Title

Bayo Canyon Composting Operation Update by Jack Richardson

Recommended Action Motion

N/A

Body

Jack Richardson, Deputy Utility Manager, will provide an update on the Composting Operation located at Bayo Canyon. Los Alamos County composts the biosolids from the waste water treatment plant and yard trimmings at this composting facility. This program allows the County to divert yard trimmings from the landfill and manager biosolids locally. The finished product is nutrient rich and available to all residents and businesses.
