## What is the BPU?

The Board of Public Utilities (BPU) is the governing body of the Department of Public Utilities (DPU). Under the jurisdiction and control of the BPU, the DPU provides the county with electric, water, gas and wastewater services.

The BPU consists of five County Council-appointed voting members, and the Utilities Manager and County Manager as ex-officio members.

Through policy direction, the BPU guides the DPU senior management team to create a "high-performing community-centric utility contributing to its future with innovative and diversified utility solutions."

Members of the BPU work together with the DPU to serve and represent the interests of the whole community, regardless of a member's own personal preferences and beliefs.

## Who can apply?

To be eligible for appointment, an applicant must

- be 18 years or older;
- be a resident of the county for a minimum of one year prior to the date of appointment;
- be registered to vote in the county;
- not hold any public office or be an employee of the County government;
- not conduct any business with the DPU except as a consumer.

An LAC board cannot have a super majority of any one party. The current makeup of the BPU is three Democrats and two Republicans. Applicants can be registered as any party **except Democrat**.

## How long are the terms?

BPU members typically serve five-year terms, which begin on July 1st and end on June 30th. Member term expirations are staggered to provide continuity. Each member may reapply to serve an additional five-year term. A partial term does not count as a first term.
