms, and offices for gym teachers!	6/9/2022 9:23 PM
128	Looks well thought out. I wish something like this had been done sooner, but still it looks like it works!	6/9/2022 8:44 PM
129	Yet another boondoggle. We don't need this gymnasium. I don't want my taxes to go up.	6/9/2022 7:38 PM
130	The track would be super useful for runners around town!!! And many different people who do sports!	6/9/2022 6:44 PM
131	Using space that currently has nothing is the better option. The drop-off for the school should remain enact as is. It serves a wonderful function, allowing kids to get picked up without interfering with busses.	6/9/2022 6:32 PM
132	A community gym space is desperately needed for the current county open gyms program. This would be a welcome upgrade to our community and support a wide range of sports in all seasons	6/9/2022 6:31 PM
133	As a past officer of the Los Alamos Volleyball Club and Fusion coach, I know how hard it is to compete for gym space and times. I am very supportive of this project.	6/9/2022 5:30 PM
134	Soccer use	6/9/2022 5:13 PM
135	New large facility option would offer indoor training services to an already large number of sports clubs, groups, and organizations.	6/9/2022 5:04 PM
136	Absolutely need a track!!! Currently is unsafe and public needs access to track!	6/9/2022 4:31 PM
137	Much needed, so let's get this done!!	6/9/2022 4:10 PM

North Mesa Shared-Use Gymnasium

138	I am VERY wary of the site A location for safety concerns. With site B or C, it's on the same campus "side" of the existing gyms- much easier to monitor if people are not where they are supposed to be. And it affects the potential 6th grade addition. With any of these, the parking lots will need some examination as well as there are so few spaces currently. But at least B and C are on the Bus loop side. Please consider the "large" option, LAMS needs the space.	6/9/2022 3:40 PM
139	There is no point in doubling on facilities that already exist. Please reduce the county tax and put this monies to create a new facility that does not exist at all.	6/9/2022 3:39 PM
140	A and B take away parking and views. I like C because you have room to add parking and shouldn't interfere with school activities. Plus we need new, large, updated facilities. Facilities like Pueblo are just too old and run down.	6/9/2022 3:19 PM
141	We are in dire need of it! The community needs it.	6/9/2022 3:02 PM
142	Would be a great addition to our community. There is lack of gym space for sports here, this past winter both my kods basketball games and pratice were cancelled multiple times because there was no where to hold pratice.	6/9/2022 2:51 PM
143	This a great project that the middle school and the community will be able to use.	6/9/2022 2:26 PM
144	Please build it!	6/9/2022 2:06 PM
145	Thanks for your work on this project.	6/9/2022 2:02 PM
146	I think it's great to live in a community that is constantly trying to improve the quality of life.	6/9/2022 1:50 PM
147	After these past few years, anything that can have a positive impact to the students and community are much needed. Great location and idea for all to enjoy. We have a house on North Mesa and feel like this will add and not take away from the area.	6/9/2022 1:39 PM
148	Not needed and \$7M wasted	6/9/2022 1:38 PM
149	The space at the middle school is tight. It is not a good option to take away from the already small parking lot. And taking away green space where the students play for recess is a poor option too. It leaves option C as the best option.	6/9/2022 1:26 PM
150	Los Alamos needs a facility that is multiuser so they are not having to fight with the schools for gym space and so that more community activities can be supported.	6/9/2022 1:21 PM
151	The school needs more space for the children's events and the town needs a common space. This is a win-win for all.	6/9/2022 12:59 PM
152	I think it's great that we are expanding the middle school so that all students have a place to have pe.	6/9/2022 12:59 PM
153	Why are women allocated the same restroom sq footage as men? Men get urinals so they are provided with more facilities than the women. Please get with the 21st century.	6/9/2022 12:55 PM
154	Would love to see this for the middle school and high school so that we can finally host a volleyball and basketball tournaments for the schools!	6/9/2022 12:54 PM
155	Support multi use and joint funded build. We need to do more to support youth. No how about doing more for truly decent afford housing and small business support?	6/9/2022 12:51 PM
156	There should be an option for no option. Please put the money elsewhere	6/9/2022 12:49 PM
157	We need this for our residents and school children.	6/9/2022 12:44 PM
158	Why are 2 of the options in the already too small parking lot?????	6/9/2022 12:43 PM
159	keep the open space open	6/9/2022 12:32 PM
160	I believe a good way to keep the North Mesa community have more ways to get together and or have things to do.	6/9/2022 12:25 PM
161	Supportive of this but don't want county taxes to be increased or additional bonds	6/9/2022 12:23 PM
162	I am against this proposed project as it is very expensive and time consuming. Students should not have to try to learn in a construction zone. Lastly 60% of funding is not enough to start a project like this. Full funding should be secured before additional planning moves forward.	6/9/2022 12:18 PM

