

## **Donation Offer by Steve Foltyn of a Photograph by Minesh Bacrania of the Artists from the White Rock Pottery Replica Project**

### **APPB Recommendation:**

The APPB recommends Council accept a donation offer from Steve Foltyn to commission Minesh Bacrania to print and mount a photograph taken during the WR Pottery Replica Project. The photograph will be installed at the White Rock Visitor's Center.

### **Project Overview:**

Near the end of the White Rock Pottery Replica Project, Kate Nelson of "New Mexico Magazine" wrote an article about the pots and the artists. (The article was published in the November 2016 issue.) Photographs for the article (of the artists and the pots) were taken by Minesh Bacrania during a photo shoot at the Los Alamos Golf Course maintenance shed.

Steve Foltyn, former Chair of the Art in Public Places Board has offered to buy and donate an enlarged copy of one of the photographs to be installed at the White Rock Visitor's Center.

A photo-shopped image of the photograph showing its size and recommended location are provided below.

The APPB donation policy has been followed and the "Intent to Donate" Form is provided as Attachment C.
