

Los Alamos Senior Activity Center Security Gate Proposal

Artist:

Croix Williamson

Email:

Web: CroixFictionStudios.com

Description: Steel entryway portal with gateway opening. Made from 1in tubing and $\frac{3}{8}$ in steel plate hand-cut using oxy-acetylene to create a graphic image of natural landscape composition.

The landscape design of this piece is a humble representation of the natural wonder and beauty of the Los Alamos area. Steel is not only beautiful it is also a symbol of strength and endurance.

Dimensions:

Height 106"

Width 55 $\frac{3}{4}$ "

Depth 1"

Gate opening

Height 84"

Width 36"

Depth 1"

Approximate weight: 700 lbs

Materials: Steel

Installation: Entryway shall be bolted to the block walls using $\frac{1}{2}$ " concrete anchors.

Tools required: concrete drill, wrenches, level, forklift.

Materials needed: Concrete anchor bolts, anchoring adhesive.

(Artist can perform installation)

Timeframe: 6-8 weeks including installation.

Maintenance: Touch up paint to prevent rusting.

Safety: This project is expected to pose NO safety risks that are not to be expected from an average gate or doorway.

Price: \$28,000.00 (including installation)