North Mesa Shared-Use Gymnasium

163	<p>I teach at LAMS. Overall, site C makes the most sense for all the pros and cons stated in the overview slideshow. Additionally, we need to build for the future. One of the biggest issues with the current LAMS curricular building is that it was built "to size," meaning, it was built to accommodate the size of student body the school was currently serving. Those narrow halls? That was due to a failure to look toward the growth we've seen - and all teachers knew would come - when the building was built. They were supposed to be wider, but money was running out, and that was one of the places the building size was cut - to "the powers that be" at the time, that made sense since the school size then wouldn't require larger halls. We are paying the price for that lack of vision now with our larger student body size. Another consideration is the number of PE and PE related classes, the current lack of space for storage for most athletics, and the inability of the drama classes to use the only stage in the building because it is in the current gym. We have two PE classes meeting concurrently in the gym almost every period; Recreational Sports has to use the cafeteria for their class when that is the case. Drama cannot use the stage without significant scheduling whether there is one PE class or two meeting in the gym. The stage is also used for the wrestling team, making the stage completely off limits to drama during wrestling season. The storage areas on the stage, which should be used by drama, are filled with athletic and cheer equipment because they have no where else to store their things. There are wonderful programs currently at LAMS that cannot grow or even truly fulfill their current potential because of the lack of space and storage for those programs. Finally, LAMS has longed to be able to host multiple athletic events for years, but those same space and storage constraints make it next to impossible. As a side note, I can't tell if this is in the plans or not, but having a second story that includes a walking track would be a resource used by students and staff. I am sure it would also be greatly enjoyed by the community, too. Since LAMS is in the business of preparing students for LAHS, having a first class space would give them the tools they don't have now, making them better prepared for athletics and drama (and possibly other activities, too); the addition of a fully formed, large space that looks to the future of both the school and the community is the best course of action. To build less is to short circuit the ability of LAMS and the community to serve and support the future.</p>	6/9/2022 12:15 PM
164	Waste of our money. Fix the roads and infrastructure we already use	6/9/2022 12:13 PM
165	It would fantastic to have something like this on north Mesa.	6/9/2022 12:06 PM
166	Need more recreational space for the whole community, not just school aged children, or YMCA where it's a small gym and a large monthly cost	6/9/2022 11:35 AM
167	<p>Youth and Adult Roller Derby in Los Alamos is exploding. It is an underrated sport that is invaluable to those who are involved in it. It uplifts athletes of all ages, sizes, and backgrounds and does more for mental health than many would think. Unfortunately it requires a specific amount of space to accommodate our track and a safe referee lane which existing LAPS gyms have not been able to provide. Having a large gym for community use means our teams could host sanctioned games when the weather fails us at our outdoor venue. We often have to look towards Taos, Espanola and ABQ for shelter. Having an indoor venue keeps Roller Derby and its associated revenue in Los Alamos. Thank you for considering ALL Los Alamos sports' needs in this endeavor.</p>	6/9/2022 11:02 AM
168	As so many community events (county residents) are often held at school facilities, it is imperative that the county participate in both planning for and funding these projects.	6/9/2022 10:53 AM
169	My kids are heavy in to school & community sports. Currently Los Alamos doesn't not have the infrastructure to support the needs. There middle school could also use an updated gym. The current one is old & does not have enough room for spectators. I been to many school gyms in the state & LAMS is definitely subpar in its current condition, accommodation & size.	6/9/2022 10:46 AM
170	We need a large space for today's needs and to plan for the future.	6/9/2022 10:45 AM
171	Sure wish you could find somewhere for an ice rink - for the high school team and the hockey programs in town!	6/9/2022 10:32 AM
172	We do not need to expand into more natural areas. Strongly opposed to the massive parking lot expansion into natural areas proposed for option B as it is entirely unnecessary.	6/9/2022 10:29 AM
173	Na	6/9/2022 10:26 AM
174	The largest site will definitely need its own parking and access to parking. Is that included in the proposal?	6/9/2022 10:10 AM

