

Council Meeting Staff Report

June 4, 2021

Agenda No.:

Indexes (Council Goals):

Presenters: Katie Leonard

Legislative File: 14376-21

Title

Establish Guidelines for LARES Meetings

Suggested Motion

Move to establish guidelines for Task Force and Subcommittee members as presented.

Or

Move to establish guidelines for Task Force and Subcommittee members as amended.

Body

LARES is a large group and the Task Force is delighted to welcome subcommittee members, members of the public and liaisons to LARES. However, in order to keep meeting schedules to the time allocated, it is important to keep the discussion focused on items on the agenda. Proposed for future LARES Task Force meetings is the following: subcommittee chair's reports should be brief, other subcommittee members may chime in if needed. This should be a brief report rather than an opening for a broader discussion. If more time is needed, this item can be requested to be added to a future agenda.
