Title

UAMPS/NuScale Presentation by Dr. Jose Reyes

Recommended Action Motion

No action required. This is a presentation with time for board member questions and receive answer from the UAMPS/CFPP/NuScale team.

Body

Dr. Jose Reyes will make a brief presentation regarding the small modular reactor up-rate and reactor fuel and then be available for questions. The attached letter provides a summary of the selection and development process of the nuclear fuel assembly used in the NuScale Power Module reactor as well as a summary of the NRC review process. Also, Mason Baker with UAMPS and Shawn Hughes, project director for the Carbon Free Power Project (CFPP) will be present to answer questions by the BPU.

Attachments

A - Letter from NuScale dated 10/26/21

A copy of Dr. Reyes' presentation was not available prior to publication of the meeting packet. A copy will be distributed to the board on November 17th or as soon as it is available.