North Mesa Shared-Use Gymnasium

175	Definitely NOT option C. San I Rd can be busy and it wouldn't be safe to have kids and other pedestrians crossing in large numbers there. Also would like to maintain that open space and keep the gym closer to the school.	6/9/2022 9:59 AM
176	As an employee at the Middle School, I am supportive of this plan. We could certainly use the space during the school day for elective classes or as option for bad weather days during recess. Site A is located on campus and is off to the side and would use a field that is not used very much by students during recess. I worry about site B because it would interfere with traffic from parents picking-up or dropping of their students. It also looks like it would create some open areas behind the proposed gym and the front of the school that would be another area for staff to monitor. Site C has the advantage that it would not interfere with already existing traffic, however being off campus and having students having to cross a road to get to it causes concerns about safety. Parents regularly call students out of school for various reasons. If a student is located in this proposed Gym, it would take longer to get the student to the main office to meet their parent. Having the site C off campus also gives the need to have more supervision in the area by staff for students that might be ditching or up to other things not related to schools. I do think Site A is the best option for a small Gym is we could make that work. It would interfere less with how the building current runs (traffic, supervision from staff during lunch, etc). It also uses a space that is off to the side and an area that students will likely not miss as we have another field that students use more often during lunch.	6/9/2022 9:57 AM
177	Any additional space for recreational options in the county is positive.	6/9/2022 9:44 AM
178	North Mesa side has two parks where children are walking across street. Traffic impact should be taken into account. As well as a prominent neighborhood.	6/9/2022 9:42 AM
179	Do not try to put the additional costs on property owners through taxes. The county has plenty of money to afford it's total cost.	6/9/2022 9:36 AM
180	We should leave existing infrastructure in place like parking lots etc.	6/9/2022 9:28 AM
181	I like the idea of the large gym for the public and I believe the C side wouldn't interfere with the middle school parking lot.	6/9/2022 9:22 AM
182	This needs to not be consumed 100% with regular scheduled activities and given some priority to alternative non competitive activities, sports etc.	6/9/2022 9:12 AM
183	Option C seems to be the least intrusive of the three options presented. Traffic for the gymnasium from the south side will have the least impact on existing circulation and day to day functions at the Middle School.	6/9/2022 9:08 AM
184	This space would be utilized by the schools and county and serve a wide variety of the community.	6/8/2022 11:34 PM
185	I am the Sports Program Assistant at the YMCA and I strongly support a rec space such as this (preferably Program/Location C) which I believe would alleviate some of the limited gym usage problems the community has in terms of youth sports programs. I've been wanting something like this for a long time even outside of my interests as a YMCA sports program coordinator.	6/8/2022 11:03 PM
186	Ensure funds are not diverted from current needed facility maintenance/upgrades I.e. Los Alamos Middle school track surface is dangerous and in dire need of replacement. Thus ensure all sport programs have equitable quality of facilities.	6/8/2022 10:39 PM
187	Would make North Mesa a center of recreation for Los Alamos, with ball fields, stables, arena, trails, and now (maybe) a multi-use gym. Wow.	6/8/2022 9:48 PM
188	The voters said no, ask again , refund the grant money, We should be putting this in white rock along with a middle school	6/8/2022 9:45 PM
189	Traffic on and off the mess will be a safety hazard. Roads are already too congested. We will no longer have peaceful neighborhoods on the Mesa, which is one of the reasons why I choose North Mesa to buy a home.	6/8/2022 9:42 PM
190	I don't like the idea of the 'C' location. It doesn't seem like a safe option to have the gym separate from the rest of campus.	6/8/2022 9:19 PM
191	Please be forward thinking and proactive. We will outgrow both small and medium gyms quickly.	6/8/2022 8:54 PM

