<b>Presenters:</b>	James Alarid
<b>Legislative File:</b>	14885-21

---

### **Title**

Quarterly Conservation Program Update (Rescheduled from 12/15/2022)

### **Recommended Action**

None

### **Body**

The Water and Energy Conservation Coordinator position was advertised this quarter and an offer has been made to the selected applicant. The position should be filled early in the new year, allowing our conservation program to be greatly expanded. One of the first assignments will be to update the existing conservation plan. Another is the implementation of the new customer portal included in the advanced metering infrastructure (AMI) project. We anticipate the portal to be online in the first quarter of 2022. The availability of 24/7 consumption data and the customer portal allowing customers to view their own consumption data provides a number of potential conservation opportunities.

### **Fiscal Impact**

None

### **Attachments**

None