North Mesa Shared-Use Gymnasium

192	Nice to have. Don't really care.	6/8/2022 8:44 PM
193	This type of facility is greatly needed by the community in that location. Would like to see a similar one for future consideration for White Rock. Ar	6/8/2022 8:34 PM
194	Site A and B will create too many problems for drop off and lock and will require a parking lot redesign expense. Site C is heavily used wildlife area.	6/8/2022 8:30 PM
195	Why are building a gym when we need more housing?	6/8/2022 8:23 PM
196	We have plenty of gyms in town. Money could be better spent on upgrading existing buildings OR not spent at all.	6/8/2022 7:44 PM
197	This new space would be fantastic for roller derby! Our league is one of the only in the state and we could attract teams from elsewhere to our community if we had an indoor track like this!	6/8/2022 7:35 PM
198	Please bring all streets up to standard before sny more projects. Coyncil should be ashamed of the streets!	6/8/2022 7:31 PM
199	allow public to use occasionally	6/8/2022 7:16 PM
200	Really need this facility for the schools and the county	6/8/2022 7:01 PM
201	Look at other projects particularly those in CO that provide for multiple uses. Indoor soccer is needed badly. Use the economies of scale to get the right facility from the start.	6/8/2022 6:32 PM
202	Position would change to against if location moved to cite C.	6/8/2022 6:17 PM
203	We need more sports space in town. There are so many possibilities to be explored!	6/8/2022 6:13 PM
204	We need to improve the facilities that we have to offer for indoor recreation, for both youth and adults, but especially for our youth. I also hope that the venue will allow our junior roller derby team to practice and host other teams for games. Our roller derby league is a unique and very special organization that provides a supportive community to many youth who are thriving. Currently our team is traveling to Taos to host teams, because we don't have the appropriate space to play indoors.	6/8/2022 6:03 PM
205	N/A	6/8/2022 5:58 PM
206	I think LAPS should retain the ENTIRE space at site c, all the way to the baseball field.	6/8/2022 5:52 PM
207	Although it is too late for my children, it would be awesome for the next generation to have access to a facility like this for all kinds of activities that are COMMUNITY related (scouts, sports (not all are county or school sponsored, so hope these are included like YMCA and other teams), special olympics, etc. Also, I see many adult activities needing these kinds of facilities as well.	6/8/2022 5:30 PM
208	This is desperately needed to facilitate sports in Los Alamos. An overall win for Los Alamos!	6/8/2022 4:43 PM
209	why not put a new floor in the Pueblo complex gym and make use of that facility rather than sink millions into a new facility? Or do you just want to spend money like a teenager runs up daddy's credit card?	6/8/2022 4:08 PM
210	I don't want my property taxes to go up anymore than they are already.	6/8/2022 3:55 PM
211	Perhaps there is not a need for more space, but better managed space. I just can't trust the current County Community Services manager to run this space.	6/8/2022 3:41 PM
212	I am only supportive of this project if its the large program and built on site c. I am against taking away more space from the current LAMS campus. I am against a small and medium program because it doesn't bring much more than we already have available. The small and medium programs are just another basic gym option that we have in the county. A bigger multi use facility with more options is needed.	6/8/2022 3:34 PM
213	This type of space is desperately needed for our youth athletes. The students currently compete for gym space with so many other groups, that they often end up practicing from 7-9 at night because that is the only time available. Some teams are looking for gym space off the hill just so the kids can practice. Some just don't get to practice because of the lack of space for them. This facility will be a fantastic way to support our student athletes.	6/8/2022 3:32 PM

North Mesa Shared-Use Gymnasium

214	While recreation for all ages improves mental and physical health, I don't understand why an educated community accepts buildings without green design and adequate open space.	6/8/2022 3:30 PM
215	Need this for LA activities!	6/8/2022 3:19 PM
216	If 60% of the money is state funded grants, absolutely!!! Let them help us build a facility for the community!!! Please consider need for extra parking spaces in this project, as the current parking lot will not sustain this volume.	6/8/2022 3:18 PM
217	It's about time !	6/8/2022 3:15 PM
218	I viewed the powerpoint and then watched the video of the June 1 meeting. Thank you! Excellent presentation. I feel I understand the layout choices very well. I have several questions. 1. Perhaps I missed it, but why exactly if the bond issue was voted down, are we going ahead with the project? 2. What size project was voted down? 3. Will this provide the only indoor basketball courts available for public (not just school) use? I think the Y has a gym. Any others? I didn't answer the 1st question because I'm not familiar with other recreation facilities available in other parts of town. But it looks like the Middle School will have 2 gyms. So I guess I would lean towards the mid-size project - if the project should go forward at all. Again many thanks for your informative and clear presentation.	6/8/2022 3:08 PM
219	Don't do this.	6/8/2022 2:21 PM
220	It would be extremely helpful to present data on the needs of the community/schools - so that this facility can be designed properly - and then the Community can support it enthusiastically. Will the multi-use rooms be appropriate for the dance community? I see that these programs are extremely popular, but do not receive much public support (rental space, etc.). Can this facility help these folks? I suspect that an indoor track would get some use, but, there are few places in the US with as nice a climate and as great locations for outdoor running than Los Alamos - seems like an indoor track is not needed. Could the County provide information on the support provided to the community for various types of programs (sports, music, drama, rodeo, etc.) - this would help the community be much more able to support programs.	6/8/2022 2:20 PM
221	Regardless of scope, anything is better than the current situation	6/8/2022 2:03 PM
222	Parking must be designed in at this early stage, there are already times when parking at the school is inadequate (spilling on to informal areas along North Mesa Road and in the bike lanes of San Ildefonso Road	6/8/2022 1:56 PM
223	The whole thing has been badly managed, but it seems like the county paying for something that will be of little use to the community; adults can't be on campus during school hours, and youth need the space for after school practices and so forth. Where is the benefit for the community? Obviously the community benefits from our youth having access to resources, but no one has made a compelling argument for the expense coming from the county given the restrictions the public would have.	6/8/2022 1:51 PM
224	Dont put it in area C. Nice green space with a trail in it. Nor is it remotely level	6/8/2022 1:29 PM
225	Modify existing school facilities for these programs. Build affordable apartments for teachers to rent on school land.	6/8/2022 1:11 PM
226	North Mesa community would benefit from more county and community buildings in support of activities	6/8/2022 1:08 PM
227	As a resident of White Rock, I see limited benefit to white rock residents. It would take me 20+ minutes to get to this gym. I am perfectly fine with Los Alamos county using its budget to build a gym FOR exclusive use by los alamos public schools students. If the goal is to expand gym availability in Los Alamos county, something that I do support, then the North Mesa location is far from ideal. I'd rather see Los Alamos county build a gym in downtown los alamos or in downtown white rock. The impact on quality of life in los alamos would be far greater.	6/8/2022 12:45 PM
228	this would be a win-win for lac and laps. please build with as many amenities as possible. They will be used	6/8/2022 12:39 PM
229	Please! We need more court space in LA for our kids to play and practice.	6/8/2022 12:25 PM
230	As a homeowner/resident that lives on North Mesa, I am concerned about the additional traffic and load on our infrastructure. I value access to local trails and other recreation activities (disc	6/8/2022 12:01 PM

North Mesa Shared-Use Gymnasium

golf course), I am concerned this (and the housing project) will reduce my access and impact my ability to enjoy our door activities with my dogs

231	Just do it. Support the community	6/8/2022 11:46 AM
232	n/a	6/8/2022 9:17 AM
